#### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Trustees of
The Catholic University of America:

#### Report on the financial statements

We have audited the accompanying consolidated financial statements of The Catholic University of America and subsidiaries (collectively, the "University"), which comprise the consolidated statements of financial position as of April 30, 2021 and 2020, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Catholic University of America and subsidiaries as of April 30, 2021 and 2020, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Supplementary information

Our audits as of and for the years ended April 30, 2021 and 2020 were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The financial responsibility schedule for the year ended April 30, 2021, as required by the U.S. Department of Education's Final Rule: Student Assistance General Provisions, Federal Family Education Loan Program, and William D. Ford Federal Direct Loan Program and the schedule of expenditures of federal awards for the year ended April 30, 2021, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the 2021 consolidated financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2021 consolidated financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the 2021 consolidated financial statements or to the 2021 consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the 2021 consolidated financial statements as a whole.

## Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated September 17, 2021, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Washington, D.C. September 17, 2021

Scent Thornton LLP

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

April 30, 2021 and 2020

#### **NOTE 1 - THE UNIVERSITY**

The Catholic University of America (the "University") is an independent institution of higher education located in Washington, D.C., offering programs of study leading to bachelor's, master's, and doctoral degrees in the liberal arts and sciences, religious studies, and several professional areas, including engineering, architecture, social service, nursing, music, law and Canon Law. Its 176-acre campus is located in northeast Washington, D.C., approximately two miles from the United States Capitol. The University is sponsored by the Roman Catholic Bishops of the United States.

The creation of the University as a national institute of learning was proposed by the Roman Catholic Bishops of the United States meeting at the Second Plenary Council in Baltimore in 1866. The University was formally established as a center for graduate studies in theology by the Third Plenary Council in Baltimore in 1884. On April 19, 1887, the University was formally incorporated under Chapter 18 of the Revised Statutes of the United States relating to the District of Columbia. In 2013, the University affirmed its exemption from the 2011 D.C.-Not-for-Profit-Corporation Act as a Congressionally charted institution of higher education. The University is vested with authority from the Holy See to grant the ecclesiastical degrees of Bachelor, Licentiate and Doctorate in Philosophy and Sacred Theology and Licentiate and Doctoral degrees in Canon Law.

There are approximately 380 full-time faculty members, along with approximately 3,100 undergraduate and 2,300 graduate students enrolled in the University.

The accompanying consolidated financial statements include the accounts of the University's separately incorporated subsidiaries, the Albert E. and Angela T. Farone Foundation, Inc. ("Farone Foundation") and the Catholic University of America Foundation ("CUA Foundation"). The Farone Foundation's Board of Directors is comprised of five members, four of whom are officers or staff of the University and one independent member. The Farone Foundation was originally established in 1965 and reincorporated in 1981. In 2009, the Farone Foundation Board of Directors affirmed that its net assets were to be used towards the charitable, scientific, educational, literary and/or religious purposes of the University and to provide scholarships to certain students attending the University. The CUA Foundation's Board of Directors is comprised of three officers of the University. The CUA Foundation was originally established in 1980 to operate exclusively to support the University and its members.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Accounting

The accompanying consolidated financial statements have been prepared using the accrual basis of accounting.

#### Consolidation

All significant intercompany accounts and transactions have been eliminated in the preparation of the accompanying consolidated financial statements.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities; (2) the disclosure of contingent assets and liabilities at the date of the financial statements; and (3) the reported amounts of revenues and expenses during the reporting period. Significant items subject to such estimates and assumptions include the determination of asset retirement obligations, allowances for doubtful accounts, obligations to annuitants under split-interest agreements, the allocation of costs amongst functional expense categories, the useful lives assigned to fixed assets, and the valuation of non-exchange-traded investments. Actual results could differ materially, in the near-term, from the amounts reported.

#### Measure of Operations

The accompanying consolidated statements of activities distinguish between operating and nonoperating activities. Operating activities principally include all revenues and expenses that are an integral part of the University's educational programs and supporting activities, certain contributions, federal and private grants and contracts, investment return pursuant to the University's spending policy, together with interest income on operating cash balances. Nonoperating activities include investment return (loss) in excess of amounts designated for current operations, contributions restricted in perpetuity and/or for capital purposes, changes in the value of split-interest agreements, capital campaign costs, and other activities which are considered to be nonrecurring in nature.

#### **COVID-19 Pandemic**

The COVID-19 pandemic, whose effects first became apparent in January 2020, is having broad and profound impacts on commerce and financial markets around the world. The extent of the impact of COVID-19 on the University's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak which at present, cannot be determined. Accordingly, the extent to which COVID-19 may impact the University's future consolidated financial position and changes in net assets and cash flows is uncertain.

#### **Income Taxes**

The University and its subsidiaries are recognized as exempt from federal income tax under Section 501(c)(3) of the U.S. Internal Revenue Code ("IRC"), except on activities unrelated to their exempt purposes. No provision for income taxes is required for the years ended April 30, 2021 and 2020, as the University had no material net unrelated business income. The University has processes presently in place to ensure the maintenance of its tax-exempt status, to identify and report unrelated income, to determine its filing and tax obligations in jurisdictions for which it has nexus, and to identify and evaluate other matters that may be considered tax positions. The tax years ended April 30, 2020, 2019, 2018, and 2017 are still open to audit for both federal and state purposes.

The University follows guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the financial statements if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. The University has determined that there are no material uncertain tax positions that require recognition or disclosure in its consolidated financial statements.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

## April 30, 2021 and 2020

# Cash Equivalents

All highly liquid investments with an original maturity at date of purchase of three months or less are considered to be cash equivalents. Cash equivalents include money market funds of \$5,859,000 and \$6,693,000 at April 30, 2021 and 2020, respectively.

#### Student Notes and Loans Receivable

The University records an allowance for doubtful accounts (credit losses) for the following student notes and loans receivables (in thousands):

	20	)21		2020					
	ceivable alance	Allo	wance		ceivable Salance	Allowance			
Perkins loans Other student notes and loans	\$ \$ 3,136 2,479		345 440	\$	3,984 2,560	\$	415 466		
Student notes and loans receivable	\$ 5,615	\$	785	\$	6,544	\$	881		

Management regularly assesses the adequacy of its allowance for credit losses by performing ongoing evaluations of the student loan portfolio including reviewing economic risks associated with each loan category. The University's Perkins loans receivable balance represents amounts due from current and former students under the Federal Perkins Loan program. Loans disbursed under the Federal Perkins Loan program are able to be assigned to the federal government in certain non-repayment situations. In these situations, the federal portion of the loan balance is guaranteed. Management believes that the allowance for credit losses at April 30, 2021 and 2020 is adequate to provide for credit losses inherent in the portfolio as of the reporting date.

On September 30, 2018, the authority for schools to make new loans under the Federal Perkins Loan program ended and final disbursements to students were permitted through June 30, 2019. The University does not plan to liquidate its Perkins Loan Fund and intends to assign the remaining loans outstanding to the U.S. Department of Education.

#### Investments

Purchased investments are stated at fair value. Purchases and sales are recorded on the trade date. All cash and money market funds held by investment managers are reported as investments. Investments acquired by gifts or bequests are reported at fair value or appraised value determined at the date of receipt.

#### **Property and Equipment**

Property and equipment are recorded at cost if purchased or constructed or fair value if acquired by gift. Certain costs associated with the financing of asset purchases or construction are deferred and amortized over the term of the financing arrangement in a method that approximates the interest rate method. Repairs and maintenance costs occurring in the normal course of business that do not extend the useful life of the underlying asset are expensed as incurred.

Depreciation is computed by the straight-line method using the half-year convention over the estimated useful lives of the assets. The estimated useful lives are: land and building improvements, 20 years; buildings, generally 40 years; leasehold improvements, shorter of the life of the lease or 10 years; and furniture, equipment, computer systems, and library books, 3 - 5 years.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

#### **Collections**

The University maintains a collection held for public exhibition, education and research in furtherance of the University's educational and public service mission. These collections, which were acquired through purchases and contributions since the University's inception, are not recognized as assets on the consolidated statement of financial position. Purchases of collection items are recorded as decreases in net assets without donor restrictions in the year in which the items are acquired or as net assets with donor restrictions if the assets used to purchase the items are restricted by donors. Proceeds from deaccessions or insurance recoveries are reflected as increases in the appropriate net asset category. There were no deaccessions during the years ended April 30, 2021 and 2020.

#### Refundable Advances from the U.S. Government

Funds provided by the United States Government under the Federal Perkins Loan and the Nursing Student Loan Programs are loaned to qualified students and may be reloaned after collection. Such funds are ultimately refundable to the U.S. Department of Education.

#### Fair Value of Financial Instruments

Fair value accounting standards established a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined below. All fair value amounts and disclosures are classified according to the following framework:

- Level 1 Fair value is based upon unadjusted, quoted prices for identical assets or liabilities in active, accessible markets;
- Level 2 Fair value is based upon either quoted prices for identical assets in an inactive market or similar items in active/inactive markets; and
- Level 3 Fair value is based upon other unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset/liability.

In general, for Level 2 and Level 3 investments, the University utilizes the respective investment manager of the asset to provide a valuation estimate based on techniques discussed later and processes which have been reviewed by management for propriety and consistency with consideration given to asset type and investment strategy. Management makes best estimates based on the information available. The following estimates and assumptions were used to determine the fair value of each class of financial instruments. There were no changes in the fair value methodology, levels, or classification of investments during the year ended April 30, 2021.

# Financial Instruments Measured at Fair Value on a Recurring Basis

The University determines the fair value of its deposits with bond trustee and investments in publicly traded securities and foreign currency using quoted market prices from active markets as of the reporting date.

The fair value of investments in equity securities is based on available closing prices in an active market. The fair value of investments in debt securities is based upon the price of similar issues in an active market. The fair value of investments in limited partnerships and private equity, venture capital, natural resource and hedge funds is determined by using the University's percentage of ownership interest in each of the investments and the estimated fair value. The general partner determines the estimated fair value of a partnership based upon the fair value of the partnership's investments and discloses that value in its annual audited financial statements.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

The valuation process for these investments is subject to review and oversight by management. In connection with this process, management reviews the details of the information obtained from the investment company and considers: (i) the measurement date; (ii) the basis of accounting; and (iii) other information obtained during the year through investment monitoring procedures. The University may adjust the obtained fair value for outside inputs such as the cash activity since the date of the annual audited financial statements, agreement restrictions, secondary market considerations, and any liquidity constraints.

Fair value measurement accounting guidance requires that for all Level 3 fair value measurements, the disclosure of quantitative information about significant unobservable inputs used be provided. An exception to providing additional quantitative measures is allowed when the University is using unadjusted third-party pricing and net asset valuation ("NAV"), assuming that additional quantitative information is provided with regard to the University's valuation process to obtain comfort with the third-party prices provided. A discussion of the process is described below with the other required NAV disclosures and therefore the University intends to adhere to this exception.

During fiscal year 2009, the University entered into a transfer agreement with an unrelated party to develop the University's South Campus, which was comprised of five parcels of land. Two of the parcels were subsequently sold and the remaining three parcels are held as long-term ground leases. These land parcels under lease agreements are included in investments as investment properties and reported at fair value. The fair value of the University's real estate investment properties is calculated based on the most recent rates from negotiations with buyers and development partners. Real estate assets are included in Level 3 as significant unobservable inputs and management's judgment is used in the valuation process. As of April 30, 2021 and 2020, respectively, \$36,977,000 and \$36,766,000 of the University's real estate investments fair value are not based upon NAV. Quantitative information about Level 3 fair value measurements not based upon NAV are as follows for the years ended April 30, 2021 and 2020:

	Valuation Technique	Unobservable Input	Effect
Real estate - land parcels under lease agreements	Discounted cash flow	Capitalization rate	2.80%-4.15%

Changes in any of the significant inputs presented in the table above may result in a significant change in the fair value measurement of the real estate assets as of the reporting date.

#### Financial Instruments Measured at Fair Value on a Non-Recurring Basis

The University determines the fair value of its contributions receivable on the date of receipt and split-interest agreement assets and liabilities through an evaluation of what price could be obtained to sell those assets or transfer those liabilities. Therefore, the University has discounted its contributions receivable and split-interest agreement assets and liabilities received during the years ended April 30, 2021 and 2020 based on a discount cash flow methodology using a discount rate that is commensurate with the risks involved. Once assigned, discount rates are not subsequently revised.

The University determines the fair value of its asset retirement obligations through an evaluation of what price could be obtained to sell the related assets or transfer those liabilities. In accordance with fair value accounting standards, the University has determined that any new asset retirement obligations incurred would be transferred at pricing similar to borrowing rates available to the University.

## April 30, 2021 and 2020

The activity for the Level 3 investments is as follows for the year ended April 30, 2020 (in thousands):

	Beginning Balance at April 30, 2019		Total Gain (Loss)		Purchases		Sales		Transfers In/Out of Level		Ending Balance at April 30, 2020		Change in Unrealized Gain (Loss) for Positions Still Held	
Level 3 Assets: Real estate Interest in perpetual trusts	\$	35,270 2,550	\$	1,500 (687)	\$	-	\$	-	\$	-	\$	36,770 1,863	\$	1,500 (687)
Total	\$	37,820	\$	813	\$	-	\$		\$		\$	38,633	\$	813

The gains and losses (realized and unrealized) reported above for investments for the years ended April 30, 2021 and 2020 are included in Investment Return in Excess of (Less Than) Amounts Designated for Current Operations on the accompanying consolidated statements of activities.

As a practical expedient, the University is permitted under U.S. GAAP to estimate the fair value of an investment at the measurement date using the reported NAV without further adjustment unless the entity expects to sell the investment at a value other than NAV or if the NAV is not calculated in accordance with U.S. GAAP. The University's investments in private equity and hedge funds are reported at fair value based on the most current NAV, adjusted through April 30, 2021 and 2020.

The University performs additional procedures including due diligence reviews on its investments in investment companies and other procedures with respect to the capital account or NAV provided to ensure conformity with U.S. GAAP. The University has assessed factors including, but not limited to, managers' compliance with relevant fair value measurement standards, price transparency and valuation procedures in place, the ability to redeem at NAV at the measurement date, and the existence of certain redemption restrictions at the measurement date.

The NAV and redemption information for these investments as of April 30, 2021 and 2020 are as follows (in thousands):

		20	21					
Category		air Value	_	nfunded nmitments	Fa	2020 air Value	Redemption Frequency	Redemption Notice Period

<sup>(2)</sup> Investments include commodities, natural resources, real estate, and domestic and international marketable alternatives.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

The University has made commitments to various private equity funds. Unfunded commitments totaled \$35,929,000 and \$32,878,000 at April 30, 2021 and 2020, respectively. The University expects the unfunded commitments as of April 30, 2021 to be called over the next 10 to 12 years. Distributions related to these equity funds are expected over the next 14 to 16 years, as the underlying assets are sold.

#### **Net Assets**

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the University and changes therein are classified and reported as follows:

Without Donor Restrictions: Net assets without donor restrictions are available for use at the discretion of the Board of Trustees (the "Board") and/or management for general operating purposes. Items that affect this net asset category primarily consist of fees for service and related expenses associated with the core activities of the University such as instruction and certain sponsored research. From time to time, the Board designates a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion. For example, the Board has designated a portion of net assets without donor restrictions as a quasi-endowment (an amount to be treated by management as if it were a part of the donor-restricted endowment) for the purpose of securing the University's long-term financial viability.

With Donor-Restrictions: Net assets with donor restrictions are subject to donor-imposed stipulations that either expire by passage of time or that can be fulfilled by actions of the University pursuant to those stipulations. Also included in this category are certain net assets subject to donor-imposed stipulations that they be maintained in perpetuity by the University, the earnings from which are subject to the Board-approved spending policy and available for general or specific purposes as stipulated by the respective donors of such funds.

Revenues from sources other than contributions are reported as increases in net assets without donor restrictions unless use of the related assets is limited by express donor-imposed restrictions.

#### Net Asset Reclassifications

Net asset reclassifications represent amounts that change net asset classification due to meeting the dollar threshold to qualify as an endowment, liquidation of annuities after the death of the respective donor/annuitant, or a change or a clarification in the donor's restriction on a gift.

#### Revenue Recognition

The University generates revenues principally from: (i) student tuition and fees; (ii) contracts and grants; (iii) contributions; and (iv) sales and services from auxiliary enterprises.

#### Tuition and Fees and Sales and Services from Auxiliary

The University has various revenue streams that revolve mainly around student enrollment and instruction. Revenue is generated principally through tuition, housing, meals, and various fees associated with enrollment in the University and recognized over time as the University provides the related goods and services. The University also hosts several collaborative learning curricula and summer seminars for students/non-students throughout the year that provide other sources of revenues. This also includes study abroad opportunities at the University's Rome, Italy location. Generally, enrollment and instructional services are billed when a course or term begins and paid within 30 days of the bill date.

Revenue is also generated through late fees and payment plan fees for tuition payments, as well as from various parking facilities and vending machines across campuses. Generally, this revenue is recognized

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

#### April 30, 2021 and 2020

when the fee is charged to the student, which coincides with the completion of the specific performance obligation to the student.

The University awarded \$103,859,000 and \$101,965,000 in merit and need-based scholarships and tuition waivers to its students for the years ended April 30, 2021 and 2020, respectively.

In the following table, revenue is disaggregated by type of services provided for the years ended April 30, 2021 and 2020 (in thousands):

	2021			2020		
Student tuition and fees Less: scholarship allowance	\$	210,109 (103,859)	\$	222,181 (101,965)		
Student tuition and fees, net	\$	106,250	\$	120,216		
Housing Meals Conference services Other	\$	8,302 5,243 64 1,192	\$	15,263 13,197 1,387 606		
Sales and services of auxiliary enterprises	\$	14,801	\$	30,453		

The University has elected, as a practical expedient, not to disclose additional information about unsatisfied performance obligations for contracts with customers that have an expected duration of one year or less.

#### **Contracts and Grants**

The University has projects under cost reimbursable contracts and grants with the U.S. government and private sponsoring entities. These contracts and grants are for various activities performed by the University, including research and education programs.

The University recognizes government and private contracts and grants as either contributions or exchange transaction revenues, depending on whether the transaction is reciprocal or nonreciprocal. For contributions, revenue is recognized when a contribution becomes unconditional. Typically, contract and grant agreements contain a right of return or right of release from the respective obligation provision on the part of the grantor and the University has limited discretion over how funds transferred should be spent. As such, the University recognizes revenue for these conditional contributions when the related barrier to entitlement has been overcome.

For contracts and grants treated as exchange transactions, the University has a right to consideration from the sponsoring organization in an amount that corresponds directly with the value to the sponsoring organization of the University's performance completed to date (costs incurred). For these agreements, the University recognizes revenue in the amount to which the University has the right to invoice. Of the total federal and private grants and contracts, approximately 31% and 35% were considered exchange transactions for the years ended April 30, 2021 and 2020, respectively.

For contracts and grants treated as non-exchange transactions, the University had approximately \$23,210,000 and \$22,346,000 in unrecognized conditional contributions as of April 30, 2021 and 2020, respectively. The revenue related to these awards is conditioned on incurring allowable expenditures under the terms of the agreements.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

For exchange transactions associated with contracts and grants, which are recognized based on the right to invoice, the University has elected the practical expedient not to disclose information about unsatisfied performance obligations.

#### **Contribution Revenue**

Contributions are reported as increases in the appropriate category of net assets. If a donor restriction is fulfilled in the same time period in which the contribution is received, the amount of the support is reported as net assets without donor restrictions. Expenses are reported as decreases in net assets without donor restrictions. Investment income is reported as increases or decreases in net assets without donor restrictions unless its use is restricted by explicit donor stipulations or by law. Expirations of time or purpose restrictions recognized on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions. Restrictions on gifts to acquire long-lived assets are considered met in the period in which the assets are acquired or placed in service.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the date of gift. Contributions to be received after one year are discounted at a rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue and used in accordance with donor-imposed restrictions, if any, on the contributions. An allowance is made for uncollectible contributions based upon management's judgment and analysis of the creditworthiness of the donors, past collection experience and other relevant factors. Contributions that are restricted in perpetuity or restricted for capital purposes are recorded in nonoperating activities on the consolidated statement of activities.

Contributed services are only recognized for those services that would need to be purchased by the University if not otherwise provided by donation, require specialized skills, and are provided by individuals with those skills. For the years ended April 30, 2021 and 2020, the University recognized \$0 and \$44,000, respectively, of contributed legal services.

From time to time, the University receives contributions from its Board members and organizations affiliated with its Board members. For the years ended April 30, 2021 and 2020, such contributions recognized by the University totaled approximately \$14,741,000 and \$34,197,000, respectively. The University has outstanding unconditional pledges made by its Board members and related organizations totaling \$33,727,000 and \$25,823,000, respectively. In addition, the University has outstanding conditional pledges made by its Board members and organizations affiliated with them totaling \$26,255,000 and \$13,300,000, respectively (also see Note 4).

#### Deferred Revenue

Deferred revenue at April 30, 2021 and 2020 totaling \$4,380,000 and \$7,287,000, respectively, represents the University's performance obligations to transfer future enrollment and instructional services to students and to fulfill future services to sponsoring granting agencies for cost reimbursable contracts and grants. For the years ended April 30, 2021 and 2020, the University recognized revenue of \$7,287,000 and \$7,721,000, respectively, from amounts that were included in deferred revenues at the beginning of the respective year. The changes in deferred revenues were caused by normal timing differences between the satisfaction of performance obligations and customer and sponsoring organization payments.

#### Concentration of Credit Risk

The University places its cash and short-term investments in money market mutual funds and bank overnight deposits with various financial institutions. Cash and cash equivalent balances are in excess of

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

the Federal Deposit Insurance Corporation insurance limit. The University has not experienced any losses on its cash and cash equivalents. The University has also invested its excess cash in a diversified, short-term, investment grade, tax-exempt bond fund that is classified under money market funds and short-term investments.

Tuition receivables are not collateralized; however, credit risk is minimized as a result of the diverse nature of the University's student base. The University establishes an allowance for doubtful accounts based upon historical collection trends and other information.

#### Reclassifications

Certain amounts from the prior year have been reclassified to conform to the current year presentation. Specifically, the University reclassified endowment investment return designated for current operations on the consolidated statement of activities as of April 30, 2020. There were no changes to total assets, liabilities, net assets, revenues, expenses or changes in net assets as previously reported in the fiscal 2020 financial statements.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

#### NOTE 3 - LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

Financial assets available within one year of the consolidated statements of financial position as of April 30, 2021 and 2020 for general expenditure, such as operating expenses, scheduled principal payments on debt, and capital construction not financed with debt, are as follows (in thousands):

	 2021	 2020
Financial assets available: Cash and cash equivalents Students fees and other accounts receivable, net U.S. government and other agencies accounts receivable, net Contributions receivable, net Investments	\$ 39,624 8,041 4,298 65,955 484,915	\$ 20,810 7,744 7,299 63,535 402,476
Total available financial assets	602,833	501,864
Less: Amounts unavailable for general expenditures within one year due to:		
Contributions receivable, due after one year Investments supporting operations, not readily marketable Restricted by donors for time and purpose Donor-restricted endowment to be held in perpetuity	(23,226) (52,557) (211,908) (130,887)	(36,680) (49,262) (122,594) (126,287)
Total amounts unavailable for general expenditures within one year	(418,578)	(334,823)
Amounts unavailable to management without Board approval: Funds functioning as endowment (quasi-endowment) Board-designated reserves	 (113,452) (12,700)	 (90,302) (12,700)
Total amounts unavailable for general expenditures within one year	(126,152)	 (103,002)
Total available financial assets to management for general expenditure within one year	\$ 58,103	\$ 64,039

A significant portion of the University's annual expenditures are supported by current-year operating revenues including student tuition and fees, grants and contracts, and sales and services of auxiliary enterprises. The University has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. As part of its liquidity management, the University invests cash in excess of daily requirements in short-term investments and money market funds. The University's investments also contain certain investments that may not be readily available (convertible to cash) given the nature of the investment.

Income from donor-restricted endowments that is restricted for specific purposes is not available for general expenditure. As described in Note 6, the University's board-designated endowments are subject to an annual spending rate. Although the University does not intend to spend from its board-designated endowment (other than amounts appropriated per the Board's annual spending rate approval), such amounts, which total approximately \$113,452,000 as of April 30, 2021, could be made available if necessary.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

## April 30, 2021 and 2020

The University also maintains a line of credit of \$25,000,000 that can be drawn upon during the year, as needed, to manage cash flows. As of April 30, 2021, there were no amounts outstanding on the line of credit.

#### **NOTE 4 - CONTRIBUTIONS RECEIVABLE, NET**

Contributions receivable, net, at April 30, 2021 and 2020 are summarized as follows (in thousands):

	2021		2020	
Unconditional promises expected to be collected in: Less than one year One year to five years Over five years	\$	42,729 24,884 2,566	\$	27,452 35,343 4,242
		70,179		67,037
Less: unamortized discount on contributions receivable		(3,000)		(2,044)
Net present value of contributions receivable		67,179		64,993
Less: allowance for uncollectible contributions		(1,224)		(1,458)
Contributions receivable, net	\$	65,955	\$	63,535

The University discounted contributions receivable using rates ranging between 0.3% and 4.9% and between 0.4% and 3.1% at April 30, 2021 and 2020, respectively. The University has outstanding conditional pledges totaling \$37,411,000 and \$30,895,000 at April 30, 2021 and 2020, respectively. The condition for these pledges specifies that certain criteria be met, and information be provided back to the donor before the next installment can be received. The University recognized revenue related to these conditional pledges of \$14,480,000 and \$33,361,000 during the years ended April 30, 2021 and 2020, respectively, following satisfaction of the donor-stipulated conditions. The University also has been named as a beneficiary of numerous wills and trusts as of April 30, 2021 and 2020. The University does not recognize such bequests as contribution revenue until they become unconditional, irrevocable promises to give.

The University is a named beneficiary of certain trusts administered by various financial institutions. The estimated net present value of the expected future cash flows, which approximates the University's reported fair value of its interest in the trusts, totals \$15,100,000 and \$11,803,000 at April 30, 2021 and 2020, respectively, and is reflected as a part of contributions receivable. Changes in the University's interest in the value of the trust assets are recognized as restricted changes in the value of split-interest agreements.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

#### April 30, 2021 and 2020

#### **NOTE 5 - INVESTMENTS**

Investment by function at April 30, 2021 and 2020 are as follows (in thousands):

	2021			2020		
Endowment	\$	337,095	\$	263,271		
Financial reserves		106,130		98,798		
Real estate (Level 3 holding)		36,980		36,770		
Other		4,710		3,637		
	\$	484,915	\$	402,476		

Financial reserves consist of non-endowed funds of the University managed to support long-term financial objectives and provide a base of liquidity, and includes the Board-designated operating reserve (Note 8).

#### **NOTE 6 - ENDOWMENT**

The University's endowment includes both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. As required by U.S. GAAP, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The University has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce an average rate of return of more than 5% as measured over rolling five-year periods within risk levels defined by the Trustees. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate-of-return objectives, the University relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The University targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The University has a policy of appropriating for distribution each year 4.5% of its endowment fund's average fair value over the prior 12 quarters through the fiscal year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the University considered the long-term expected return on its endowment. During fiscal years 2021 and 2020, the Board also appropriated an additional payout of \$17,668,000 and \$17,675,000, respectively, from its financial reserves to support various University initiatives and central University operations and is recorded as part of other investment return designated for current operations on the accompanying consolidated statements of activities.

The Uniform Prudent Management of Institutional Funds Act ("UPMIFA") and accounting standards related to net asset classification guides endowment reporting. The University's Board of Trustees has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the respective donor-restricted endowment fund absent explicit donor stipulations to the contrary. As a result of this interpretation, the University classifies as net assets with donor restrictions (i.e., part of its permanent endowment): (a) the original value of gifts donated; (b) the original value of subsequent gifts; and (c) income accumulations, if specified by the applicable donor gift instrument.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

#### April 30, 2021 and 2020

The University appropriates for expenditure annually a portion of its donor-restricted endowment fund in a manner consistent with the standard of prudence prescribed by UPMIFA. The University considers the following factors in setting its annual spending rate:

- The duration and preservation of its endowment fund;
- The purposes of the University and its donor-restricted endowment fund;
- · General economic conditions;
- The possible effect of inflation and deflation;
- The expected total return from income and the appreciation of endowment investments;
- Other resources of the University; and
- The investment policies of the University.

The endowment consists of the following as of April 30, 2021 and 2020 (in thousands):

	Without Donor Restrictions	With Donor Restrictions	Total
Donor-restricted endowment funds Board-designated endowment funds	\$ - 113,452	\$ 223,643	\$ 223,643 113,452
Total endowment funds	\$ 113,452	\$ 223,643	\$ 337,095
		2020	
	Without Donor	With Donor	
	Restrictions	Restrictions	Total
Donor-restricted endowment funds Board-designated endowment funds	\$ - 90,302	\$ 172,969 -	\$ 172,969 90,302
Total endowment funds	\$ 90,302	\$ 172,969	\$ 263,271

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or D.C. UPMIFA requires the University to retain as a fund of permanent duration. The University has interpreted D.C. UPMIFA to permit spending from underwater funds in accordance with the prudent measures required under law. In accordance with accounting guidance for not-for-profit organizations, deficiencies of this nature are reported in net assets with donor restrictions. As of April 30, 2021 and 2020, funds with an original gift value of \$1,385,000 and \$11,870,000 were underwater by \$69,000 and \$455,000, respectively.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

#### April 30, 2021 and 2020

By net asset classification, the University had the following endowment-related activities for the years ended April 30, 2021 and 2020 (in thousands):

	2021					
	Without Donor Restrictions		With Donor Restrictions			Total
Endowment net assets, beginning of year	\$	90,302	\$	172,969	\$	263,271

#### NOTE 7 - SPLIT-INTEREST AGREEMENTS AND INTERESTS IN TRUSTS

The University has established a planned giving program that benefits both the University as well as other donor-stipulated beneficiaries. Contributions of this nature to the University are termed split-interest agreements and include: perpetual trusts, charitable lead and remainder trusts, and charitable gift annuities.

# Split-Interest Agreements

The University has certain assets pertaining to charitable remainder trusts included in its investment portfolio. The trust agreements stipulate annuity payments to the beneficiaries based on agreed upon rates. The liabilities associated with these annuity payments are recorded as split-interest agreements in the accompanying consolidated statements of financial position. The University discounted its split-interest liabilities using rates ranging between 1.2% and 6.2% at both April 30, 2021 and 2020. Changes in the values of the trusts and liabilities are recorded as changes in the value of split-interest agreements in the consolidated statement of activities.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

#### April 30, 2021 and 2020

The activity for the split-interest agreement liabilities for the years ended April 30, 2021 and 2020 is as follows (in thousands):

	2021			2020		
Split-interest agreement liabilities, beginning of year New gifts Change in value	\$	1,712 - (58)	\$	1,750 42 (80)		
Split-interest agreement liabilities, end of year	\$	1,654	\$	1,712		

### Perpetual Trusts

The University is named as a beneficiary of four perpetual trusts administered by independent financial institutions. The estimated present value of the expected future cash flows, which approximates the University's value of its interest in the trusts, totals \$2,452,000 and \$1,863,000 at April 30, 2021 and 2020, respectively. The trusts are recognized as assets and as part of "Net assets with donor restrictions" in the accompanying consolidated financial statements. The University's share of the change in the fair value of the trusts' assets is recognized as investment income with donor restrictions. Interest and dividends distributed from the trusts are recorded as investment income with or without donor restrictions based on donor stipulations, if any.

#### Charitable Gift Annuities

The University maintained adequate reserves pertaining to its outstanding charitable gift annuity agreements in accordance with the Code of Maryland Regulations as of April 30, 2021 and 2020.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

#### **NOTE 8 - NET ASSETS WITHOUT DONOR RESTRICTIONS**

The University's net assets without donor restrictions is comprised of undesignated and Board-designated amounts for the following purposes at April 30 (in thousands):

	2021		2020	
Funds functioning as endowment (quasi-endowment): Scholarships Farone Foundation Program and general support	\$	7,176 13,262 36,855	\$	7,126 13,262 37,035
Total funds functioning as endowment (quasi-endowment)		57,293		57,423
Accumulated earnings subject to spending policy: Scholarships Farone Foundation Program and general support		6,282 26,089 23,788		3,441 18,043 11,395
Total accumulated earnings subject to spending policy		56,159		32,879
Board-designated operating reserve Net investment in property and equipment Undesignated and for other operating purposes		12,700 159,278 52,067		12,700 155,607 56,734
Total net assets without donor restrictions	\$	337,497	\$	315,343

In 2019, the Board formally established an operating reserve to build and maintain an adequate level of net assets without donor restrictions to support the University's day-to-day operations in the event of an unforeseen shortfall and to support one-time, nonrecurring expenses that build long-term capacity at the discretion of the Board. During the years ended April 30, 2021 and 2020, the Board designated \$0 and \$9,700,000, respectively, of the operating surplus without donor restrictions from current year activities to the operating reserve. The operating reserve totaled \$12,700,000 as of April 30, 2021 and 2020, respectively. In addition, net assets that are undesignated and for other operating purposes consist of the University's general reserve that may be used at the discretion of management to support scholarships, academic initiatives, capital projects, and general operations.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

# NOTE 9 - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted for the following purposes at April 30 (in thousands):

	2021	2020
Donor-restricted endowment to be held in perpetuity:		
Scholarships	\$ 64,704	\$ 61,679
Program and general support	65,182	63,607
CUA Foundation	 1,001	 1,001
Total donor-restricted endowment to be held in perpetuity	130,887	126,287
Accumulated earnings subject to spending policy:		
Scholarships	49,006	25,346
Program and general support	43,352	21,228
CUA Foundation	 398	 108
Total accumulated earnings subject to spending policy	92,756	46,682
Restricted for specific purposes or time:		
Scholarships	17,024	16,921
Program support	55,511	41,439
Facilities	40,684	35,743
Student loans	2,614	2,618
Split-interest agreements	19,001	15,026
Time restricted	 11,915	 9,977
Total restricted for specific purpose or time	 146,749	 121,724
Total net assets with donor restrictions	\$ 370,392	\$ 294,693

# NOTE 10 - PROPERTY AND EQUIPMENT, NET

Property and equipment at April 30, 2021 and 2020 are summarized as follows (in thousands):

	2021			2020		
Land Buildings and building improvements	\$	23,525 443,636	\$	23,525 372,022		
Building retirement costs		2,556		2,750

Furniture, equipment, computer systems, and library books		96,524		92,172		
		602,653		557,428		
Less: accumulated depreciation		(287,040)		(271,770)		
Property and equipment, net	\$	315,613	\$	285,658		

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

## April 30, 2021 and 2020

Included in construction work-in-process at April 30, 2021 and 2020 are costs associated with the renovation of certain University academic buildings, renovation of the recreational center, and improvements to campus energy systems.

During the year ended April 30, 2013, the University leased a portion of its land to an independent party. The land is recorded at fair value and is included in investments. The fair value of the leased land totals \$36,977,000 and \$36,766,000 at April 30, 2021 and 2020, respectively (see also Note 2).

In accordance with accounting standards for costs of computer software developed or obtained for internal use, the University has capitalized certain internal labor costs for time incurred on the application development stages of these projects. Capitalized internal labor costs totaled \$4,971,000 and \$1,165,000 at April 30, 2021 and 2020, respectively.

In accordance with conditional asset retirement obligation accounting standards, as of April 30, 2021 and 2020, the University has capitalized \$2,556,000 and \$2,750,000 of asset retirement costs, respectively, with accumulated depreciation balances of \$2,400,000 and \$2,577,000, respectively. The asset retirement obligation as of April 30, 2021 and 2020 totals \$10,706,000 and \$10,222,000, respectively, and is recorded as a liability on the accompanying consolidated statements of financial position. The University's asset retirement obligations are primarily associated with the cost and removal of asbestos and lead paint and asset decommissioning identified in University-owned properties.

The activity for the asset retirement obligations for the years ended April 30, 2021 and 2020 is as follows (in thousands):

	2021			2020		
Asset retirement obligations, beginning of year Accretion expense	\$	10,222 484	\$	9,757 465		
Asset retirement obligations, end of year	\$	10,706	\$	10,222		

#### **NOTE 11 - INDEBTEDNESS**

Indebtedness at April 30, 2021 and 2020 consists of the following (in thousands):

	Scheduled Maturities	Ending Interest Rate	2021 Amount Outstanding		Amount A	
Tax exempt bonds						
2018 Series District of Columbia Revenue Bonds	Oct. 1, 2038	Fixed 5.00%	\$	56,350	\$	57,675
2017C Series District of Columbia Revenue Bonds	Oct. 1, 2034	Fixed 2.83%		15,420		16,315
2017B Series District of Columbia Revenue Bonds	Oct. 1, 2047	Fixed 4.00%		58,400		58,400
2017A Series District of Columbia Revenue Bonds	Oct. 1, 2029	Fixed 2.87%		20,155		22,085
2015 Series District of Columbia Revenue Bonds	Oct. 1, 2037	Fixed 2.78%		33,815		34,065
Total bonds payable				184,140		188,540
Unamortized bond premium				10,885		11,286
Unamortized issuance costs				(2,756)		(2,901)
Total indebtedness			\$	192,269	\$	196,925

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

#### April 30, 2021 and 2020

The foregoing bonds as of April 30, 2021 are payable as follows (in thousands):

2022 2023 2024	\$ 4,550 4,725 4,870
2025	4,235
2026 Thereafter	 4,380 161,380
	184,140
Add: unamortized bond premium and issuance costs, net	 8,129
Total indebtedness	\$ 192,269

Interest expense for the years ended April 30, 2021 and 2020 totaled approximately \$4,828,000 and \$5,282,000, respectively. The capitalized interest for the years ended April 30, 2021 and 2020 totaled \$5,820,000 and \$3,357,000, respectively. Management believes that the University was in compliance with all debt covenants as of April 30, 2021 and 2020. Cash paid for interest totaled approximately \$7,706,000 and \$7,402,000 for the years ended April 30, 2021 and 2020, respectively.

#### Series 2018 Bonds

In November 2018, the University issued \$58,820,000 District of Columbia Tax Exempt Revenue Bonds Series 2018 for the purpose of construction-related projects on the University's campus and to repay the Series 2010 Bond then outstanding balance.

Covenants of the Series 2018 Bonds loan agreement require the University to maintain liquid net assets without donor restrictions with a value which is equal to at least 80% of the outstanding principal amount of all long-term indebtedness which is on parity with the Series 2018 Bonds.

#### Series 2017 Bonds

In November 2017, the University issued \$17,335,000 District of Columbia Tax Exempt Private Placement Bond Series 2017C refinancing a portion of the then outstanding District of Columbia Revenue Bonds Series 2010.

In November 2017, the University issued \$58,400,000 District of Columbia Tax Exempt Revenue Bonds Series 2017B for the purpose of construction related projects on the University's campus.

In April 2017, the University issued \$27,555,000 District of Columbia Refunding Revenue Bonds Series 2017A for the purpose of refunding a portion of the then outstanding District of Columbia Revenue Bonds Series 2007.

Covenants of the Series 2017 Bonds loan agreements require the University to maintain liquid net assets without donor restrictions with a value which is equal to at least 80% of the outstanding principal amount of all long-term indebtedness which is on parity with the Series 2017 Bonds.

#### Series 2015 Bonds

In December 2015, the University issued \$35,065,000 District of Columbia Refunding Revenue Bonds Series 2015 for the purpose of refunding a portion of the then outstanding District of Columbia Revenue Bonds Series 2007.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

Covenants of the Series 2015 Bonds loan agreement require the University to maintain liquid net assets without donor restrictions with a value which is equal to at least 80% of the outstanding principal amount of all long-term indebtedness which is on parity with the Series 2015 Bonds.

#### Lines of Credit

As of April 30, 2021, the University had one line of credit totaling \$25,000,000. At April 30, 2021, none of the line of credit is drawn, and therefore all is available to the University for future financing. Draws on the \$25,000,000 line of credit are payable in monthly installments of principal and interest. The interest rate on the line of credit is based on a rate of interest per annum which is at all times equal to the sum of either the Base Rate plus 1.10% or LIBOR plus 1.10%. The line of credit matures on February 26, 2022. As of April 30, 2020, the University had one line of credit totaling \$9,000,000, which expired and was not renewed. No draws were outstanding on this line at April 30, 2020.

#### **NOTE 12 - EMPLOYEE BENEFIT PLANS**

Eligible employees of the University may participate in a contributory pension and retirement plan administered by the Teachers Insurance and Annuity Association and College Retirement Equities Fund. Under this plan, contributions are fully vested and are transferable by the employees to other covered employer plans. Participating employees can contribute a percentage of their base salary not to exceed the maximum amount allowed by IRC Section 415. Eligible employees may contribute 0.0%, 2.5%, or 5.0% of their pre-tax income to the plan. Until August 5, 2020, the University contributed 5.0% of pre-tax income to those employees who elect a 0.0% deferral rate, 7.5% to those employees who elect a 2.5% deferral rate, and 10.0% to those employees who elect a 5.0% deferral rate. In response to the COVID-19 pandemic and as a result of cost-saving initiatives, the University elected to amend its 403(b) agreement to suspend Employer Match contributions from its retirement plan on August 5, 2020. The University's contribution to this plan totaled \$2,945,000 and \$8,464,000 for the years ended April 30, 2021 and 2020, respectively.

Employees who retire from the University are also eligible for a life insurance benefit of \$5,500. The net present value of the liability for this benefit is \$3,430,042 and \$3,505,000 as of April 30, 2021 and 2020, respectively. This benefit program is unfunded.

#### **NOTE 13 - COMMITMENTS**

As of April 30, 2021, the University had entered into several construction agreements. Under these agreements, the University is obligated for approximately \$54,335,000 of which \$41,154,000 has been incurred at April 30, 2021.

On April 4, 2013, the University entered into a letter of credit with a governmental regulatory agency as required by that agency. The letter of credit for \$450,000 will be funded to a trust account if the University ever decides to decommission certain assets. As of April 30, 2021, the University has no plans to decommission those assets.

The University assesses contracts at inception to determine whether an arrangement includes a lease, which conveys the University's right to control the use of an identified asset for a period of time in exchange for consideration. The University has several non-cancelable operating leases for building space used in the delivery of University programs and the operation of the University bookstore, for which a right-of-use asset and a lease liability are recorded in the accompanying consolidated statements of financial position. The University measures its lease assets and liabilities using a risk-free rate of return selected based on the term lease. The University considered the likelihood of exercising renewal or termination terms in measuring its right-of-use assets and lease liabilities. With the exception of the lease for campus space in Rome, Italy, the University has included renewal periods in its assessment of lease terms when provided

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

#### April 30, 2021 and 2020

for in the lease. The University's lease payments include both fixed and variable payments. Variable payments are based on indices specified in the leases. The leases contain no termination options or residual value guarantees.

The University has elected the practical expedient to forgo applying the recognition requirements in Accounting Standards Codification 842 to short-term leases. The University has short-term leases for a vehicle and copiers, which are expensed as paid. The University does not have any finance leases.

The components of lease cost for the year ended April 30 are as follows (thousands):

	 2021	 2020
Operating lease cost Variable lease cost Short-term lease cost	\$ 1,538 619 471	\$ 1,572 286 498
Total lease cost	\$ 2,628	\$ 2,356

Supplemental quantitative information related to operating leases for the year ended April 30 is as follows (in thousands, unless otherwise stated):

	 2021	2020	
Cash paid for amounts included in the measurement of lease liabilities			
- operating cash flows	\$ 876	\$	1,514
Right-of-use assets obtained in exchange for lease obligations	\$ -	\$	7,023
Weighted-average remaining lease term (expressed in years)	13.6		13.8
Weighted-average discount rate	2.32%		2.31%

The maturity of the lease liability under the University's operating leases as of April 30, 2021 is as follows (in thousands):

Year Ending April 30,	
2022 2023 2024	\$ 127 579 951
2025 2026 Thereafter	 1,187 1,303 13,516
Total lease obligation, gross	17,663
Less: Amounts representing interest rates from 2.04% to 2.63%	 (2,946)
Total lease liability	\$ 14,717

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

#### NOTE 14 - FUNCTIONAL AND NATURAL CLASSIFICATION OF EXPENSES

The University's primary program service is academic instruction and research. Expenses reported as auxiliary enterprises, public service, libraries, and student services are incurred in support of this primary program activity. Expenses reported as institutional support represent management and general activities that support the entire University. Expenses by functional and natural classification for the years ended April 30, 2021 and 2020 consist of the following (in thousands):

	2021								
	Academic Instruction and Research			nagement d General		Total			
Salaries and benefits Materials and supplies Services Depreciation and amortization Utilities Interest Travel Other	\$	124,158 9,490 26,764 17,316 5,144 4,593 736 80	\$	16,284 2,154 12,614 1,284 439 235 63 860	\$	140,442 11,644 39,378 18,600 5,583 4,828 799 940			
Total operating expenses	\$	188,281	\$	33,933	\$	222,214			
				2020					
	Inst	cademic ruction and Research		nagement d General		Total			
Salaries and benefits Materials and supplies Services Depreciation and amortization Utilities Interest Travel Other	\$	132,184 10,081 31,343 16,022 6,567 4,832 3,638 1,705	\$	15,494 1,582 8,114 1,216 726 450 331 1,149	\$	147,678 11,663 39,457 17,238 7,293 5,282 3,969 2,854			
Total operating expenses	\$	206,372	\$	29,062	\$	235,434			

Expenses related to the operation and maintenance of the physical plant, including depreciation of property and equipment and interest expense, are allocated among the functional expense categories benefitted based upon square footage. Other natural expenses attributable to more than one functional expense category are allocated using other cost allocation techniques including estimates of time and effort.

Fundraising expenses totaling approximately \$9,554,000 and \$10,398,000 are included in institutional support for the years ended April 30, 2021 and 2020, respectively. In fiscal year 2021, the University continued the comprehensive campaign to grow its endowment and capital infrastructure. Incremental costs of \$5,071,000 and \$5,139,000 for the years ended April 30, 2021 and 2020, respectively, associated with the execution of the campaign, have been included as part of nonoperating activities.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

April 30, 2021 and 2020

#### **NOTE 15 - CONTINGENCIES**

The University is a party to litigation arising out of the normal conduct of its operations. In the opinion of the University's administration, the ultimate resolution of these matters will not have a materially adverse effect upon the University's financial position, changes in net assets, or cash flows.

The University receives a portion of its revenue from government grants and contracts, all of which are subject to audit. The ultimate determination of amounts received under these programs generally is based upon allowable costs reported to and audited by the government. Until such audits have been completed and final settlement reached, there exists a contingency to refund any amounts received in excess of allowable costs. Management is of the opinion that no material unrecorded liability will result from such audits.

#### **NOTE 16 - SUBSEQUENT EVENTS**

In preparing the accompanying consolidated financial statements, the University has evaluated events and transactions for potential recognition or disclosure through September 17, 2021, the date the consolidated financial statements were issued. No matters requiring recognition were noted.

#### FINANCIAL RESPONSIBILITY SCHEDULE

#### For the year ended April 30, 2021

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the year ended April 30, 2021

#### **NOTE 1 - BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") presents the expenditures of The Catholic University of America and subsidiaries (the "University") incurred under federal award programs for the year ended April 30, 2021, and is presented in accordance with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Because the Schedule presents only a portion of the operations of the University, it is not intended to and does not present the financial position and changes in net assets of the University.

For purposes of preparing the Schedule, federal awards include all grants, contracts, and similar agreements entered into directly between the University and agencies and departments of the federal government and all subawards to the University by non-federal organizations pursuant to federal grants, contracts and similar agreements. Negative numbers, if any, in the Schedule represent adjustments to amounts previously reported in the normal course of business. Specific assistance listing and pass-through numbers are included in the Schedule when available.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR FEDERAL AWARD EXPENDITURES

Expenditures for federal student financial aid programs are recognized as incurred and include Pell program grants to students, the federal share of students' Federal Supplemental Educational Opportunity Grant ("FSEOG") program grants and the federal share of Federal Work Study ("FWS") program earnings, loan disbursements, and administrative cost allowances, where applicable.

Expenditures for other federal awards are determined using the cost accounting principles and procedures set forth in Title 2 U.S. *Code of Federal Regulations* Part 220, *Cost Principles for Educational Institutions* or the cost principles contained in the Uniform Guidance, as applicable. Under these cost principles, certain types of expenditures are not allowable or are limited as to reimbursement. Direct costs are recognized as incurred, using the accrual basis of accounting.

Expenditures for non-financial aid awards include indirect costs, relating primarily to facilities operation and maintenance and general administration services, which are allocated to direct cost objectives (including federal award programs) based on negotiated formulas commonly referred to as indirect cost rates. Indirect costs allocated to such awards for the year ended April 30, 2021 were based on predetermined rates negotiated with the University's cognizant federal agency, the U.S. Department of Health and Human Services. As such, the University is not eligible to use the 10 percent de minimus indirect cost rate allowed under the Uniform Guidance.

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS - CONTINUED

For the year ended April 30, 2021

#### **NOTE 3 - FEDERAL STUDENT LOAN PROGRAMS**

The Federal Perkins (Assistance Listing 84.038), Nurse Faculty (Assistance Listing 93.264) and Nurse Faculty - ARRA (Assistance Listing 93.408) loan programs are administered directly by the University and the balances and transactions relating to these programs are included in the University's basic consolidated financial statements. Loans outstanding at the beginning of the year and loans made during the year are included in federal expenditures presented on the Schedule. The balance of loans outstanding under these programs at April 30, 2021 are as follows:

Loan Program	alance as of oril 30, 2020	Loans Issued		Payments Received		Cancellations and Refunds		Balance as of April 30, 2021	
Federal Perkins	\$ 3,983,860	\$	-	\$	(827,098)	\$	(21,269)	\$	3,135,493
Nurse Faculty	\$ 1,078,064	\$	109,600	\$	(77,412)	\$	(80,867)	\$	1,029,385
Nurse Faculty - ARRA	\$ 49,912	\$	-	\$	(8,677)	\$	(9,325)	\$	31,910

The University is responsible only for the performance of certain administrative duties with respect to the Federal Direct Loan Program and, accordingly, these loans are not included in its basic consolidated financial statements. It is not practical to determine the balance of loans outstanding to students and former students of the University under this program at April 30, 2021.

GRANT THORNTON LLP 1250 Connecticut Ave. NW, Suite 400 Washington, DC 20036-3531

D +1 202 296 7800 F +1 202 833 9165 REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of The Catholic University of America:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of The Catholic University of America and subsidiaries (the "University"), which comprise the consolidated statement of financial position as of April 30, 2021, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 17, 2021.

#### Internal control over financial reporting

In planning and performing our audit of the consolidated financial statements, we considered the University's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the University's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and other matters

As part of obtaining reasonable assurance about whether the University's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Washington, D.C. September 17, 2021

Scant Thornton LLP

GRANT THORNTON LLP 1250 Connecticut Ave. NW, Suite 400 Washington, DC 20036-3531

D +1 202 296 7800 F +1 202 833 9165 REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees of
The Catholic University of America:

### Report on compliance for each major federal program

We have audited the compliance of The Catholic University of America and subsidiaries (the "University") with the types of compliance requirements described in the U.S. Office of Management and Budget's *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended April 30, 2021. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to the University's federal programs.

#### Auditor's responsibility

Our responsibility is to express an opinion on compliance for each of the University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University's compliance.

#### Opinion on each major federal program

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended April 30, 2021.

#### Report on internal control over compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal program to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the University's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
