Independent Auditors' Report

The Board of Trustees
Wesleyan University:

Report on the Financial Statements

We have audited the accompanying financial statements of Wesleyan University (the University), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the University as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Report on Summarized Comparative Information

We have previously audited the University's 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 27, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2021 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

WESLEYAN UNIVERSITY

Notes to Financial Statements

June 30, 2021

(with summarized comparative information for June 30, 2020)

(Dollars in thousands)

(1) Organization

Wesleyan University (the University), founded in 1831, is a private residential not-for-profit institution of higher learning. The University is co-educational and has approximately 3,000 students situated on a 280-acre campus, located in Middletown, Connecticut. It offers Bachelors of Arts in 45 fields, plus Masters and PhDs in selected disciplines. The University is accredited by the New England Commission of Higher Education.

(2) Summary of Significant Accounting Policies

The significant accounting policies followed by the University are described below:

(a) Basis of Reporting

The financial statements of the University have been prepared on the accrual basis in accordance with U.S. generally accepted accounting principles (GAAP). The University applies the Financial Accounting Standards Board's (FASB's) Accounting Standards Codification (ASC), which is the single source of authoritative GAAP.

The financial statements include prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the University's financial statements for the year ended June 30, 2020, from which the summarized information was derived.

(b) Net Asset Classes

The accompanying financial statements present information regarding the University's financial position and activities based upon the existence or absence of donor-imposed restrictions in the following net asset categories:

With donor restrictions: net assets subject to donor restrictions that expire with the passage of time, can be fulfilled by actions pursuant to the stipulations, or which may be perpetual.

Without donor restrictions: net assets not subject to donor stipulations restricting their use.

(c) Statement of Activities

The statement of activities reports changes in net assets from operating and nonoperating activities. Operating revenues consist of those items attributable to the University's undergraduate and graduate education programs and research conducted by the academic departments, as well as all contributions other than those restricted for long-term investment or not available for current operations.

Nonoperating activities include investment return on long-term investments, postretirement benefit obligation adjustments other than service cost, changes in value of split-interest agreements, as well as certain items not related to the University's ongoing academic or research activities. To the extent nonoperating contributions, investment income and returns are used for operations, they are reclassified as nonoperating assets used in operations.

WESLEYAN UNIVERSITY
Notes to Financial Statements
June 30, 2021
(with summarized comparative information for June 30, 2020)
(Dollars in thousands)

(d) Revenue Recognition

(i) Net Student Charges

Net student charges consist of tuition and fees and room and board charges, which are recorded as revenue in the year in which the related services are rendered. Revenue from student charges is determined based on published rates and billed and reflected net of reductions from institutional financial aid, which may be funded by endowment funds or other institutional resources. Disbursements made directly to students for living costs or other purposes are reported as an expense. Student charges received in advance of services rendered are categorized as deferred revenues and other liabilities in the statement of financial position.

Student charges were as follows for the years ended June 30, 2021 and 2020:

	2021	2020
Tuition and fees, net of financial aid of \$70,032 and \$69,966, respectively	\$ 107,008	113,949
Room and board	41,641	39,193
Net student charges	\$ 148,649	153,142

(ii) COVID-19 Pandemic

In March 2020, Wesleyan transitioned most students to remote learning during the COVID-19 global pandemic. For students studying remotely, Wesleyan provided a prorated credit for room and board without modification of financial aid award. These credits are included in net student charges for the year ended June 30, 2020.

The University reopened for in-person instruction during the fall 2020 semester with a modified academic calendar and allowed students to study remotely if they desired. Students electing to study remotely were charged tuition but not room and board.

(iii) Higher Education Emergency Relief Fund

Federal stimulus packages created by the Coronavirus Aid, Relief, and Economic Security Act (CARES), Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) and the American Rescue Plan (ARP) provided funding to support higher education institutions and the students they serve through the Higher Education Emergency Relief Fund (HEERF).

For the years ended June 30, 2021 and 2020, Wesleyan recognized \$4,260 and \$1,248 of HEERF revenue, respectively, which is recorded in government and foundation grants on the statement of activities.

WESLEYAN UNIVERSITY

Notes to Financial Statements

June 30, 2021

(with summarized comparative information for June 30, 2020)

(Dollars in thousands)

(iv) Contributions

Contributions, including unconditional promises to give, are recognized in the period received. Contributions of assets other than cash are reported at their estimated fair value. Contributions to be received after one year are discounted at the appropriate rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue. Contributions of cash or other assets that must be used to acquire long-lived assets are reported as increases in net assets with donor restrictions until the assets are acquired and placed in service.

The University accounts for nonexchange transfers of assets from government agencies and foundations as contributions. Contributions containing both a barrier and a right of return are accounted for as conditional contributions, and revenue is recognized when conditions are met. However, the University has elected the simultaneous release option for conditional contributions that are also subject to purpose restrictions. Under this option, net assets without donor restrictions include donor-restricted contributions for which purpose restrictions and conditions are met in the same reporting period.

(e) Cash Equivalents and Short-Term Investments

Cash equivalents include only short-term, highly liquid working capital investments (those with original maturities three months or less), exclusive of those recorded as long-term or short-term investments. Short-term investments include amounts invested in short-term, liquid assets selected to provide optimum return for the University's ongoing operations.

(f) Receivables

The University extends credit to students in the form of accounts receivable and loans for educational purposes. At June 30, 2021 and 2020, student accounts receivable were \$670 and \$1,084, net of an allowance for doubtful accounts of \$260 and \$281, respectively. Student loans receivable at June 30, 2021 and 2020 were \$2,675 and \$3,381, respectively, net of an allowance for doubtful accounts of \$1,058.

(g) Fair Value Measurements

Investments are reported at fair value. Fair value generally represents the price that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants as of the measurement date. If an investment is held directly by the University and an active market with quoted prices exists, the University reports the fair value as the quoted price of an identical security.

The University also holds alternative investments such as private equity, venture capital, hedge funds, and real asset strategies. Such alternative investments, generally held through funds, may hold securities or other financial instruments for which an active market exists and are priced accordingly. In addition, such funds may hold assets which require the estimation of fair values in the absence of readily determinable market values. Such valuations are determined by fund managers and generally consider variables such as operating results, comparable earnings multiples, projected cash flows,

WESLEYAN UNIVERSITY

Notes to Financial Statements

June 30, 2021

(with summarized comparative information for June 30, 2020)

(Dollars in thousands)

recent sales prices, and other pertinent information, and may reflect discounts for the illiquid nature of certain investments held.

The University generally applies the provisions of ASC 820-35-58, *Investments in Certain Entities that Calculate Net Asset Value (NAV) Per Share (or Equivalent)*, with respect to investments in nonregistered and alternative funds. This guidance allows for the estimation of the fair value of such investments using NAV per share or its equivalent reported by the fund managers as a practical expedient.

These investments are generally redeemable or may be liquidated at NAV under the original terms of the subscription agreements and operations of the underlying funds. However, it is possible that these redemption rights may be restricted or eliminated by the funds in the future in accordance with the underlying fund agreements. The nature of certain investments held by these funds, changes in market conditions and the economic environment may significantly impact the NAV of the funds and, consequently, the fair value of the University's interests in the funds. Furthermore, changes to the liquidity provisions of the funds may significantly impact the fair value of the University's interest in the funds. Although certain investments may be sold in secondary market transactions, subject to meeting certain requirements of the governing documents of the funds, the secondary market is not active and individual transactions are not necessarily observable. It is therefore reasonably possible that if the University were to sell its interest in a fund in the secondary market, the sale could occur at an amount materially different than the reported value.

As of June 30, 2021 and 2020, the University had no specific plans or intentions to sell investments at amounts different than NAV.

The GAAP fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three levels:

- Level 1 – quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities;
- Level 2 – observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and
- Level 3 – unobservable inputs are used when little or no market data is available.

In determining fair value, the University utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The University classifies its assets and liabilities in the hierarchy based on these inputs. Investments in funds measured at NAV as a practical expedient are not categorized within the fair value hierarchy.

WESLEYAN UNIVERSITY

Notes to Financial Statements

June 30, 2021

(with summarized comparative information for June 30, 2020)

(Dollars in thousands)

(h) Investment in Plant

Investment in plant is stated at cost at the date of acquisition or estimated fair value at the date of donation in the case of gifts. Depreciation is calculated on a straight-line basis using useful lives of 50 years for buildings, 25 years for building improvements, 10 years for equipment and 7 years for computer hardware and software.

The University recognizes the fair value of a liability for legal obligations associated with asset retirements in the period in which the obligation is incurred, in accordance with ASC 410, *Asset Retirement and Environmental Obligations*, if a reasonable estimate of the fair value of the obligation can be made. When the liability is initially recorded, the cost of the asset retirement obligation is capitalized by increasing the carrying amount of the related long-lived asset. The liability is accreted to its present value each period, and the capitalized cost associated with the retirement obligation is depreciated over the useful life of the related asset. Any difference between the cost to actually settle the asset retirement obligation and the liability recorded is recognized as an operating gain or loss in the statement of activities.

(i) Liabilities Associated with Investments

The University may, from time to time, incur liabilities associated with its investment portfolio as a result of securities sold short or other transactions. In order to terminate a short position, the University must acquire and deliver to the lender a security identical to the one it borrowed and sold short, and a gain or loss is recognized for the difference between the short sale proceeds and the cost of the identical security acquired. Liabilities reported on the statement of financial position represent the fair value of the identical securities that must be acquired to settle the obligation to the lender. The liabilities would be classified as Level 1 in the fair value hierarchy given that they are measured based on marketable securities.

(j) Split Interest Obligations

Wesleyan University has a charitable gift annuity plan whereby donors may contribute assets in exchange for the right to receive a fixed-dollar periodic payment of the gift assets during their lifetimes. Payments begin in accordance with the timing stipulated in the gift annuity contracts. The difference between the original annuity amount invested and the discounted liability for future payments, determined on an actuarial basis, is recognized as contribution revenue at the date of the gift. The actuarial liability is revalued annually and any surplus or deficiency is recognized as a change in value in the statements of activities.

Assets under Wesleyan's gift annuity program were \$14,312 and \$11,754, and liabilities to donors were of \$8,138 and \$8,341, as of June 30, 2021 and 2020, respectively.

(k) Income Taxes

The University is generally exempt from income taxes under Internal Revenue Code, Section 501(a), as an organization described in Section 501(c)(3). The University assesses uncertain tax positions and determined that there were no such positions that have a material effect on the financial statements.

WESLEYAN UNIVERSITY

Notes to Financial Statements

June 30, 2021

(with summarized comparative information for June 30, 2020)

(Dollars in thousands)

(l) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(m) Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in their value, it is reasonably possible that changes in these risks in the near term could materially affect amounts reported in the financial statements.

The COVID-19 global pandemic continues to impact various elements of the University's fiscal year 2022 operations and financial results, including, but not limited to fluctuations in enrollment, loss of auxiliary revenues, and increases in costs relating to COVID-19 testing, technology and cleaning. The full impact of COVID-19 on the University will depend on the depth and duration of the pandemic, medical treatments and applicable regulations and cannot be reasonably estimated at this time.

(n) Recent Accounting Pronouncements

Accounting Standards Update (ASU) 2016-02, *Leases (Topic 842)*, as amended, requires lessees to recognize a lease liability and right-of-use (ROU) asset on a discounted basis, for substantially all leases.

The University adopted Topic 842 on July 1, 2020 (the effective date), using the modified retrospective transition method, which applies Topic 842 at the beginning of the period in which it is adopted. Prior period amounts have not been adjusted in connection with the adoption of this standard. The University elected the package of practical expedients under the new standard, which permits entities not to reassess lease classification, lease identification or initial direct costs for existing or expired leases prior to the effective date. Also, the University elected to keep short-term leases with an initial term of 12 months or less off the statement of financial position.

The most significant impact of adoption was the recognition of operating lease ROU assets and operating lease liabilities of \$2,044 as of the effective date and are recorded in receivables, net and other assets and deferred revenues and other liabilities on the statement of financial position.

(3) Financial Assets and Liquidity Resources

The University's cash flows have seasonal variations during the year attributable to billings for student charges and there is a concentration of contributions received at calendar and fiscal year ends. To manage liquidity, the University maintains a working capital portfolio conservatively invested in cash and short-term investments with daily liquidity. As further described in note 11, the University maintains a \$60,000 line of credit with JP Morgan Chase that can be drawn on to manage cash flows.

WESLEYAN UNIVERSITY

Notes to Financial Statements

June 30, 2021

(with summarized comparative information for June 30, 2020)

(Dollars in thousands)

As of June 30, 2021, financial assets and liquidity resources available within one year for general expenditures, such as operating expenses, scheduled debt service, and capital construction costs not financed with debt, were as follows:

Financial assets:

Cash and cash equivalents	\$	15,801
Short-term investments		165,724
Accounts receivable, net due within one year		5,056
Student loans receivable, net due within one year		359
Pledges receivable, net available for operations due within one year		1,695
Fiscal 2022 Board-approved endowment appropriation		<u>47,052</u>
Total financial assets available within one year		235,687

Liquidity resources:

Line of credit, undrawn		<u>60,000</u>
Total financial assets and liquidity resources	\$	<u><u>295,687</u></u>

In addition, as of June 30, 2021, subject to liquidity provisions, the University had an additional \$97,145 in working capital investments and \$395,960 in board-designated endowment, which is available for general expenditure with Board approval.

(4) Contributions Receivable

The following is a summary of unconditional promises to give at June 30 is as follows:

	<u>2021</u>	<u>2020</u>
Contributions expected to be collected within:		
Less than one year	\$ 10,911	11,866
One to five years	17,729	10,280
More than five years	<u>3,000</u>	<u>3,950</u>
	31,640	26,096
Less allowance for uncollectible pledges	(3,001)	(3,377)
Less discount for present value	<u>(286)</u>	<u>(245)</u>
Net unconditional promises to give	\$ <u><u>28,353</u></u>	<u><u>22,474</u></u>

The University applies an allowance for uncollectible pledges based on factors such as prior collection history, type of contribution, nature of the fundraising activity, and future collection expectations. Discount rates used range from 0.22% to 3.69%.

WESLEYAN UNIVERSITY
Notes to Financial Statements
June 30, 2021
(with summarized comparative information for June 30, 2020)
(Dollars in thousands)

As of June 30, 2021, approximately 57% of the pledge receivable balance was due from three donors.

Office of Advancement expenditures, which are primarily for fundraising purposes and alumni activity, totaled \$7,365 and \$7,221 in fiscal years 2021 and 2020, respectively.

Conditional contributions receivable as of June 30, 2021 and 2020 are \$13,771 and \$10,001, respectively.

(5) Investments

The University's assets that are reported at estimated fair value are summarized in the following tables by their fair value hierarchy classification as of June 30, 2021 and 2020:

<u>As of June 30, 2021</u>	<u>Investments measured at NAV</u>	<u>Investments classified in the fair value hierarchy</u>			<u>Total</u>

The University has committed to invest in various limited partnerships. Under the terms of the partnership agreements, the University is obligated to remit additional funding periodically as managers exercise capital calls. These partnerships have a limited existence, generally ten years, and such agreements may provide annual extensions for the purpose of disposing portfolio holdings and returning capital to investors. Depending on market conditions, an inability to execute the fund's strategy, and other factors, a manager may extend the terms of a fund beyond its originally anticipated existence or may wind the fund down prematurely. As a result, the timing and amount of future capital calls expected in any particular future year is uncertain within a range of between one and eleven years. The aggregate amount of unfunded commitments associated with investments as of June 30, 2021 was \$306,287.

WESLEYAN UNIVERSITY

Split-interest agreements	—	20,446	—	—	—	—	20,446
Other investments	—	—	—	—	—	2,609	2,609
Funds held or administered by others	—	—	—	—	—	8,373	8,373
Total	\$ 25,167	397,775	293,262	282,544	21,747	891,338	1,911,833

Certain funds contain lockup provisions. Under such provisions, share classes of the investment are available for redemption at prescribed dates in accordance with the partnership agreement of the fund. In some cases, funds may impose fees in exchange for advanced liquidity opportunities. A portion of the underlying investments within the categories of monthly to quarterly and semi-annual to annual may include private or side pocket investments from which the University may not have an ability to redeem. Additionally, tranches of certain funds within these categories may restrict redemptions to a portion of the value over a rolling quarterly or annual basis.

(6) Endowment

The University follows the guidelines in ASC 958-205 to classify net assets of donor-restricted endowment funds for a not-for-profit organization that is subject to the State of Connecticut's version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA).

The University's endowment consists of approximately 1,300 individual funds established for a variety of purposes, including both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

(a) Relevant Law

The University classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Also included in net

WESLEYAN UNIVERSITY

Notes to Financial Statements

June 30, 2021

(with summarized comparative information for June 30, 2020)

(Dollars in thousands)

assets with donor restrictions is accumulated appreciation on donor restricted endowment funds until those amounts are appropriated for expenditure by the University in a manner consistent with the standard of prudence prescribed by UPMIFA.

UPMIFA provides standards for investing in a prudent manner by establishing a duty to minimize cost, diversify the investments, investigate facts relevant to the investment of the fund, to consider tax consequences of investment decisions and that investment decisions be made in light of the fund's entire portfolio as a part of an investment strategy having risk and return objectives reasonably suited to the fund and to the University. UPMIFA also permits the University to appropriate for expenditure or accumulate so much of an endowment fund as the University determines to be prudent for the uses, benefits, purposes and duration for which the endowment fund is established, thereby eliminating the restriction that a fund could not be spent below its historical dollar value. The University considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the University and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the University
- The investment policies of the University

Endowment funds consisted of the following at June 30, 2021 and 2020:

	2021				
	Without donor restrictions	With donor-restrictions			Total funds
		Original gift	Accumulated gains (losses)	Total donor restricted	
Board designated endowment funds \$	395,960	687	658	1,345	397,305

WESLEYAN UNIVERSITY
Notes to Financial Statements
June 30, 2021
(with summarized comparative information for June 30, 2020)
(Dollars in thousands)

Working capital funds are operating reserves invested in the endowment and are not subject to the endowment spending policy.

(b) Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below their original contributed value. These deficiencies resulted from unfavorable market fluctuations that occurred after the investment of new donor restricted contributions and/or appropriation from such funds. Subsequent market gains will be used to restore this reduction in net assets.

(c) Return Objectives and Risk Parameters

A portion of the endowment assets is included in an investment pool that is accounted for on a unitized market value basis, with each individual fund subscribing to or disposing of units on the basis of the market value per unit of the pool at the end of the calendar month within which the transaction took place. The value of the units is based on a total return investment policy.

The University has adopted investment and spending policies for the endowment that attempt to provide a predictable stream of funding to programs supported by the endowment while seeking to maintain the purchasing power of the endowment assets.

(d) Strategies Employed for Achieving Objectives

To satisfy its long term rate-of-return objectives, the University relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The University targets a diversified asset allocation that places emphasis on investments in equities, fixed income and alternative investments to achieve its long-term return objectives with prudent risk constraints.

(e) Spending Policy and How the Investment Objectives Relate to Spending Policy

Wesleyan follows a spending policy known as the Tobin rule, named for James Tobin, recipient of the 1981 Nobel Prize in Economics. This rule sets the annual distribution using a quantitative formula that combines elements of stability and market conditions. The University's endowment spending is 70% based on the prior year's spending plus inflation (measured by the Higher Education Price Index (HEPI) as of June 30 of the past fiscal year) and 30% from 4.5% of the market value of endowment as of June 30 of the previous fiscal year. For fiscal 2021 and 2020, \$45,625 and \$43,553 was appropriated, respectively.

Academic support	4,057	5,291	1,078	834	11,260	11,632
Student services	13,045	6,937	309	239	20,530	14,866
Institutional support	22,790	4,915	425	356	28,486	27,222
Auxiliary activities	5,404	34,655	7,080	5,475	52,614	48,043
Total	<u>\$ 128,678</u>	<u>65,557</u>	<u>14,783</u>	<u>11,460</u>	<u>220,478</u>	<u>217,544</u>

The University allocates physical plant operations, depreciation, and interest expenses to functional expenditure categories based on square footage of facilities identified for each functional expenditure category.

(10) Debt

At June 30, 2021 and 2020, long-term debt consisted of the following:

	<u>2021</u>	<u>2020</u>
Taxable bonds, Series 2020	\$ 75,000	75,000
Taxable bonds, Series 2016	250,000	250,000
Revenue bonds payable (CHEFA Series H)	20,105	20,105
Term loans	12,920	12,920
Total	358,025	358,025
Unamortized costs of issuance	(3,109)	(3,160)
Long term debt	<u>\$ 354,916</u>	<u>354,865</u>

(a) Taxable Bonds, Series 2020

In January 2020, the University issued \$75 million of taxable bonds at a fixed rate of 3.37% with all principal due in 2050. The University is required to make semi-annual payments of interest.

(b) Taxable Bonds, Series 2016

In May 2016, the University issued \$250 million of taxable bonds at a fixed rate of 4.78% with all principal due in 2116. The University is required to make semi-annual payments of interest.

WESLEYAN UNIVERSITY
Notes to Financial Statements
June 30, 2021
(with summarized comparative information for June 30, 2020)
(Dollars in thousands)

(c) CHEFA Series H

\$20,105 variable rate demand bonds have their interest rates set weekly. The interest rate at June 30, 2021 and 2020 was 0.02% and 0.12% respectively. The University makes monthly payments of interest. The University may make prepayments of principal and is required to pay any remaining principal balance on July 1, 2040. The University maintains sufficient liquidity to purchase the bonds if remarketing is not successful.

(d) Term Loans

In January 2016, the University entered into a term loan with Farmington Bank in the amount of \$12,920. Farmington Bank was subsequently acquired by People's United Bank during fiscal year 2020. In February 2021, the loan agreement was amended to lower the fixed interest rate from 2.9% to 1.1%. The University makes semiannual payments of interest and all principal is due in February 2024.

(e) Debt Maturities

Payments for the principal of all long-term debt for each of the next five fiscal years and thereafter are as follows:

Fiscal year	Amount due
2021	\$ —
2022	—
2023	—
2024	12,920
2025	—
Thereafter	345,105
Total outstanding debt	\$ 358,025

(f) Debt Covenants

The University is subject to certain financial covenants that would be imposed if the University does not maintain its credit rating. The University maintained its credit rating during the years ended June 30, 2021 and 2020, and thus the financial covenants were not applicable.

(g) CHEFA Series I and Series 2021

Subsequent to year-end, in July 2021, the University issued \$90,910 of Green Bonds in CHEFA Series I and Series 2021. CHEFA Series I is tax-exempt with \$35,390 in par outstanding with a fixed coupon of 4.0% payable semi-annually. Series I was issued at a premium of \$9,946. All principal is due July 1, 2031.

CHEFA Series 2021 is taxable with \$55,520 in par outstanding with fixed interest rate of 2.872% payable semi-annually. All principal is due July 1, 2051.

WESLEYAN UNIVERSITY
Notes to Financial Statements
June 30, 2021
(with summarized comparative information for June 30, 2020)
(Dollars in thousands)

(11) Lines of Credit (LOC)

As of June 30, 2021, the University had a \$60,000 revolving loan with JPMorgan Chase Bank that terminates on April 30, 2022 unless renewed. The interest rate is set at 60 basis points above LIBOR (London Interbank Offered Rate). The University did not utilize this line in fiscal 2021 but did utilize a portion in fiscal 2020 for various cash needs. No amounts were outstanding as of June 30, 2021 and 2020.

Subsequent to June 30, 2021, on July 2, 2021, the University and JP Morgan amended the existing line of credit facility and entered into a second Revolving Loan Agreement. As a result, as of July 2, 2021, the University had the following lines of credit:

Expiration date	Amount
April 22, 2022	\$ 40,000
July 2, 2023	40,000
Total lines of credit	\$ 80,000

(12) Benefit Plans

(a) Defined Contribution Plan

The University has defined contribution retirement plans, with contributions based on a percentage of salary, covering substantially all employees. Total expense was \$8,989 and \$9,107 for fiscal 2021 and 2020, respectively.

(b) Postretirement Benefits

The University provides certain postretirement health care benefits to employees. Employees become eligible to receive medical and life insurance benefits at various age and service requirements based on their group classifications (faculty, non-faculty, or physical plant bargaining unit). The University recognizes the cost of providing such benefits to the employees and dependents, if applicable, in the financial statements during the employees' active working lives. Pre-Medicare eligible retirees who elect early retirement can continue in plans for active faculty and staff, which require premium sharing. Upon reaching Medicare eligibility, retirees may elect to participate in the Medicare Part D supplement plan or receive a \$300 per year annuity.

WESLEYAN UNIVERSITY

Notes to Financial Statements

June 30, 2021

(with summarized comparative information for June 30, 2020)

(Dollars in thousands)

The University applies the provisions of ASC 715, *Compensation-Retirement Benefits*, to its postretirement plan. The status of the University's plan and the amounts recognized in the statements of financial position at June 30, 2021 and 2020 are as follows:

	2021	2020
Change in benefit obligation:		
Benefit obligation as of beginning of year	\$ 20,314	18,815
Service cost	733	575
Interest cost	446	533
Plan participants' contributions	149	136
Benefits paid	(1,070)	(806)
Medicare Part D Subsidy	54	61
Actuarial (gain) loss	(224)	1,000
Benefit obligation and funded status as of end of year	\$ 20,402	20,314

Components of net periodic benefit cost are as follows for the years ended June 30:

	2021	2020
Operating:		
Service cost	\$ 733	575
Total operating, included in salaries and benefits	733	575
Nonoperating:		
Interest on accumulated postretirement benefit obligation	446	533
Amortization of actuarial gain	(493)	(627)
Total nonoperating	(47)	(94)
Total net periodic benefit cost	\$ 686	481

For measurement purposes, an annual rate of increase of 5.5% in the per capita cost of covered healthcare and prescription drug benefits was assumed as of June 30, 2021. The rates were assumed to decrease to 4.8% by 2036 and remain at that level thereafter. Assumed healthcare cost trend rates have a significant effect on the amounts reported for the healthcare plans.

The weighted average discount rates used to determine benefit obligations are 2.5% and 2.2% for fiscal 2021 and 2020, respectively.

The weighted average discount rates used to determine net periodic benefit costs were 2.2% and 3.1% for fiscal 2021 and 2020, respectively.

WESLEYAN UNIVERSITY
Notes to Financial Statements
June 30, 2021
(with summarized comparative information for June 30, 2020)
(Dollars in thousands)

The benefits, as of June 30, 2021, expected to be paid in each of the next five fiscal years and in the aggregate for the five fiscal years thereafter, are as follows:

Fiscal year	Amount
2022	\$ 1,041
2023	1,094
2024	1,150
2025	1,210
2026	1,177
Five fiscal years thereafter	6,901

(13) Commitments and Contingencies

All funds expended in conjunction with government grants and contracts are subject to audit by governmental agencies. In the opinion of management, any potential liability resulting from these audits will not have a material effect on the University's financial position.

The University is a defendant in various legal actions arising out of the normal course of its operations. Although the final outcome of such actions cannot currently be determined, the University believes that eventual liability not reflected on the statement of financial position, if any, will not have a material effect on the University's financial position.

(14) Related-Party Transactions

Members of the Board of Trustees and senior management may, from time to time, be associated, either directly or indirectly with companies doing business with the University. The University has a written conflict of interest policy that requires annual reporting by each Board member as well as the University senior management. When such relationships exist, measures are taken to mitigate any actual or perceived conflict, including requiring that such transactions be conducted at arms' length, based on terms in the best interest of the University.

(15) Subsequent Events

Management has evaluated events subsequent to June 30, 2021 and through October 27, 2021, the date on which the financial statements were issued, to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. Other than the subsequent events disclosed in Notes 10 and 11, no additional disclosures were deemed to be necessary.

WESLEYAN UNIVERSITY

Notes to Supplementary Schedule of Expenditures of Federal Awards

Year ended June 30, 2021

(1) Basis of Presentation

The accompanying supplementary schedule of expenditures of federal awards (the Schedule) summarizes the expenditures of Wesleyan University (the University) under programs of the federal government for the year ended June 30, 2021. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net assets or cash flows of the University.

For purposes of the Schedule, federal awards include all grants, contracts, and similar agreements entered into directly between the University and agencies and departments of the federal government and all sub-awards to the University by nonfederal organizations pursuant to federal grants, contracts, and similar agreements. Amounts disbursed from the University to subrecipient entities are also presented on the Schedule.

(2) Significant Accounting Policies

The accompanying Schedule is presented on the accrual basis of accounting.

(3) Indirect Costs

The University has an approved rate agreement with the Department of Health and Human Services for recovering indirect costs on grants and contracts with the Federal Government. The agreement contains a predetermined facilities and administrative cost rate of 64.3%. The University did not elect to utilize the 10% de minimis indirect cost rate allowed under the Uniform Guidance. The predetermined facilities and administrative rate is effective from July 1, 2017 to June 30, 2022.

(4) Federal Perkins Loan Program

During the year ended June 30, 2021, there were no loans advanced under the Federal Perkins Loan Program. There was no administrative cost allowance claimed for the year ended June 30, 2021. As of June 30, 2021 and 2020, the Perkins loans receivable balances were \$2,018,984 and \$2,489,608, respectively. The University is continuing to service loans under the Perkins programs; however, no new loans were made subsequent to September 30, 2017.

(5) Federal Direct Loan Program

The amount of loans advanced during the year ended June 30, 2021 to students and parents under the Federal Direct Loan Program (FDL) was \$6,438,174.

With respect to the FDL program, the University is responsible only for the performance of certain administrative duties and, accordingly, these loans are not included in the University's financial statements. It is not practical to determine the balances of loans outstanding to students of the University under this program at June 30, 2021.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

The Board of Trustees
Wesleyan University:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Wesleyan University (the University), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 27, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

The Board of Trustees
Wesleyan University:

Report on Compliance for Each Major Federal Program

We have audited Wesleyan University's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Wesleyan University's major federal programs for the year ended June 30, 2021. Wesleyan University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Wesleyan University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Wesleyan University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Wesleyan University's compliance.

Opinion on Each Major Federal Program

In our opinion, Wesleyan University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2021-001. Our opinion on each major federal program is not modified with respect to this matter.

Wesleyan University's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Wesleyan University is also responsible for preparing a corrective action plan to address the audit finding included in our auditors' report. Wesleyan University's response and corrective action plan were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response or the corrective action plan.

Report on Internal Control Over Compliance

Management of Wesleyan University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wesleyan University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Wesleyan University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2021-001, that we consider to be a significant deficiency.

Wesleyan University's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Wesleyan University is also responsible for preparing a corrective action plan to address the audit finding included in our auditors' report. Wesleyan University's response and corrective action plan were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response or the corrective action plan.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of Wesleyan University as of and for the year ended June 30, 2021, and have issued our report thereon dated October 27, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

WESLEYAN UNIVERSITY
Schedule of Findings and Questioned Costs
Year ended June 30, 2021

(1) Summary of Auditors' Results

Financial Statements

- (a) Type of report issued on whether the financial statements were prepared in accordance with U.S. generally accepted accounting principles: **Unmodified**
- (b) Internal control deficiencies over financial reporting disclosed by the audit of the financial statements:
 - Material weaknesses: **No**
 - Significant deficiencies: **None reported**
- (c) Noncompliance material to the financial statements: **No**

Federal Awards

- (d) Internal control deficiencies over major programs disclosed by the audit:
 - Material weaknesses: **No**
 - Significant deficiencies: **Yes, Finding 2021-001**
- (e) Type of report issued on compliance for major programs: **Unmodified**
- (f) Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?: **Yes, Finding 2021-001**
- (g) Major programs:
 - Research and Development Cluster – various Assistance listing numbers
 - COVID 19 – Education Stabilization Fund – Assistance listing numbers 84.425E, 84.425F
- (h) Dollar threshold used to distinguish between Type A and Type B programs: **\$750,000**
- (i) Auditee qualified as a low-risk auditee: **Yes**

(2) Findings Relating to the Financial Statements Reported in Accordance with Government Auditing Standards

None

WESLEYAN UNIVERSITY
Schedule of Findings and Questioned Costs
Year ended June 30, 2021

(3) Findings and Questioned Costs Relating to Federal Awards

Finding No.: 2021-001 – HEERF Reporting

Federal Agency: Department of Education

Pass-through Agency: Direct

Program Name: COVID 19 – Education Stabilization Fund-Higher Education
Emergency Relief Funding

Assistance Listing Number: 84.425E

Federal Award Numbers: P425E205061

Federal Award Year: July 1, 2020 – June 30, 2021

Criteria

There are three components to reporting for the Higher Education Emergency Relief Fund (HEERF): 1) public reporting on the (a)(1) Student Aid Portion; 2) public reporting on the (a)(1) Institutional Portion (a)(2) and (a)(3) subprograms (Quarterly Reporting Form), as applicable; and 3) the annual report. The CARES Act 18004(e) and the CRRSAA 314(e) requires an institution receiving funds under HEERF I and HEERF II to submit a report to the secretary, at such time in such a manner as the secretary may require.

Quarterly Public Reporting for (a)(1) Student Aid Portion (Assistance Listings 84.425E)

For CARES, beginning on May 6, 2020, ED required institutions that received a HEERF I Section 18004(a)(1) Student Aid Portion award to publicly post certain information on their website no later than 30 days after award, and update that information every 45 days thereafter (by posting a new report). This was announced through an electronic announcement (EA).

On August 31, 2020, ED revised the EA by decreasing the frequency of reporting after the initial 30-day period from every 45 days thereafter to every calendar quarter. Grantees posting a 45-day report on or after August 31, 2020, should instead post a report every calendar quarter, with the first calendar quarter report due by October 10, 2020, and covering the period from after their last 45-day or 30-day report through the end of the calendar quarter on September 30, 2020.

On May 13, 2021, ED published an additional notice for student aid public reporting under CRRSAA and ARP, which requires that institutions publicly post certain information on their website. Institutions must publicly post their report as soon as possible, but no later than 30 days after the publication of the notice or 30 days after the date ED first obligated funds under HEERF I, II, or III to the institution for Emergency Financial Aid Grants to Students, whichever comes later. The report must be updated no later than 10 days after the end of each calendar quarter (September 30, and December 31, March 31, June 30).

The CARES, CRRSAA, and ARP institutional quarterly portion reporting requirements involve publicly posting completed forms on the institution's website.

WESLEYAN UNIVERSITY

Schedule of Findings and Questioned Costs

Year ended June 30, 2021

The forms must be conspicuously posted on the institution's primary website on the same page the reports of the IHE's activities as to the emergency financial aid grants to students (Student Aid Portion) are posted.

A new, separate form must be posted covering aggregate amounts spent for HEERF I, HEERF II, and HEERF III funds each quarterly reporting period (September 30, December 31, March 31, June 30), concluding after an institution has expended and liquidated all (a)(1) Institutional Portion, (a)(2), and (a)(3) funds and checks the "final report" box. IHEs must post this quarterly report form no later than 10 days after the end of each calendar quarter (October 10, January 10, April 10, July 10) apart from the first report, which was due October 30, 2020, and the report covering the first quarter of 2021, which is due July 10, 2021.

Further, in accordance with 2 CFR 200.303(a), non-Federal entities must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with the guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition Found

The University did not post the initial report within 30 days after the publication of the notice or 30 days after ED first obligated funds under HEERF II. In addition, The University did not post the June 30, 2021 updated information within the required 10 day timeframe after the calendar quarter end. The information for the initial report and the June 30, 2021 appears to have been updated along with the September 30, 2021 report.

Cause

The University's internal control processes did not operate consistently to ensure that all required public reports are completed timely.

Possible Asserted Effect

Delayed reporting of required information on the institution's website affects the Secretary's and the public's ability to ensure that the statutory requirements are met for the Higher Education Emergency Relief funds distributed to Institutions of Higher Education.

Questioned Costs

No questioned costs identified.

Statistical Sampling

The sample was not intended to be, and was not, a statistically valid sample.

Repeat Finding

This was not a finding in the prior year.

WESLEYAN UNIVERSITY
Schedule of Findings and Questioned Costs
Year ended June 30, 2021

Recommendation

We recommend that the University review its controls related to monitoring reporting deadlines to ensure that required reports are filed timely.

View of University Officials

The University agrees with the recommendations above. Effective immediately, the University has implemented enhanced processes to ensure the periodic reporting required by the Department of Education is completed and made publicly available timely.
