INDEPENDENT AUDITOR'S REPORT

To the Management of The University of Western Ontario

Report on the Audit of the Combined Financial Statements

Opinion

We have audited the combined financial statements of The University of Western Ontario (the "University"), which comprise the combined statement of financial position as of April 30, 2023, and the related combined statements of operations, changes in net assets, and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the accompanying combined financial statements present fairly, in all material respects, the combined financial position of The University of Western Ontario as at April 30, 2023, and its results of combined operations, its combined changes in net assets, and combined cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

We conducted our audit in accordance with International Standards of Auditing (ISA) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, except for the provisions in paragraph 5.84 of *Government Auditing Standards* which indicate the audit organization should undergo a peer review, as there is no such review process in Canada. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Combined Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Preparation

We draw attention to Note 1 to the financial statements which describes the basis of preparation used in these financial statements and the purpose of the financial statements.

Our opinion is not modified in respect of this matter.

Responsibilities of Management for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for one year after the date the combined financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with ISA and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with ISA and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.

 Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 21, 2023 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

1. DESCRIPTION

The University of Western Ontario ("the University") operates under the authority of The University of Western Ontario Act, 1982. The University is incorporated without share capital. The University is dedicated to the advancement of learning through teaching and research and to the discovery and application of knowledge. The University is a registered charity and, under the provisions of section 149 of the Income Tax Act, is exempt from paying income taxes.

The combined financial statements of the University contain the accounts of the University and organizations that the University controls, including: Ivey Business School Foundation, Ivey Business School Asia Limited, The University of Western Ontario Research & Development Park, Windermere Manor Ltd., The Siebens - Drake Research Institute, UWO Investment Trust (#1), UWO Investment Trust (#2), and related foundations in which the University has an economic interest.

These combined financial statements do not include the accounts of three university colleges that are affiliated with, but not controlled by the University (Brescia University College, King's University College at The University of Western Ontario and Huron University College), or the net assets of the Pension Plan for Academic Staff and the Pension Plan for Administrative Staff of the University.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The combined financial statements have been prepared by management in accordance with Canadian Accounting Standards for not-for-profit organizations in Part III of the CPA Canada Handbook - Accounting and are in accordance with Canadian generally accepted accounting principles.

A summary of significant accounting policies is as follows:

(a) Revenue recognition

The University follows the deferral method of accounting for contributions, which include donations and government grants.

Operating grants are recorded as revenue in the period to which they relate. Grants approved but not received at the end of the year are accrued. Where a portion of a grant relates to a future year, it is deferred and recognized in the subsequent year.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions, other than endowment contributions, are deferred and recognized as revenue in the year in which the related expenses are recognized. Contributions restricted for the purchase of capital assets are deferred, and when expended, are amortized into revenue, at a rate corresponding with the amortization rate for the related capital assets.

Endowment contributions, having externally imposed restrictions, are recognized as direct increases in endowment net assets.

Gifts of capital assets are recorded at fair value at the date of receipt and the related contributions are amortized to operations on the same basis as the related capital asset. Contributions of collection items and non-amortizable capital assets are recorded at fair value at the date of the receipt and as a direct increase to net assets.

Pledges are recorded as revenue on a cash basis, due to uncertainty of collection, and accordingly, pledges outstanding and not received at the year-end are not recorded as an asset.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

Student fees are recognized as revenue when courses and seminars are held. Activity fees are included in student fees.

Sales and services revenue is recognized at the point of sale or when the service has been provided.

(b) Inventories

Inventories are recorded at the lower of cost and net realizable value, determined using the weighted average cost method.

(c) Investments

Investments are recorded at fair value. The value of investments recorded in the combined financial statements is determined as follows:

- i) Short-term investments, which consist of Guaranteed Investment Certificates ("GIC"), savings accounts and money market funds, are valued at cost plus accrued interest which together approximates fair value. Some of these short-term investments meet the definition of cash and cash equivalents but are held for investment rather than liquidity purposes and are classified as investments.
- ii) Equities consist of Canadian, U.S., Non-North American, Global and Private equities. Canadian, U.S., Non-North American and Global equities are traded on the open market. Fair values are based on the latest closing price. Private equities are valued based on the latest valuation provided by the external investment manager, reflecting any impairment.
- iii) Fixed income includes Canadian bonds, mortgages and private debt. Canadian bonds are traded on the open market and fair values are based on the latest closing price. Mortgages are valued at their net asset value per unit valued based on the latest valuation provided by the external investment manager, reflecting any impairment. Private debt is valued at fair value based on the latest valuation provided by the external investment manager, reflecting any impairment.
- iv) Real assets consist of real estate and infrastructure investments. Both are valued based on the latest valuation provided by the external investment manager, reflecting any impairment.
- v) Diversifiers include absolute return strategies which are valued based on the latest valuation provided by the external investment manager, reflecting any impairment, and cash that is held for investment rather than liquidity purposes.

Transactions are recorded on a settlement date basis and any transaction costs are expensed against investment returns when incurred.

(d) Investment returns

Investment returns, in the combined statement of operations, include interest, dividends, income distributions from pooled funds, realized and unrealized capital gains and losses and realized and unrealized currency gains and losses.

Investment returns attributed to the endowments are recorded as an addition (reduction) to endowments net assets. All other investment returns along with the amounts allocated for spending from the endowments are recorded as investment returns in the combined statement of operations.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

Investment returns on internally restricted endowments are recorded as an allocation from unrestricted to endowments in the combined statement of changes in net assets. The University protects the capital value of the endowments by limiting the amount of investment returns that are allocated for spending. Endowments are permitted to spend an amount equal to 4% of the average value of the total endowment over the most recent 5 year period. In any particular year, should investment returns be insufficient to fund the amounts made available for spending, endowment capital will be used, with the expectation that such amounts will be recovered from future investment returns.

(e) Capital assets

Purchased tangible capital assets, including works of art, are recorded at cost. Contributed capital assets are recorded at fair value at the date of receipt. When an estimate of fair value cannot reasonably be made, both the intangible asset and the related contribution are not recorded.

Repairs and maintenance costs are expensed. Capital assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not contribute to the University's ability to provide goods and services. Any impairment results in a write-down of the asset and an expense in the combined statement of operations. An impairment loss is not reversed if the fair value of the related asset subsequently increases.

Amortization is provided on a straight-line basis over the estimated useful life for buildings and building components, computer equipment and library acquisitions, and on a declining balance basis for all other capital assets.

Amortization rates are generally as follows:

Buildings and building components 5 to 40 years Computer equipment 5 years

Equipment and furnishings 20% declining balance

Library acquisitions 5 years

Construction in progress is primarily buildings. No amortization is recorded until construction is substantially complete and the assets are ready for productive use.

Works of art and collections are not amortized.

(f) Employee future benefits

i) Non-pension plans:

The University provides medical, dental and life insurance benefits to eligible employees. The University accrues for these obligations using accounting assumptions, with the cost of these benefits being actuarially determined using the projected benefit method pro-rated on service using best estimates of salary escalation, retirement ages of employees and expected health care costs. Remeasurements and other items, including plan amendments and actuarial gains and losses are recognized directly in net assets in the combined statement of financial position and are presented as a separately identified line item in the combined statement of changes in net assets.

ii) Pension plans and other retirement income funds:

The University sponsors pension plans for its academic and administrative staff. The benefits provided under the plans are entirely defined contribution. There is no past service liability in respect of either of these plans. Contributions to defined contribution plans are expensed as incurred.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

(g) Foreign currency translation

The University accounts for transactions in foreign currency at the exchange rate in effect at the time of the transactions. At year-end, monetary assets and liabilities denominated in foreign currency are translated at year-end exchange rates. Foreign exchange gains and losses on investments have been included in investment returns.

(h) Derivative and other financial instruments

Derivative financial instruments are used to manage market and currency exposure risk primarily associated with the University's debt and investments. The University does not enter into derivative financial instruments for trading or speculative purposes. Derivative financial instruments that may be employed include interest rate swaps, currency forward contracts and currency futures. These contract positions will generally be the same or smaller than the market value of the underlying investments, thereby ensuring that the portfolio remains unleveraged. Investment manager valuations or bank valuations are used by the University to fair value the derivative financial instruments, reflecting any impairment.

Other financial instruments including accounts receivable and accounts payable are initially recorded at fair value and are subsequently recorded at cost or amortized cost, net of any provisions for impairment.

(i) Accounting estimates

The preparation of the combined financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues and expenses during the year. Significant items subject to the use of management estimates and assumptions include the determination of the useful lives of capital assets for amortization and the amortization of deferred capital contributions, determination of the fair value of financial instruments, valuation of non-pension retirement benefit obligations and provisions for contingencies. Actual results could differ from those estimates.

(i) Contributed services

The University benefits from services provided by volunteers in assisting the institution in carrying out its activities. Because of the difficulty of determining the fair value, contributed services are not recognized in the combined financial statements.

(k) Agency obligations

The University acts as an agent which holds resources and makes disbursements on behalf of various unrelated individuals or groups. These individuals and groups include the affiliate colleges as well as other universities. The University has no discretion over such agency transactions. Resources received in connection with such agency transactions are reported as liabilities, not revenue, and subsequent distributions are reported as decreases to these liabilities.

(I) Controlled organizations

The University includes controlled organizations in its combined financial statements.

3. ACCOUNTS RECEIVABLE

Current accounts receivable is comprised primarily of balances for trade accounts receivable and research projects. An allowance of \$2,176 (2022 - \$1,809) has been recorded.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

4. INVESTMENTS

(a) Endowed and non-endowed investments consist of the following:

	 2023	2022
Equities Fixed income Real assets Diversifiers	\$ 1,148,362 390,286 309,701 227,918	\$ 1,143,556 351,557 309,084 116,979
Short-term	2,076,267 916,088	 1,921,176 948,172
	\$ 2,992,355	\$ 2,869,348

Endowed investments consist of donations held in perpetuity received by the University to benefit current and future generations. Non-endowed investments consist of research, capital and other funds received and held for future expenditures.

Endowed and non-endowed investments are segregated into the following investment portfolios:

	2023		2022
Short-term	\$ 635,465	\$	600,425
Mid-term	201,089		192,656
Operating and Endowment Fund	1,873,548		1,805,418
Other	282,253	_	270,849
	\$ 2,992,355	\$	2,869,348

Short-term and mid-term portfolios are liquid and can be used to settle short-term obligations.

Uncalled commitments:

Approximately 12.4% (2022 – 16.0%) of the University's Operating and Endowment Fund is invested in funds managed by third-party managers that, by way of the legal terms and conditions, require investors to make initial commitments. Funds are then invested in response to a series of capital calls issued by the manager over a pre-defined investment period. These private funds typically take the form of limited partnerships managed by a general partner and cover various areas of private equity, real estate, mortgage, private debt and infrastructure investments. The University has uncalled commitments of approximately \$210,762 (2022 - \$120,157). The University anticipates being able to meet all calls as they are made.

(b) Investment returns recorded in the combined statement of operations are calculated as follows:

	2023	2022
Investment returns	\$ 122,350	\$ 132,852
Investment returns allocated to external endowments Allocation for spending of externally endowed accumulated	(29,203)	(48,636)
investment returns	29,879	 28,332
	\$ 123,026	\$ 112,548

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

Investment income is comprised of the following:

	2023	2022
Unrealized gains (losses) on investments	12,760	(104,387)
Realized gains on investments	187	106,973
Interest and dividend income	 110,079	 109,962
	\$ 123,026	\$ 112,548

2022

2022

5. CAPITAL ASSETS

Capital assets consist of the following:

	2023				2022				
		Cost		ccumulated mortization	Net Book Value	Cost	 cumulated nortization	١	let Book Value
Buildings and building components	\$	1,520,930	\$	681,588	\$ 839,342	\$ 1,497,270	\$ 645,897	\$	851,373
Equipment, furnishing & computer equipment		546,249		412,983	133,266	529,432	403,902		125,530
Library acquisitions		303,301		284,849	18,452	293,853	276,245		17,608
Construction in progress		76,513		-	76,513	59,526	-		59,526
Land		200,143		-	200,143	195,865	-		195,865
Works of art and collections		30,150		-	30,150	30,021	-		30,021
	\$	2,677,286	\$	1,379,420	\$ 1,297,866	\$ 2,605,967	\$ 1,326,044	\$	1,279,923

During the year, paintings were donated to the University with a total appraised value of \$104 (2022 - \$93).

6. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

As at April 30, 2023, accounts payable and accrued liabilities include current government remittances payable of \$16,636 (2022 - \$16,028).

7. EMPLOYEE FUTURE BENEFITS

The interval between actuarial valuations for the defined benefit pension plans does not exceed three years with the most recent valuations prepared as at April 30, 2023, for the non-pension. In the years between valuations, an extrapolation of the actuarial valuation is used to determine the market related value of the plan assets and the projected benefit obligations.

(a) Non-pension plans:

The accrued benefit liability relating to the employee future benefits is \$420,675 (2022 - \$478,637). This liability has been recorded in the combined financial statements.

Total expense for these plans is \$23,321 (2022 - \$27,587) including a recovery of \$36 (2022 expense – \$1,910) for supplemental and other benefits. Benefits paid during the year amounted to \$10,230 (2022 - \$10,556).

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

The significant actuarial assumptions adopted in measuring the University's accrued benefit obligations are as follows:

	Non-Pension	Plans
	2023	2022
Discount rate	4.7%	4.6%
Expected long-term rate of return on plan assets	-	-
Medical trend rate	5.54%	5.12%
Dental trend rate	5.00%	2.75%

(b) Pension plans:

Contributions to the defined contribution pension plans during the year are as follows:

	Decem	December 31, 2022		December 31, 2022		
Employer contributions	\$	39,126	\$	36,409		
Employee contributions		27,277		25,147		
	\$	66,402	\$	61,556		

8. FINANCIAL INSTRUMENTS

(a) Fair values

Fair value estimates are made as of a specific point in time, using available information about the financial instrument.

The carrying value of cash, accounts receivable, bank indebtedness and accounts payable and accrued liabilities approximates their fair values based on the short-term maturity of those instruments. The fair value of investments is disclosed in note 4(a) and derivative financial instruments in note 8(b).

(b) Derivative financial instruments

The notional and fair values of the derivative financial instruments are as follows:

	2023					2022			
	Notional Value		Fair Value		Notional Value			Fair Value	
Foreign currency contracts	\$	1,027,216	\$	(3,723)		\$	999,579	\$	(2,464)
Interest rate swap agreements	\$	30,619	\$	842	_	\$	38,705	\$	476

(i) Foreign currency forward contracts:

The fair value of the foreign currency forward contracts is included with investments. The change in the fair value of the foreign currency forward contracts is accounted for consistent with investment returns in the combined statements of operations and changes in net assets. All outstanding contracts have a remaining term to maturity of less than one year.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

(ii) Interest rate swaps:

The fair value of the interest rate swap is recorded within accounts receivable in the combined statement of financial position and the unrealized gain or loss in the fair value is recorded in operating costs in the combined statement of operations. During the year, the total unrealized gain on the interest rate swaps was \$366 (2022 - \$2,355).

The interest rate swap contract results in the University fixing a long-term interest rate of 2.99% on the floating rate debt obligation instead of paying a short-term floating rate of 4.97% (2022 – 1.27%).

The interest rate swap agreement relates to the debt on Ontario Hall Residence which matures on October 15, 2026. The counterparty to the contract is a major Canadian financial institution. The University does not anticipate any material adverse effect on its financial position resulting from its involvement in this type of contract, nor does it anticipate non-performance by the counterparty given their high credit rating.

(c) Risk management

The University, through its financial assets and liabilities is exposed to various risks. The following analysis will provide a measurement of risks as at the combined statement of financial position date:

(i) Credit risk

Credit risk is the risk of financial loss to the University if a counterparty to a financial instrument fails to meet its contractual obligation.

Approximately 51% (2022 - 49%) of the University's investments consist of money market securities, fixed income products and diversifiers. In order to minimize the risk of having an issuer of these debt instruments fail to pay interest or principal as required, the University takes credit rating requirements into consideration and ensures that a qualified investment manager reviews the credit worthiness of each security that is included in its portfolios, regardless of the credit rating of those securities.

The University has established policies for extending credit to various businesses, groups and individuals who purchase goods and services from the University, in order to reduce incidents of non-payment. Management believes that the credit risk is minimized by dealing with creditworthy counterparties.

The University is also exposed to credit risk through its use of interest rate swaps and foreign exchange contracts. The credit risk associated with these contracts arises from the possibility that the counterparty to the contract in which the University has an unrealized gain fails to perform according to the terms of the contract. The credit risk is much less than the notional principal amount, being limited at any time to the change in fair value attributable to the instruments.

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate due to changes in foreign exchange rates.

The University purchases equipment, books and other supplies and services in foreign currencies and may occasionally mitigate its exposure to foreign currency by entering into forward exchange contracts at the time of ordering.

The University is exposed to currency risk with respect to its investments denominated in foreign

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

currencies. To manage foreign currency risk associated with these investments, the University uses foreign currency forward contracts that are administered by an investment manager. These contract positions will generally be the same or smaller than the market value of the underlying assets, thereby ensuring that the portfolio remains unleveraged. The policy range of exposure to non-Canadian currencies has been established to be within the range of 0% to 80% of the total Operating and Endowment Fund, after currency hedging.

(iii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates.

The University is subject to interest rate cash flow risk with respect to its floating rate debt. The University mitigates this risk by entering into interest rate swap agreements for its floating rate debt that fixes the interest rate over the term of the debt.

All other debt of the University, being unsecured debenture, have fixed interest rates and are therefore not exposed to cash flow interest rate risks.

The University's short-term investments are subject to interest rate fluctuations as maturing investments are reinvested at new rates of interest. The fair value held in fixed income, diversifiers, GIC's and other short-term investments will fluctuate due to changes in market interest rates.

(iv) Market risk

Market risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market prices, whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all instruments traded in the market.

The University's investments in equities, fixed income, real assets, GIC's and other short-term investments are subject to market risk. Management mitigates this risk through diversification of its investment portfolio.

(v) Liquidity risk

Liquidity risk is the risk that the University will be unable to fulfill its obligations on a timely basis or at a reasonable cost when its obligations fall due. The University manages its liquidity risk by monitoring its operating and capital requirements. The University prepares capital and operating budgets to fulfill its obligations.

The University's operating account is covered by a \$100,000 unsecured, uncommitted revolving credit facility that is repayable on demand (2022 - \$100,000). As at April 30, 2023, no amount has been drawn on the facility.

The University has access to a \$100,000, unsecured, uncommitted, operating demand loan dedicated to help manage short-term liquidity needs of the Operating and Endowment Fund. As at April 30, 2023 no amount has been drawn on the facility.

(vi) Inflation risk

Inflation risk is the risk that unexpected increases in the price level of goods and services may negatively impact investment performance.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

The University's investments in equities and fixed income are sensitive to inflation risk. Management mitigates this risk by investing in real assets which provide a natural hedge to inflation risk by exhibiting returns that are highly correlated with inflation.

9. LONG-TERM DEBT

	Maturity	Interest Rate at April 30, 2023		2023 Principa l Outstandin	2022 Principal Outstanding
(a) The details of the debentures are as follows:					
Series A Senior Unsecured Debentures [note (c)]	May 24, 2047	4.80%	\$	189,269	\$ 189,253
Series B Senior Unsecured Debentures [note (d)]	December 4, 2057	3.39%		99,451	99,442
Total debentures			\$	288,720	\$ 288,695
(b) The details of the Bankers' Acceptances (BA's)	are as follows:				
Bankers' Acceptances [note (e)]	May 15, 2023	2.99%	\$	30,619	\$ 38,705
Total Bankers' Acceptances			\$	30,619	\$ 38,705
Total debt			\$	319,339	\$ 327,400
Less current portion				8,373	8,086
			\$	310,966	\$ 319,314

- (c) On May 24, 2007, the University issued Series A Senior Unsecured Debentures in the aggregate principal amount of \$190,000. The debenture bears interest at 4.80% which is payable semi-annually on May 24 and November 24 with the principal amount to be repaid on May 24, 2047. The proceeds of the issue were initially used to retire certain existing capital debt and to finance new capital projects.
 - A sinking fund has been established to provide funds to repay the debenture principal upon maturity. At April 30, 2023 the value of the sinking fund was \$32,929 (2022 \$31,840).
- (d) On December 4, 2017, the University issued Series B Senior Unsecured Debentures in the aggregate principal amount of \$100,000. The debenture bears interest at 3.39% which is payable semi-annually on June 4 and December 4 with the principal amount to be repaid on December 4, 2057. The proceeds of the issue will be used to finance future capital projects.
 - A sinking fund has been established to provide funds to repay the debenture principal upon maturity. At April 30, 2023, the value of the sinking fund was \$10,022 (2022 \$9,690).
- (e) At April 30, 2023, the University has outstanding debt of \$30,619 on a \$100,000 committed non-revolving facility. An interest rate swap agreement has been entered into to fix the effective interest rate at 2.99%, over the remaining term, ending October 15, 2026. There is a remaining credit facility in the amount of \$30,000 which is a revolving demand facility by way of BA's that has not been drawn upon.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

(f) Anticipated requirements to meet the principal portion of the debt repayments over the next five years are as follows:

	Principal				
2024	\$	8,373			
2025		8,665			
2026		8,975			
2027		4,606			
2028		-			
Subsequent years		288,720			
	\$	319,339			

10. DEFERRED CONTRIBUTIONS

Deferred contributions represent unspent externally restricted grants, donations, contributions and investment income. The balance consists of:

		2023	 2022
Balance, beginning of year	\$	279,465	\$ 264,391
Grants, contributions, donations and investment income		356,917	363,064
Recognized to revenue		(346,211)	 (347,990)
Balance, end of year	\$	290,171	\$ 279,465
	2023		 2022
Unspent research grants	\$	168,357	\$ 163,984
Scholarships		25,460	25,760
Other restricted funds		96,354	89,721
	\$	290,171	\$ 279,465

11. DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions represent the unamortized amount of donations and grants received for the purchase of capital assets. Unspent deferred capital contributions are included in deferred contributions until such time as capital expenditures are incurred. The changes in the deferred capital contributions balance are as follows:

	 2023	2022		
Balance, beginning of year	\$ 461,071	\$	468,767	
Amortization of deferred capital contributions	(30,455)		(29,811)	
Contributions received during the year	 20,731		22,115	
Balance, end of year	\$ 451,347	\$	461,071	

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

Represented	by:
-------------	-----

	 2023	 2022
Amounts used for the purchase of capital assets Amounts to be spent on capital assets	\$ 451,347 -	\$ 457,014 4,057
	\$ 451,347	\$ 461,071

12. UNRESTRICTED NET ASSETS

Details of the unrestricted net assets are as follows:

		2022		
Operating fund surplus	\$	40,227	\$	72,269
Provision for vacation pay		(19,500)		(17,592)
Operating deficit - related organizations		(11,388)		(19,228)
Provision for employee future benefits		(392,775)		(450,679)
	\$	(383,436)	\$	(415,230)

13. INTERNALLY RESTRICTED NET ASSETS

Details of the internally restricted net assets are as follows:

	2023			2022
Investment in capital assets	\$	793,800	\$	760,048
Departmental carry forwards		235,674		264,606
Capital reserves		207,687		180,010
Operating deficit - ancillary and support units		(18,650)		(23,317)
Faculty and research trust funds		138,355		123,895
Equipment reserves		71,012		68,281
Self-insurance funds		1,317		1,239
Undistributed investment returns		184,585		154,205
Major strategic opportunities fund		322,154		311,490
Sinking funds		42,951		41,530
	\$	1,978,885	\$	1,881,987

- i) Investment in capital assets represents the unamortized value of capital assets funded by the University, net of outstanding debt. It excludes those assets funded through capital contributions.
- ii) Departmental carry forwards represent amounts that vary from budget. The University has in place a flexible budgeting program, which allows operating budget units to defer surpluses and deficits to the subsequent year(s).
- iii) The capital reserves represent funds internally restricted for deferred maintenance, capital emergencies and capital projects either planned or in progress.
- iv) Ancillary and support unit carry forwards (deficits) represent amounts that these units are permitted to carry forward.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

- v) Faculty and research trust funds include donations and other revenue with no external restrictions that departments are permitted to carry forward.
- vi) The equipment reserves represent funds that departments have allocated for the future replacement of assets.
- vii) The reserve for self-insurance represents funds set aside to cover uninsured losses and the deductible portion of insured losses.
- viii) The undistributed investment returns represent funds internally restricted for uses as determined by the University.
- ix) The major strategic opportunities fund represents funds to be used for strategic opportunities and the long-term benefit of the University.
- x) Sinking funds were established for the purpose of accumulating funds to repay principal outstanding on the University's debentures at maturity.

14. ENDOWMENTS

(a) Endowments

Endowments consist of externally restricted donations received by the University and internal resources transferred by the University in the exercise of its discretion. The University ensures, as part of its fiduciary responsibilities, that investment income generated from endowments is used in accordance with the various purposes established by donors or the University.

Net assets restricted for endowment consist of the following:

	2023			2022
Externally endowed	\$	855,054	\$	827,389
Internally endowed		286,652		217,455
	\$	1,141,706	\$	1,044,844
Represented by:		2023		2022
Endowed funds	\$	778,899	\$	683,669
Accumulated investment returns		362,807		361,175
	\$	1,141,706	\$	1,044,844

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

(b) Ontario Student Opportunity Trust Fund Endowment

i) Phase I

Externally restricted endowments include grants provided by the Government of Ontario for the Ontario Student Opportunity Trust Fund (OSOTF) matching program. These monies are to award student aid as a result of raising an equal amount of endowed donations.

The amounts for affiliated colleges noted above are provided for information purposes only and are not included in the combined financial statements.

15. THE SEYMOUR SCHULICH ENDOWMENT FUND

The Seymour Schulich Endowment Fund has a current fair value of \$43,481 (2022 - \$44,364). The Fund includes \$11,639 received from two Government of Ontario matching programs, the Ontario Student Opportunity Trust Fund and the Ontario Trust for Student Support.

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

16. STATEMENT OF CASH FLOWS

The net change in non-cash balances related to working capital consists of the following:

	2023		2022	
Accounts receivable and other long-term other assets	\$	(23,480)	\$	2,553
Inventories		(718)		(9)
Prepaid expenses and deposits		22		82
Accounts payable and accrued liabilities		3,537		11,012
Deferred fees and income		5,412		5,860
Net change in non-cash working capital	\$	(15,227)	\$	19,498

17. COMMITMENTS AND CONTINGENCIES

(a) Legal matters

The University is involved in litigation and disputes that arise in the normal course of operations. In respect to these claims the University believes it has valid defences, funded provisions and/or appropriate insurance coverage in place. Litigation is subject to many uncertainties, and the outcome of individual matters is not predictable. It is possible the final resolution of some of these matters may require the University to make expenditures in excess of estimated reserves, over an extended period of time and in a range that cannot be reasonably estimated at this time. The University's policy is to recognize the losses on litigation and disputes when the outcome becomes reasonably determinable. In the administration's judgement no material exposure exists on the eventual settlement of litigation.

(b) Capital commitments

The estimated cost to complete capital projects in progress at April 30, 2023 is approximately \$40,000 (2022 - \$76,000).

(c) Lease commitments

The University leases premises for academic purposes and the remaining aggregate minimum rental payments under operating leases are as follows:

	co	Lease commitments		
2024	\$	954		
2025		971		
2026		3,168		
2027		3,913		
2028		3,937		
Subsequent years		39,847		
	\$	52,790		

Notes to the Combined Financial Statements

Year Ended April 30, 2023 (thousands of dollars)

(d) Canadian Universities Reciprocal Insurance Exchange

The University participates in a reciprocal exchange of insurance risks in association with other Canadian universities. This self-insurance reciprocal, CURIE, involves a subscriber agreement to share the insurable property and liability risks of member universities for a term of not less than five years. Plan members are required to pay annual deposit premiums, which are actuarially determined and expensed in the year. If premiums collected are insufficient to cover expenses and claims, the University may be requested to pay additional amounts.

18. PLEDGES

Total pledges outstanding and expected year of collection are as follows:

	Pledges		
2024	\$ 27,193		
2025	9,309		
2026	7,023		
Subsequent years	 35,919		
	\$ 79,444		

19. COMPARATIVE INFORMATION

Certain comparative information has been reclassified where necessary to be consistent with the presentation adopted in the current year.

See accompanying notes to the Schedule of Expenditures of U.S. Federal Awards.

Single Audit Report Notes to the Schedule of Expenditures of U.S. Federal Awards

Year ended April 30, 2023

1. Basis of presentation:

The accompanying Schedule of Expenditures of U.S. Federal Awards (the "Schedule") includes all U.S. federal grants to The University of Western Ontario (the "University"), except those administered by the Department of Education, which have been examined separately in accordance with the *Foreign School Audit Guide*, issued by the U.S. Department of Education, Office of Inspector General, that had activity during the fiscal year ended April 30, 2023.

The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200 (2 CFR 200), *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the combined statement of financial position, combined statements of operations, changes in net assets, or cash flows of the University.

2. Summary of significant accounting policies:

The expenditures reported on the Schedule are reported on using the cash basis of accounting. Such expenditures are recognized following the cost principals contained in the Uniform Guidance, wherein certain types of expenses are not allowable or are limited to reimbursement.

The University has elected to not use the 10-percent de minimus indirect cost rate allowed under the Uniform Guidance.

The University receives funds in U.S. dollars based on grant agreements, but those funds are expended in Canadian dollars. The expenses reported on the accompanying schedule have been converted from Canadian dollars to U.S. dollars using the average exchange rate for the year.

3. Federal direct and pass-through programs:

Federal direct programs are presented by Federal agency. Federal pass-through programs are presented by the Federal agency from which the funds were originally granted.

4. Catalog of Federal Domestic Assistance:

Catalog of Federal Domestic Assistance (CFDA) numbers are presented for those programs for which such numbers are available.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Combined Financial Statements Performed in Accordance with Government Auditing Standards

To the Management of The University of Western Ontario

We have audited, in accordance with International Standards of Auditing (ISA) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, except for the provisions of paragraph 5.84 of *Government Auditing Standards* which indicates the audit organization should undergo a peer review, as there is no such review process in Canada, the combined financial statements of The University of Western Ontario (the "University"), which comprise the combined statement of financial position as at April 30, 2023, the combined statements of operations, changes in net assets and cash flows for the year then ended April 30, 2023, and the related notes to the combined financial statements and have issued a report thereon dated September 21, 2023.

Report on Control over Financial Reporting

In planning and performing our audit of the combined financial statements, we considered the University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's combined financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit the attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's combined financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of combined financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for The Research and Development Cluster; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of U.S. Federal Awards Required by the Uniform Guidance

To the Management of The University of Western Ontario

Report on Compliance for the Research and Development Cluster

Opinion on the Research and Development Cluster

We have audited The University of Western Ontario's (the "University") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's programs in the Research and Development Cluster for the year ended April 30, 2023. The University's major federal programs are identified in the summary of Auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its programs in the Research and Development cluster ("R&D Cluster") for the year ended April 30, 2023.

Basis for Opinion on the Research and Development Cluster

We conducted our audit of compliance in accordance with International Standards of Auditing (ISA); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States except for the provisions in paragraph 5.84 of *Government Auditing Standards* which indicate the audit organization should undergo a peer review, as there is no such review process in Canada; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the R&D Cluster. Our audit does not provide a legal determination of the University compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the R&D Cluster.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with ISA, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with ISA, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to
 fraud or error, and design and perform audit procedures responsive to
 those risks. Such procedures include examining, on a test basis,
 evidence regarding the University's compliance with the compliance
 requirements referred to above and performing such other procedures as
 we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of U.S. Federal Awards Required by the Uniform Guidance

We have audited the combined financial statements of the University as of and for the year ended April 30, 2023, and have issued our report thereon dated September 21, 2023, which contained an unmodified opinion on those combined financial statements. Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The accompanying schedule of expenditures of U.S. federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance ISA. In our opinion, the schedule of expenditures of U.S. federal awards is fairly stated in all material respects in relation to the combined financial statements as a whole.
