REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Board of Directors
H. Lee Moffitt Cancer Center & Research Institute, Inc.

Report on the financial statements**Opinion**

We have audited the consolidated financial statements of H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries (the Cancer Center), which comprise the consolidated balance sheets as of June 30, 2022 and 2021, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Cancer Center as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cancer Center and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cancer Center's ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with US GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cancer Center's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cancer Center's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating balance sheet and the consolidating statement of operations are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such supplementary information is the responsibility of management and was derived from

and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with US GAAS. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2022 on our consideration of the Cancer Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cancer Center's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cancer Center's internal control over financial reporting and compliance.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2022 and 2021

NOTE 1 - ORGANIZATION

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries (the Cancer Center), located in Tampa, Florida, was created by the Florida Legislature and incorporated on April 17, 1984, as a not-for-profit corporation, and is currently licensed to operate 218 general acute care beds. The Cancer Center's activities relate primarily to research in the areas of basic science, cancer prevention and control, translational science, pre-clinical and clinical investigations, and providing management and certain other support services as the sole corporate member and parent for the following subsidiary corporations:

- H. Lee Moffitt Cancer Center & Research Institute Hospital, Inc. (the Hospital) - The Hospital, a not-for-profit organization, provides medical and hospital care, medical education, and training and clinical (patient-related) research in maintaining health and preventing, detecting, and treating cancer.
- H. Lee Moffitt Cancer Center & Research Institute Lifetime Cancer Screening Center, Inc. (the Screening Center) - The Screening Center, a not-for-profit organization, is doing business as the Moffitt Medical Group (MMG), and operates as part of the Cancer Center's health care system by employing and managing physicians and other medical professionals who staff the Hospital and provide clinical research services to the Cancer Center.
- H. Lee Moffitt Cancer Center & Research Institute Foundation, Inc. (the Foundation) - The Foundation, a not-for-profit organization, is the principal fundraising organization for the Cancer Center and its subsidiaries.
- Moffitt Technologies Corporation (MTC) - MTC is a for-profit subsidiary of the Cancer Center that conducts technology management and commercialization activities for the Cancer Center, including intellectual property developed by the Cancer Center.
- OncoBay Clinical, Inc. (OncoBay Clinical) - OncoBay Clinical is a for-profit subsidiary of the Cancer Center established in October 2019 as a contract research organization focused on accelerating immunotherapy research.

The consolidated financial statements include the accounts of the Cancer Center, the Hospital, MMG, the Foundation, MTC and OncoBay Clinical (collectively, the Cancer Center). All intercompany transactions and accounts have been eliminated in consolidation.

In addition, the Cancer Center was previously the controlling shareholder of a for-profit subsidiary corporation, M2Gen, Corp. In March 2021, the Cancer Center entered into a limited partnership agreement with certain investors to form M2Gen Holdings, L.P. whereby the Cancer Center's outstanding equity interest in M2Gen Corp. was exchanged for an 18.6% partnership interest in M2Gen Holdings, L.P. As a result, the Cancer Center ceased consolidating M2Gen Corp.'s financial statements and recorded the new ownership investment in M2Gen Holdings, L.P. using the cost method as described in Note 18.

Mission Statement

The mission of the Cancer Center is to contribute to the prevention and cure of cancer. The Cancer Center is a leader in focused, innovative cancer research, a major regional oncology referral center, and an environment conducive for training future scientific and clinical leaders in oncology. The Cancer Center has been designated as a National Cancer Institute Comprehensive Cancer Center.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nonoperating Gains and Losses

The Cancer Center's revenues and other support include amounts generated from direct patient care, unrestricted appropriations from the State of Florida (the State), federal and nonfederal grants and contracts, and sundry revenues related to the operations of the Cancer Center's facilities. Activities that result in gains or losses unrelated to the Cancer Center's operations are considered to be nonoperating. Nonoperating gains and losses primarily include investment income, dividends and realized and unrealized gains and losses on unrestricted investments, and gains and losses on disposals of assets.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Significant estimates are used in recording patient service revenue, estimated settlements with third-party payors, useful lives of property, plant and equipment, self-insurance liabilities, and the reported fair values of certain assets and liabilities. Actual results could differ from those estimates.

Statements of Cash Flows

For the purposes of the consolidated statements of cash flows, the Cancer Center considers all highly liquid investments with a maturity of three months or less when purchased, except those classified as assets limited as to use, to be cash equivalents.

Estimated Third-Party Settlements

The Cancer Center is reimbursed on a cost basis for Medicare inpatient and outpatient services subject to certain limitations. The Cancer Center is reimbursed at a tentative rate with final settlement determined after submission of annual cost reports by the Cancer Center and audits by the Medicare fiscal intermediary. Regulations require annual retroactive cost reimbursement settlements for these amounts based upon annual cost reports. These retroactive cost settlements are estimated and recorded in the consolidated financial statements.

For services provided to Medicaid beneficiaries, the Cancer Center is reimbursed based on All Payor Related-Diagnostic Related Groups for inpatient services. The Florida Agency for Health Care Administration (AHCA) has an Enhanced Ambulatory Group (EAPG) payment methodology for hospital outpatient services, which provides reimbursement for services on prospectively determined prices. The Florida Cancer Hospital Program (FCHP) was created to provide eligible hospitals, including the Cancer Center, an enhanced reimbursement for inpatient and outpatient hospital services. The Centers for Medicare and Medicaid Services (CMS) approved the State Plan Amendment (SPA), which authorized the supplemental payment plan. These payments are contingent upon the nonfederal share being provided through intergovernmental transfers.

Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Patient Service Revenues and Patient Accounts Receivable

Patient service revenues are recorded at the amounts that reflect the consideration to which the Cancer Center expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payors (including managed care payors and government programs, i.e., Medicare and Medicaid) and others, and they include variable consideration for retroactive revenue adjustments due to settlement of audits, reviews and investigations. Patient service revenue increased by approximately \$466,000 for the year ended June 30, 2022 and decreased approximately \$1,572,000 for the year ended June 30, 2021, for adjustments to prior year estimated third-party settlements. Generally, patients and third-party payors are billed several days after the services are performed or shortly after discharge. Patient service revenue is recognized in the period in which the performance obligations are satisfied under contracts by transferring services to customers.

Performance obligations are determined based on the nature of the services provided. The Cancer Center recognizes revenues for performance obligations satisfied over time based on actual charges incurred in relation to total expected charges. The Cancer Center believes that this method provides an appropriate depiction of the transfer of services over the term of performance obligations based on the inputs needed to satisfy the obligations. Generally, performance obligations satisfied over time relate to patients receiving inpatient acute care services. The Cancer Center measures performance obligations from admission to the point when there are no further services required for the patient, which is generally the time of discharge. The Cancer Center recognizes revenues for performance obligations satisfied at a point in time, which generally relate to patients receiving outpatient services, when (1) services are provided and (2) when it is believed the patient does not require additional services. The Cancer Center determines estimates of contractual adjustments and discounts based on government regulations, contractual agreements, discount policies and historical experience, as applicable. The Cancer Center determines its estimate of implicit price concessions based on historical collection experience within each class of patients using a portfolio approach as a practical expedient to account for patient contracts as collective groups rather than individually.

Patient revenues are recorded during the period the health care services are provided based upon the estimated amounts due from the patients and third-party payors. Third-party payors include federal and state agencies (under Medicare, Medicaid, and other programs), managed care health plans, and other private contractual agreements. Estimates of contractual adjustments under managed care health plans are based upon the payment terms specified in the related contractual agreements. Revenues related to uninsured patients and copayment and deductible amounts for patients who have health care coverage may have discounts applied (uninsured discounts and contractual discounts).

Patient service revenues from third-party payors and others for the years ended June 30, 2022 and 2021 are summarized in the following table:

	Years Ended June 30,	
	2022	2021

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

When there is an unconditional right to payment, subject only to the passage of time a receivable is recognized. Patient accounts receivable, including billed accounts and unbilled accounts, which have the unconditional right to payment (and estimated amounts due from third-party payors for retroactive adjustments) are considered receivables if the right to consideration is unconditional and only the passage of time is required before payment of that consideration is due.

The estimated uncollectible amounts for patient accounts receivable are generally considered implicit price concessions and are a direct reduction to patient accounts receivable.

Excess of Revenues and Gains Over Expenses and Losses

The consolidated statements of operations and changes in net assets include the excess of revenues and gains over expenses and losses. Changes in net assets without donor restrictions that are excluded from the excess of revenues and gains over expenses and losses include contributions of long-lived assets (including assets acquired using contributions, which by donor restriction, were to be used for the purposes of acquiring such assets), and contributions restricted for the payment of long-term debt.

Inventories

Inventories consist principally of medical and surgical supplies and pharmaceuticals and are valued at the lower of cost (first-in, first-out method) or market.

Risk Management and Self-Insurance

The Cancer Center is exposed to various risks from torts, thefts, damage to and destruction of assets, business interruption, errors and omissions, employee injuries and illnesses, and natural disasters. Commercial insurance coverage is purchased for claims arising from such matters. The Cancer Center is insured for medical malpractice claims as described in Note 14.

The Cancer Center is self-insured for amounts up to specified levels for health, medical, and workers' compensation claims for its employees. The estimated liability for such self-insurance arrangements is the total estimated amounts to be paid for all known claims or incidents, and an estimate for incurred but not reported claims.

Fair Value of Certain Financial Instruments

The carrying amounts reported in the consolidated balance sheets for financial instruments classified as current assets and current liabilities approximate fair value because of the short-term maturity of these instruments.

Fair Value Measurements

Fair value is determined using assumptions that market participants would use to determine the price of an asset or liability as opposed to measurements determined based upon information specific to the entity holding those assets and liabilities. To determine those market participant assumptions, the Financial Accounting Standards Board ("FASB") established a hierarchy of inputs that the entity must consider, including both independent market data inputs and the entities' assumptions about the market's participant assumptions. Investments that are valued using net asset value ("NAV") as a practical expedient are excluded from this three-tier hierarchy. For all other investments measured at fair value, the hierarchy prioritizes the inputs used to measure fair value. The hierarchy is summarized as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets and liabilities as of the reporting date;

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Level 2 - Directly or indirectly observable inputs, other than quoted prices included in Level 1. Level 2 inputs may include, among others, interest rates and yield curves observable at commonly quoted intervals, volatilities, credit risks, and other inputs that are derived principally from or corroborated by observable market data by correlation or other means as of the reporting date; and

Level 3 - Unobservable inputs used when there is little, if any, market activity for the asset or liability at the measurement date. These inputs represent the entity's own assumptions about the assumptions that market participants would use to price the asset or liability developed using the best information available.

The Cancer Center's Level 1 assets include investments in equity and U.S. Government agency securities, and are valued at the quoted market prices. The Cancer Center's Level 2 assets include investments in fixed income securities and are valued based upon directly or indirectly observable inputs. Transfers between levels in the hierarchy are recognized at the end of the reporting period.

The Cancer Center's long-term debt is valued based on quoted market prices for the same or similar issues for debt of the same remaining maturities (Level 2). The estimated fair value of the Cancer Center's long-term debt at June 30, 2022 and 2021 is approximately \$612,653,000 and \$731,313,000, respectively.

The following table summarizes the Cancer Center's significant financial assets, excluding those measured using NAV as a practical expedient, measured at fair value as of June 30, 2022 and 2021:

	June 30, 2022			
	Total	Level 1	Level 2	Level 3
Assets:				
Cash and cash equivalents	\$ 498,439,190	\$ 498,439,190	\$ -	\$ -

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

The following table represents a reconciliation of financial instruments at fair value to the accompanying consolidated balance sheets as follows:

	June 30,	
	2022	2021
Cash, investments and assets limited as to use at fair value	\$ 1,047,407,936	\$ 1,201,769,205
Alternative investments at NAV	43,383,459	29,307,865
Total	<u>\$ 1,090,791,395</u>	<u>\$ 1,231,077,070</u>

Alternative Investments

The Cancer Center's investment policy provides for a diversified investment portfolio which considers risk, return, preservation and appreciation of capital as well as the Cancer Center's short-term and long-term liquidity needs. This policy allows participation in alternative investment funds (hedge and real estate funds). The hedge funds' principal investment objective is to achieve consistent, positive returns, while attempting to reduce risk and volatility. The real estate fund's objective is to outperform the NFI-ODCE Index over a full market cycle with a lower level of risk. Alternative investments often have liquidity restrictions under which the Cancer Center's capital may be divested only at specified times. The hedge funds were closed in December 2018. Liquidity restrictions may apply to all or portions of a particular invested amount. The real estate fund has quarterly liquidity subject to available cash flow. There were no unfunded commitments for these investments as of June 30, 2022 and 2021. Realized and unrealized gains and losses from these alternative investments are included in the nonoperating (losses) gains, net section of the consolidated statements of operations and changes in net assets.

Alternative investments are classified as investments and assets limited as to use in the accompanying consolidated balance sheets.

Assets Limited as to Use

Assets limited as to use represent funds internally designated for program development and capital expenditures, funds externally designated by donors and under the terms of bond indentures, and funds from the State of Florida Cigarette Tax Trust Fund (Cigarette Tax). The Board of Directors (the Board) retains control over internally designated funds and may, at its discretion, use the funds for other purposes. Amounts required to meet current liabilities have been reclassified to current assets in the consolidated balance sheets.

Investments and Investment Income

Investments in debt and equity securities with readily determinable fair values are recorded at fair value in the consolidated balance sheets.

Investments without readily determinable fair values (collectively, alternative investments) are accounted for based on NAV, a practical expedient, of each alternative investment. Financial information used by the Cancer Center to evaluate its alternative investments is provided by the investment manager and may include fair value valuations (quoted market prices and values determined through other means) of the underlying securities and other financial instruments held by the investee and estimates that require varying degrees of judgment. The financial statements of the investee companies are audited annually by independent auditors, although the timing for reporting the results of such audits does not always coincide with the Cancer Center's consolidated financial statement reporting period.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Funds held by the bond trustee under indenture and from the Cigarette Tax are invested in cash and cash equivalents and are designated as other-than-trading investments. Investment securities are designated as trading investments.

Investment income is reported net of management fees, and includes interest and dividend income, as well as realized gains and losses on such investments. Investment income is reported as an increase in net assets without donor restrictions in the period earned, unless such earnings are subject to donor-imposed restrictions. Investment income restricted by donor stipulations is reported as an increase in net assets with donor restrictions in the period earned.

Liquidity and Availability of Resources

The Cancer Center's financial assets and resources available to meet cash needs for general expenditures within one year primarily consist of cash, patient accounts receivable, grant receivables and assets limited as to use that are internally designated as disclosed in the accompanying consolidated balance sheets. Excess cash is invested in accordance with the Board investment policy, and there are no investments with purchase commitments as of June 30, 2022. In addition to its liquid resources and cash provided by operating activities, the Cancer Center has \$40,000,000 of unused lines of credit (Note 6) for future operating needs.

As of June 30, 2022 and 2021 the Cancer Center's net working capital was approximately \$540,749,000 and \$397,345,000, respectively, which includes the current assets limited as to use by Board designation.

Property, Plant, and Equipment

Property, plant, and equipment are recorded at historical cost or fair market value, if donated, at the date of donation. Depreciation expense is computed using the straight-line method over the estimated useful lives of the related assets. Interest cost incurred during the period of construction of capital assets is capitalized as a component of the cost of constructing those assets. Expenditures that materially increase values, change capacity, or extend useful lives are capitalized.

The Cancer Center has under construction, or is planning construction projects, with remaining estimated costs to complete of approximately \$254,396,000 as of June 30, 2022, to be primarily funded by the bond proceeds described in Note 6 and additional bond proceeds expected in the future.

Contributed Resources

The Cancer Center reports gifts of cash and other assets as restricted contributions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction or implied time restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of operations and changes in net assets as net assets released from donor restrictions.

Unconditional promises to give with payments to be received in future periods are reported as contributions with donor restrictions in the period the pledge is made. If there are no purpose restrictions on the pledge, the net assets with donor restrictions are reclassified to net assets without donor restrictions in the period the payment is received. Conditional promises to give are recognized when the conditions on which they depend have been met.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

State Appropriations

The Cancer Center receives annual appropriations from the State, which were approximately \$35,488,000 and \$35,489,000 for the years ended June 30, 2022 and 2021, respectively. For each of the years ended June 30, 2022 and 2021, a portion of the appropriation totaling \$10,577,000 was redirected to be used as state matching funds for the Cancer Center's participation in the Low Income Pool and received by the Cancer Center as enhanced Medicaid funding. These annual appropriations are recorded as other revenues in the accompanying consolidated statements of operations and changes in net assets.

Beginning January 1, 1999, the Florida Legislature enacted an appropriation for the Cancer Center to receive a percentage of net collections derived from the cigarette tax imposed by Section 210.02, Florida Statutes ("Cigarette Tax funds"). During the year ended June 30, 2021, the State amended the appropriation to 4.04% through June 30, 2021 (approximately \$15,600,000 annually) increasing to 7.0% for the period July 1, 2021 through June 30, 2024 (approximately \$27,000,000 annually) and 10% for the period July 1, 2024 through June 30, 2054 (approximately \$38,700,000 annually).

From January 1, 1999, and continuing through June 30, 2013, the Cigarette Tax funds were to be used for the purposes of constructing, furnishing, and equipping a cancer center research facility (research tower) at the university adjacent to the Cancer Center, as well as for the repayment of the debt incurred for the research tower. As of July 1, 2013, the Cigarette Tax funds are to be used for the purposes of constructing, furnishing, equipping, financing, operating, and maintaining cancer research and clinical and related facilities and other properties owned or leased by the Cancer Center, as well as for the repayment of the debt incurred for the Series 2012A bonds with additional bonds issued for the Series 2016A and Series 2020A. No receivable is recorded as of June 30, 2022 or 2021 in the accompanying consolidated balance sheets for the proceeds from the Cigarette Tax related to the period July 1, 2019 to June 30, 2054, as the amounts are subject to future legislative support from the State. For the years ended June 30, 2022 and 2021, the Cancer Center received approximately \$26,898,000 and \$15,524,000, respectively, from the Cigarette Tax proceeds and applicable earnings. These amounts are recorded as both other operating revenue and increases in net assets with donor restrictions for the years ended June 30, 2022 and 2021.

Deferred Financing Costs

Deferred financing costs are included as a reduction of long-term debt and are amortized over the remaining lives of the financing.

Bond Premium and Discount

Bonds payable are included in long-term debt, net of related original issue premium and discount. Such premiums and discounts are being amortized over the life of the bonds.

Income Taxes

The Cancer Center, the Hospital, the Moffitt Medical Group, and the Foundation have been recognized by the Internal Revenue Service as tax-exempt organizations as described in Section 501(c)(3) of the Internal Revenue Code (IRC) of 1986, and are exempt from federal and state taxes on related income pursuant to the IRC and Chapter 220.13 of the Florida Statutes, respectively. Moffitt Technologies Corp. and Oncobay Clinical are corporations subject to income tax. With respect to its for-profit entities, as well as any unrelated business income generated by the tax exempt entities, the Cancer Center records income taxes using the asset and liability method under which deferred tax assets and liabilities are recognized for expected future tax consequences of temporary differences between financial accounting and tax bases of assets and liabilities and are measured using the currently enacted tax rate and laws applicable in the period that the deferred tax asset or liability is expected to be realized or settled.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Significant judgment is required to evaluate uncertain tax positions. The Cancer Center evaluates its uncertain tax positions on a regular basis. Its evaluations are based on a number of factors, including changes in facts and circumstances, changes in tax law, and correspondence with tax authorities. The Cancer Center accounts for uncertain tax positions by recognizing a tax benefit or liability at the largest amount that, in its judgment, is more than 50% likely to be realized or paid based upon technical merits of the position. The Cancer Center currently has no tax benefits or liabilities related to uncertain tax positions.

Community Benefit

Since its inception and in accordance with its mission, the Cancer Center has been dedicated to improving community health and to collaborating with other community members to provide comprehensive care through an array of health programs and education, health services, and medical research for the uninsured and underinsured. Community benefit projects and services provided by the Cancer Center are identified through health assessments and strategic and/or clinical priorities. Community benefit categories include community benefit services, traditional charity care, and unpaid charges for government programs. The community benefit services include health care programs for the underserved in the community, including services such as health screenings, preventive care, and health education programs.

The Cancer Center provides care to patients who meet criteria under established charity care policies without charge or at amounts less than its established rates. The Cancer Center does not pursue collection of amounts determined to qualify as charity care, and they are not reported as revenue. Charity care is reported based upon criteria established by the Cancer Center and the State of Florida Agency for Health Care Administration. The estimated costs of providing the charity care were approximately \$33,102,000 and \$34,925,000 for the years ended June 30, 2022 and 2021, respectively. The Cancer Center also provides services to indigent patients who meet criteria established by Medicaid and other governmental programs at amounts that are less than its established rates.

The Cancer Center maintains records to identify and monitor the level of subsidized government indigent care it provides. The estimated costs of providing these services were approximately \$536,000 and \$8,708,000 for the years ended June 30, 2022 and 2021, respectively. The estimated costs (based on selected operating expenses, which include salaries, wages and benefits, supplies, and other operating expenses) were based on a calculation that multiplied the percentage of the selected operating expenses identified above to gross charges by the gross charity care or indigent care amount.

In addition to the charity and indigent care services noted above, an assessment of 1.0% to 1.5% of certain operating revenues is paid by the Cancer Center to help fund the Florida Medicaid and indigent care program. These assessments were approximately \$17,902,000 and \$15,911,000 for the years ended June 30, 2022 and 2021, respectively, and are included as a component of other operating expenses in the accompanying consolidated statements of operations and changes in net assets.

NOTE 3 - SUBSEQUENT EVENTS

The Cancer Center has evaluated subsequent events for the year ended June 30, 2022 through September 27, 2022, the date the consolidated financial statements were available to be issued.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

NOTE 4 - ASSETS LIMITED AS TO USE

The composition of assets limited as to use, stated at fair value, is set forth in the following table:

	June 30,	
	2022	2021
Cash and cash equivalents:		
Money market funds	\$ 189,884,578	\$ 375,762,794
Fixed income securities:		
Corporate debt securities	26,283,269	42,263,143
Mortgage-backed securities	2,205,237	2,158,835
Asset-backed securities	9,523,822	10,569,790
Equity securities	288,866,212	340,899,690
U.S. Government obligations	32,205,628	17,892,689
Alternative investments	43,383,459	29,307,865
	<u>592,352,205</u>	<u>818,854,806</u>
Less current portion	<u>(20,436,331)</u>	<u>(24,478,068)</u>
Total	<u>\$ 571,915,874</u>	<u>\$ 794,376,738</u>

Assets limited as to use are designated as follows:

	June 30,	
	2022	2021
Investment securities:		
Internally designated	\$ 334,563,192	\$ 367,620,267
Donor restricted	87,048,952	95,558,206
Held by bond trustee under indenture:		
Construction fund	139,023,228	321,439,495
Principal fund	8,412,458	11,812,166
Interest fund	8,150,769	10,489,766
Cost of issuance fund	349,562	63,524
Administrative fund	14,379	10,810
Revenue allocation fund	3,873,104	2,176,136
	<u>159,823,500</u>	<u>345,991,897</u>
Cigarette tax	<u>10,916,561</u>	<u>9,684,436</u>
	<u>592,352,205</u>	<u>818,854,806</u>
Less current portion	<u>(20,436,331)</u>	<u>(24,478,068)</u>
Total	<u>\$ 571,915,874</u>	<u>\$ 794,376,738</u>

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

NOTE 5 - NET ASSETS WITH DONOR RESTRICTIONS

Contributions received from donors and the State for a specific time period or purpose are reported as net assets with donor restrictions. Such net assets are available for the following purposes:

	June 30,	
	2022	2021
Research and education	\$ 90,448,524	\$ 80,750,622
Operations	2,726,861	3,530,412
Patient care	23,211,983	6,465,532
Cigarette tax	10,916,561	9,684,436
Financial aid for employees	97,088	96,720
	<u>\$ 127,401,017</u>	<u>\$ 100,527,722</u>

In addition, endowment contributions received from donors which are required to be held in perpetuity are reported as net assets with donor restrictions, the income from which is expendable for the following purposes:

	June 30,	
	2022	2021
Investment in perpetuity, the income from which is expendable to support:		
Research and education	\$ 13,242,847	\$ 15,269,978
Patient care	5,827,592	3,690,714
Operations	1,170,670	1,174,439
	<u>\$ 20,241,109</u>	<u>\$ 20,135,131</u>

Net asset classification of donor-restricted endowment funds for not-for-profit organizations subject to a State-enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006. The Florida Uniform Prudent Management of Institutional Funds Act (FUPMIFA) enhances provisions of FUMIFA; applies to all charitable institutions, not just those associated exclusively with education purposes; allows pooling for institutional funds for purposes of managing and investing; delineates factors to be considered prior to expenditures of funds; provides new procedures for releasing restrictions on small institutional funds; provides for modification of restrictions on the use of endowment funds; and provides for reversion of real property to the Board of Trustees of the State of Florida Internal Improvement Trust Fund if an entity holding a deed subject to a reverter clause violates the deed restrictions.

The following disclosures are made as required by these rules:

The Cancer Center endowment consists of 26 individual funds established for a variety of purposes. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

FUPMIFA requires the Board to use reasonable care, skill, and caution, as exercised by a prudent investor, in considering the investment management and expenditures of endowment funds. In accordance with FUPMIFA, the Board may expend so much of an endowment fund as the Board determines to be prudent for the uses and purposes for which the endowment fund is established consistent with the goal of conserving the long-term purchasing power of the endowment fund.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

In accordance with FUPMIFA, the Cancer Center considered the following factors in making a determination to distribute or accumulate donor-restricted funds:

- (1) The duration and preservation of fund
- (2) The purposes of the Cancer Center and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effects of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Cancer Center
- (7) The investment policies of the Cancer Center

As a result of this interpretation, the Cancer Center classifies as net assets with donor restrictions held in perpetuity: (1) the original value of gifts donated to the permanent endowment; (2) the original value of subsequent gifts to the permanent endowment; and (3) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The Cancer Center has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Cancer Center must hold in perpetuity. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to conservatively appreciate capital by emphasizing total return, net of inflation, and investment management costs over the long term.

To satisfy its long-term rate-of-return objectives, the Cancer Center relies on a total return strategy in which investment returns are achieved through capital appreciation (realized and unrealized) plus dividend and interest income. The Cancer Center targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term objective within prudent risk constraints.

The Cancer Center has a policy of appropriating for distribution each year 4% of its endowment fund's 12-month moving average market value at June 30 annually. In establishing this policy, the Cancer Center considered the long-term expected return on its endowment.

Accordingly, over the long term, the Cancer Center expects the current spending policy to allow its endowment to grow at an average of the long-term rate of inflation. This is consistent with the Cancer Center's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specific term, as well as to provide additional real growth through new gifts and investment return.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor of FUPMIFA requires the Cancer Center to retain as a fund of perpetual duration.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

The following is a summary of changes in endowment net assets for the years ended June 30, 2022 and 2021:

	Without Donor- Imposed Restrictions	With Donor- Imposed Restrictions	Total
Endowment net assets, June 30, 2020	\$ 7,835,609	\$ 18,619,086	\$ 26,454,695
Investment income	348,760	-	348,760
Net appreciation (realized and unrealized)	4,270,816	-	4,270,816
Contributions and memorials	-	846,610	846,610
Appropriation of endowment assets for expenditure	(987,840)	-	(987,840)
Reclassifications	(492,658)	669,435	176,777
Appropriation of endowment interest	827,428	-	827,428
Endowment net assets, June 30, 2021	11,802,115	20,135,131	31,937,246
Investment income	366,737	-	366,737
Net depreciation (realized and unrealized)	(2,489,220)	-	(2,489,220)
Contributions and memorials	-	65,978	65,978
Appropriation of endowment assets for expenditure	(942,265)	-	(942,265)
Reclassifications	-	40,000	40,000
Appropriation of endowment interest	873,606	-	873,606
Endowment net assets, June 30, 2022	<u>\$ 9,610,973</u>	<u>\$ 20,241,109</u>	<u>\$ 29,852,082</u>

NOTE 6 - LONG-TERM DEBT

The Cancer Center is obligated under long-term debt as follows:

	June 30,	
	2022	2021
Capital Improvement Hospital Revenue Bonds, Series 2010AC, includes serial bonds in varying amounts from September 1, 2021 to September 1, 2030, plus interest at variable rates as defined (1.61% and 0.98% at June 30, 2022 and 2021, respectively), including unamortized issuance costs of \$141,203 and \$158,494 at June 30, 2022 and 2021, respectively.	\$ 11,413,797	\$ 12,551,506

In September 2010, the Cancer Center issued \$22,000,000 in Hospital Revenue Bonds, Series 2010A (2010 Bonds), for construction, renovation, and equipping of the new Moffitt at International Plaza location. The 2010 Bonds are secured under the Indenture that provides, among other things, a security interest in

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

gross revenues, accounts receivable, and certain property. Under the terms of the indenture, the Cancer Center is required to maintain a minimum debt service coverage ratio. The Indenture also provides for limitations on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In September 2012, the Cancer Center issued additional Cigarette Tax Bonds, Series 2012A, in the amount of \$132,310,000, and refunded the existing Series 2002A and Series 2002B Cigarette Tax Bonds. The additional Cigarette Tax Bonds were issued for the construction and equipping of a multistory clinical and research facility, as well as the construction and equipping of clinical and research facilities, including additional bed capacity, operating suites, and associated facilities and infrastructure. The Cigarette Bonds are secured under the Indenture that provides for, among other things, a security interest in the annual collections from the Cigarette Tax Trust Fund as discussed in Note 2. The Indenture also provides for limitations on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In November 2012, the Cancer Center issued \$36,635,000 in Revenue Bonds, Series 2012B (2012B Bonds). The proceeds were used to refinance the existing Series 1999A and Series 2002C Revenue Bonds in order to achieve cost savings based on the current economic environment. The 2012B Bonds are secured under the Indenture that provides, among other things, a security interest in gross revenues, accounts receivable, and certain property. Under the terms of the Indenture, the Cancer Center is required to maintain a minimum debt service coverage ratio. The Indenture also provides for limitations on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In October 2015, the Cancer Center refunded the existing Series 2010A Hospital Revenue Bond (Original 2010A Bond) to achieve net present value savings and an extended put date. The Original 2010A Bond as issued on September 8, 2010 had an original principal amount of \$22,000,000, of which \$18,440,000 was outstanding at the time of refunding. This refunding was issued in two sub-series of replacement bonds in the amount of \$9,750,000 (Replacement Series 2010A Bond) and \$8,690,000 (Replacement Series 2010B Bond). On October 22, 2015, the Replacement Series 2010B Bond issued on October 6, 2015 was replaced and retired concurrently with the issuance of Replacement 2010C Bond in the full amount of \$8,690,000. The 2010AC Replacement Bonds are secured under the Indenture that provides, among other things, a security interest in gross revenues, accounts receivable, and certain property. The Indenture also provides for limitations on additional indebtedness and transfer of operating assets, unrestricted cash, and marketable securities. The terms of the Indenture were reaffirmed and remain the same. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In November 2016, the Cancer Center issued additional Cigarette Tax Bonds, Series 2016A (2016A Bonds) in the amount of \$51,885,000. The 2016A Bonds were issued for the construction and equipping of a clinical support facility, the relocation of a childcare center, as well as the retrofitting of existing hospital facilities and clinic operations floors and various facilities, clinical support equipment and infrastructure. The 2016A Bonds are secured under the Indenture that provides for, among other things, a security interest in the annual collections from the Cigarette Tax Trust Fund as discussed in Note 2. The Indenture also provides for limitations on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In November 2016, the Cancer Center issued \$83,945,000 in Hospital Revenue Refunding Bonds, Series 2016B (2016B Bonds). The proceeds were used to refinance the existing Series 2007A Hospital Revenue Bonds in order to achieve cost savings based on the current economic environment. The 2016B Bonds are secured under the Indenture that provides, among other things, a security interest in gross revenues, accounts receivable, and certain property. Under the terms of the Indenture, the Cancer Center is required to maintain a minimum debt service coverage ratio. The Indenture also provides for limitations

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In June 2020, the Cancer Center issued additional Cigarette Tax Bonds, Series 2020A (2020A Bonds) in the amount of \$119,978,935 through capital appreciation bonds. The 2020A Bonds were issued to pay certain costs associated with the construction, equipping, furnishing improvement and equipping of various medical and research facilities including a hospital expansion project and various facilities, infrastructure support, equipment, furnishings, backfill and refurbishment projects. The 2020A Bonds are secured under the Indenture that provides for, among other things, a security interest in the annual collections from the Cigarette Tax Trust Fund as discussed in Note 2 related to the appropriation amendment that extended the Act through 2053. The Indenture also provides for limitations on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In June 2020, the Cancer Center issued \$260,700,000 in Hospital Revenue Bonds, Series 2020B (2020B Bonds). The proceeds will be used for the construction, equipping, furnishing and improvement of various medical and research facilities capital projects including a hospital expansion project and various facilities, infrastructure support, equipment, furnishings, backfill and refurbishment projects. The 2020B Bonds are secured under the Indenture that provides, among other things, a security interest in gross revenues, accounts receivable, and certain property. Under the terms of the Indenture, the Cancer Center is required to maintain a minimum debt service coverage ratio. The Indenture also provides for limitations on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In April 2022, the Cancer Center issued \$17,330,000 in Revenue Bonds, Series 2022B (2022B Bonds). The proceeds were used to refinance the existing Series 2012B Revenue Bonds in order to achieve cost savings based on the current economic environment. The 2022B Bonds are secured under the Indenture that provides, among other things, a security interest in gross revenues, accounts receivable, and certain property. Under the terms of the Indenture, the Cancer Center is required to maintain a minimum debt service coverage ratio. The Indenture also provides for limitations on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

In June 2022, the Cancer Center issued \$76,125,000 in Cigarette Tax Bonds, Series 2022A (2022A Bonds). The proceeds were used to refinance the existing Series 2012A Bonds in order to achieve cost savings based on the current economic environment. The Cigarette Bonds are secured under the Indenture that provides for, among other things, a security interest in the annual collections from the Cigarette Tax Trust Fund as discussed in Note 2. The Indenture also provides for limitations on additional indebtedness and transfers of operating assets, unrestricted cash, and marketable securities. At June 30, 2022, the Cancer Center is in compliance with these requirements.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Maturities of long-term debt as of June 30, 2022, are as follows:

2023	\$ 15,035,000
2024	14,790,000
2025	15,495,000
2026	16,240,000
2027	17,015,000
Thereafter	<u>530,288,935</u>
	608,863,935
Plus unamortized net premium and issuance costs	<u>58,595,322</u>
	<u>\$ 667,459,257</u>

For the years ended June 30, 2022 and 2021, the Cancer Center incurred interest expense of approximately \$9,467,000 and \$9,617,000, respectively, and paid interest of approximately \$19,571,000 and \$14,956,000, respectively. Interest capitalized was approximately \$14,497,000 (interest costs of approximately \$15,494,000 net of capitalized interest income of approximately \$997,000) and \$14,524,000 (interest costs of approximately \$15,535,000 net of capitalized interest income of approximately \$1,011,000) for the years ended June 30, 2022 and 2021, respectively.

The Cancer Center has a line of credit, as amended, for short-term working capital needs. The line of credit available is up to \$40,000,000 with a maturity date of June 1, 2023. Interest is based upon the Bloomberg Short-Term Bank Yield Index (BSBY) daily floating rate plus applicable margin. Under the terms of the line of credit agreement, the Cancer Center is required to maintain a minimum debt service coverage ratio and a certain level of days cash on hand with the agreement secured by an obligation under the Master Trust Indenture. At June 30, 2022, the Cancer Center is in compliance with these requirements. There was no outstanding balance under the line of credit at June 30, 2022 and 2021, respectively.

During the year ended June 30, 2020, the Cancer Center entered into two irrevocable standby letters of credit related to the purchase of land for future expansion opportunities. These two letters of credit have an expiration date of February 4, 2023 with a not-to-exceed amount of \$15,500,000.

NOTE 7 - OPERATING LEASES

The Cancer Center has operating and finance leases primarily for space and equipment. The leases have remaining lease terms of less than one year to approximately 15 years, some of which include options to extend or terminate the lease term. The Cancer Center determines if an arrangement is a lease at inception. Operating leases are included in the consolidated balance sheets as a right-of-use ("ROU") - operating leases asset, current portion of operating lease liability and operating lease liability, net of current portion. Finance leases are included in the consolidated balance sheets as property, plant and equipment and other liabilities.

ROU assets represent the Cancer Center's right to use an underlying asset for the lease term, and lease liabilities represent the obligation to make lease payments arising from the lease. Operating lease ROU assets and lease liabilities are recognized on the commencement date of the lease based on the present value of the lease payments over the lease term. Variable lease payments that depend on an index or rate include the variable portion when calculating ROU assets and lease liabilities. Variable lease payments that do not depend on an index or rate are expensed as incurred. As most of the leases do not provide an implicit rate, an incremental borrowing rate is used to determine the present value of lease payments. The

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

implicit rate is used when readily determinable. The operating lease ROU assets include any lease payments made and lease incentives. Lease terms may include options to extend or terminate the lease when it is reasonably certain at time of commencement that it will be exercised. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

While the Cancer Center has lease agreements with lease and non-lease components, they are accounted for as a single lease component. The components of lease expense were as follows:

	<u>For the Years Ended June 30,</u>	
	<u>2022</u>	<u>2021</u>
Operating lease cost	<u>\$ 14,606,756</u>	<u>\$ 14,630,775</u>
Finance lease cost:		
Amortization of ROU assets	<u>\$ 422,426</u>	<u>\$ 422,903</u>
Interest on lease liabilities	<u>144,737</u>	<u>156,397</u>
Total finance lease cost	<u>\$ 567,163</u>	<u>\$ 579,300</u>

Lease payments made for short-term leases where terms are 12 months or less are recognized as payments are incurred. Short-term lease cost for the years ended June 30, 2022 and 2021 was \$0 and \$1,695,000, respectively.

Supplemental consolidated balance sheet information related to leases is as follows:

	<u>June 30,</u>	
	<u>2022</u>	<u>2021</u>
Operating leases:		
Operating lease ROU asset	<u>\$ 49,101,113</u>	<u>\$ 52,808,347</u>
Current operating lease liability	<u>\$ 11,760,799</u>	<u>\$ 10,414,705</u>
Operating lease liability, less current portion	<u>32,163,555</u>	<u>36,941,057</u>
Total operating lease liability	<u>\$ 43,924,354</u>	<u>\$ 47,355,762</u>
Finance leases:		
Property, plant and equipment, at cost	<u>\$ 1,880,888</u>	<u>\$ 1,880,888</u>
Accumulated depreciation	<u>(1,034,888)</u>	<u>(955,667)</u>
Property, plant and equipment, net	<u>\$ 846,000</u>	<u>\$ 925,221</u>
Current finance lease liability, included in accounts payable and accrued expenses	<u>\$ 93,757</u>	<u>\$ 78,621</u>
Finance lease liability, less current portion, included in other liabilities	<u>1,545,583</u>	<u>1,639,341</u>
Total finance lease liability	<u>\$ 1,639,340</u>	<u>\$ 1,717,962</u>

NOTE 8 - RETIREMENT AND HEALTH PLAN

The Cancer Center has a defined contribution benefit plan (“the Plan”) covering substantially all its employees with contributions to retirement accounts that are made through a matching contribution formula. Employee forfeitures are used to reduce the Cancer Center’s required contribution to the Plan. The total retirement costs under the Plan, net of forfeitures, were approximately \$34,768,000 and \$31,609,000 for the years ended June 30, 2022 and 2021, respectively.

The Cancer Center has an employee health benefit plan covering substantially all health costs for eligible employees and their dependents, including self-insurance coverage for amounts up to specified levels. Health claims expense was approximately \$59,328,000 and \$55,003,000 for the years ended June 30, 2022 and 2021, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

NOTE 9 – NONOPERATING (LOSSES) GAINS, NET

Nonoperating (losses) gains, net, consist of the following:

	For the Years Ended June 30,	
	2022	2021
Interest income and dividends	\$ 9,268,338	\$ 8,560,769
Net unrealized and realized investment (loss) gain	(51,901,752)	96,978,000
Gain on early extinguishment of debt	1,679,127	-
Loss on sale of property, plant, and equipment	(264,395)	(64,648)
Loss on deconsolidation of M2Gen, Corp.	-	(21,566,762)
Other	(914,581)	(284,168)
	<u>\$ (42,133,263)</u>	<u>\$ 83,623,191</u>

NOTE 10 - CONCENTRATIONS OF CREDIT RISK

The Cancer Center grants credit without collateral to its patients, most of whom are from the greater Tampa Bay area and are insured under third-party payor agreements. The Cancer Center does not charge interest on patient accounts receivable. Patient accounts receivable included approximately \$168,104,000, or 79%, and \$140,293,000, or 79%, due from managed care payors, and approximately \$29,679,000, or 14%, and \$22,737,000, or 13%, due from the Medicare program at June 30, 2022 and 2021, respectively. The credit risk for other concentrations of receivables is limited due to the large number of insurance companies and other payors that provide payments for services. Patient accounts receivable are reported net of implicit price concessions in the accompanying consolidated balance sheets.

NOTE 11 - PLEDGES RECEIVABLE

Outstanding pledges receivable from various corporations, foundations, and individuals are as follows:

	June 30,	
	2022	2021
Pledges due:		
In less than one year	\$ 9,065,000	\$ 2,924,991
Greater than one year	20,286,356	13,905,225
	29,351,356	16,830,216
Discounts on pledges greater than one year	(893,806)	(697,186)
Allowance for uncollectible pledges	(200,000)	(200,000)
	28,257,550	15,933,030
Less current portion	(9,065,000)	(2,924,991)
	<u>\$ 19,192,550</u>	<u>\$ 13,008,039</u>

At June 30, 2022 and 2021, approximately \$5,825,000 and \$6,243,000, respectively, of gross pledges receivable are due from members and officers of the Board of Directors of the Cancer Center and its subsidiaries.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

NOTE 12 - OTHER FUNDING SOURCES

Grant monies received and disbursed by the Cancer Center are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the Cancer Center does not believe that such disallowances, if any, would have a material effect on the financial position of the Cancer Center.

NOTE 13 - AFFILIATED ORGANIZATIONS

The Cancer Center is affiliated with the University of South Florida (the University) through an affiliation agreement whereby the Cancer Center and its subsidiaries agree to participate as an affiliated teaching hospital of the University, and to permit the use of the facilities and access to its programs and patients by University faculty, resident physicians, and students for mutually approved patient care, training, education, and research programs and activities. The amounts charged to the Cancer Center for transactions with the University may not necessarily result in the net costs that would be incurred by the Cancer Center on a stand-alone basis.

The Cancer Center leases a portion of its property, plant, and equipment under a sublease agreement (Sublease) with the Florida Board of Education through January 21, 2073, as amended. Under the terms of the Sublease, the Cancer Center is authorized to use the property, plant, and equipment only for the construction, maintenance, and operations of a cancer diagnosis, treatment, and education and research facility. The title to the property, plant, and equipment is held by the state of Florida, and at the expiration of the lease term, shall automatically vest with the Florida Board of Education.

The Cancer Center has other agreements with the University to purchase utility services, to lease parking spaces, and to provide maintenance, cleaning, environmental, water and other services to the University. During 2022 and 2021, the Cancer Center paid the University approximately \$14,486,000 and \$10,164,000, respectively, in connection with these agreements.

During the years ended June 30, 2022 and 2021, the Cancer Center had agreements with the University to provide professional and support staff, along with other services, at the Cancer Center. These services included research, medical education, administrative, and patient care services. The following amounts were paid in relation to these agreements:

	For the Years Ended June 30,	
	2022	2021
Faculty salaries	\$ 11,355,000	\$ 10,407,000
Other support	811,000	709,000

Amounts due to the University as of June 30, 2022 and 2021 are as follows:

	June 30,	
	2022	2021
Due to (included in accounts payable and accrued expenses)	\$ (515,000)	\$ (706,000)

The University of South Florida Foundation, Inc. (the USF Foundation), a Direct Support Organization of the University, controls certain funds for the benefit of the Cancer Center. The income from these funds is distributed to the Cancer Center as determined by the USF Foundation's Board of Directors. Approximately \$6,907,000 and \$8,195,000 of investments at June 30, 2022 and 2021, respectively, are held by the

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Foundation for the dual benefit of the Cancer Center and the University. Such amounts are not included in these consolidated financial statements.

NOTE 14 - PROFESSIONAL LIABILITY AND OTHER CONTINGENCIES

The Cancer Center's program of professional liability coverage is a claims-made commercial insurance policy. The Cancer Center is liable for specified retention amounts under the coverage and claim amounts in excess of retention limits are payable by the commercial insurance carriers. Also, the Cancer Center is statutorily provided sovereign immunity pursuant to Chapter 768.26 of the *Florida Statutes*.

Losses from asserted and unasserted claims identified under the Cancer Center's incident reporting system are accrued based on estimates that incorporate the Cancer Center's past experience, as well as other considerations, including the nature of each claim or incident, and relevant trend factors based on actuarially determined amounts. Accruals for possible losses attributable to incidents that may have occurred but have not been identified under the incident reporting system have been made based upon the Cancer Center's experience and industry data. In the accompanying consolidated balance sheets, accrued expenses and other liabilities include \$2,849,000 and \$2,702,000 for professional liability reserves as of June 30, 2022 and 2021, respectively.

The Cancer Center may be liable for potential losses in excess of the amount recorded at June 30, 2022 and 2021; however, in management's opinion, such losses, if any, would not have a material adverse effect on the consolidated financial position or results of operations of the Cancer Center.

From time to time, the Cancer Center is subject to other asserted claims, and is aware of other unasserted matters that might be asserted at a later date. In the opinion of management, the resolution of all such matters would not have a significant impact on the Cancer Center's consolidated financial position, results of operations or cash flows.

NOTE 15 - FUNCTIONAL EXPENSES

Costs incurred by the Cancer Center in furtherance of its mission to contribute to the prevention and cure of cancer are as follows:

	For the Year Ended June 30, 2022		
	Program Services	General and Administrative	Total
Salaries, wages and benefits	\$ 880,758,231	\$ 15,300,656	\$ 896,058,887

NOTE 16 - NET ASSETS RELEASED FROM DONOR RESTRICTIONS

Net assets were released from restrictions by incurring expenses satisfying the restricted purposes, or by the occurrence of other events specified by donors, as follows:

	For the Years Ended June 30,	
	2022	2021
Restriction met:		
Patient care	\$ 1,873,935	\$ 296,459
Research and education	45,902,933	20,725,594
Financial aid for employees	2,692	3,041
Cigarette tax - used for payment of principal and interest	24,104,010	14,675,233
Time	904,043	3,245,344
	<u>\$ 72,787,613</u>	<u>\$ 38,945,671</u>

NOTE 17 - NON-CONTROLLING INTEREST

On April 20, 2017, the Cancer Center contributed a portion of its shares held in M2Gen, Corp. to an unrelated charitable foundation. Accordingly, subsequent to the contribution, M2Gen, Corp. was no longer a wholly owned subsidiary of the Cancer Center.

During the year ended June 30, 2018, M2Gen, Corp. sold convertible preferred stock designated as Series A Preferred Stock representing 24.9% outstanding interest in M2Gen, Corp. to an unrelated party to accelerate the discovery of innovative cancer therapies and improve care for patients nationwide.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

In March 2021, results of M2Gen, Corp. were deconsolidated from the Cancer Center's consolidated financial statements which resulted in a redemption of the non-controlling interest upon deconsolidation of \$17,669,529 (see Note 18). The following table presents the changes in consolidated net assets without donor restrictions attributable to the Cancer Center and transfers to the non-controlling interest in M2Gen, Corp. and related deconsolidation.

	<u>Total</u>	<u>Controlling Interest</u>	<u>Non-Controlling Interest</u>
Balance, June 30, 2020	\$ 936,316,164	\$ 913,745,729	\$ 22,570,435
Excess of revenue and gains over expenses and losses	179,762,915	181,854,656	(2,091,741)
Other changes:			
Net assets released from restrictions and used to purchase property, plant and equipment	204,919	204,919	-
Net assets released from restrictions and used for payment of long-term debt	9,439,017	9,439,017	-
Deconsolidation of M2Gen, Corp.	(17,669,529)	-	(17,669,529)
Grants received for reimbursement of property, plant and equipment	12,511	12,511	-
Restricted investment income	(827,428)	(827,428)	-
Other	2,835,777	5,644,942	(2,809,165)
Balance, June 30, 2021	<u>\$ 1,110,074,346</u>	<u>\$ 1,110,074,346</u>	<u>\$ -</u>

Subsequent to the deconsolidation of M2Gen in March 2021, the Cancer Center's consolidated financial statements do not include any non-controlling interests.

NOTE 18 - INVESTMENT IN M2GEN HOLDINGS, L.P.

The Cancer Center was the controlling shareholder of a for-profit subsidiary corporation, M2Gen, Corp. through March 17, 2021. In March 2021, the Cancer Center entered into a limited partnership agreement with certain investors to form M2Gen Holdings, L.P. where the Cancer Center's outstanding equity interest in M2Gen, Corp. was exchanged for a partnership interest in M2Gen Holdings, L.P. As a result, the Cancer Center ceased consolidating M2Gen, Corp.'s financial statements. The deconsolidation resulted in a recorded loss of \$21,566,762 within nonoperating (losses) gains and adjusting the noncontrolling interest of \$17,669,529 in net assets without donor restrictions. The Cancer Center owns 4,375 partnership units in the newly formed M2Gen Holdings, L.P. (which is approximately 18.6% of outstanding partnership units) recorded using the cost method as the Cancer Center does not have the ability to exercise significant influence over the operating and financial decisions of M2Gen Holdings, L.P. The investment is recorded within other assets at a valuation of \$14,700,000 utilizing an option pricing model considering the rights and liquidation preferences of the various equity classes contained within the limited partnership agreement.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

The Board of Directors
H. Lee Moffitt Cancer Center & Research Institute, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the consolidated financial statements of H. Lee Moffitt Cancer Center & Research Institute, Inc. and subsidiaries (the Cancer Center), which comprise the consolidated balance sheet as of June 30, 2022, and the related consolidated statements of operations and changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 27, 2022.

Report on internal control over financial reporting

In planning and performing our audit of the consolidated financial statements, we considered the Cancer Center's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cancer Center's internal control. Accordingly, we do not express an opinion on the effectiveness of the Cancer Center's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Cancer Center's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on compliance and other matters

As part of obtaining reasonable assurance about whether the Cancer Center's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cancer Center's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cancer Center's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE CHAPTER 10.650, RULES OF THE AUDITOR GENERAL AND THE FLORIDA SINGLE AUDIT ACT

The Board of Directors
H. Lee Moffitt Cancer Center & Research Institute, Inc.

Report on compliance for each major federal program and state project

Opinion on each major federal program and state project

We have audited the compliance of H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries (the Cancer Center) with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget's *OMB Compliance Supplement* and the requirements identified as subject to audit in the State of Florida Department of Financial Services' State Projects Compliance Supplement that could have a direct and material effect on each of the Cancer Center's major federal programs and state projects for the year ended June 30, 2022. The Cancer Center's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Cancer Center complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended June 30, 2022.

Basis for opinion on each major federal program and state project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (US GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. Code of *Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), the Florida Single Audit Act (Section 215.97, *Florida Statutes*), and Chapter 10.650, *Rules of the Auditor General*. Our responsibilities under those standards and the Uniform Guidance, Section 215.97, *Florida Statutes*, and Chapter 10.650, *Rules of the Auditor General* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Cancer Center and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the Cancer Center's compliance with the compliance requirements referred to above.

Responsibilities of management for compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Cancer Center's federal programs and state projects.

Auditor's responsibilities for the audit of compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Cancer Center's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS, *Government Auditing Standards*, and the Uniform Guidance, Section 215.97, *Florida Statutes*, and Chapter 10.650, *Rules of the Auditor General* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Cancer Center's compliance with the requirements of each major federal program or state project as a whole.

In performing an audit in accordance with US GAAS, *Government Auditing Standards*, and the Uniform Guidance, Section 215.97, *Florida Statutes*, and Chapter 10.650, *Rules of the Auditor General*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Cancer Center's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, Section 215.97, *Florida Statutes*, and Chapter 10.650, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of the Cancer Center's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on internal control over compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or a state project on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the Cancer Center's internal control over compliance that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance, Section 215.97, *Florida Statutes*, and Chapter 10.650, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS
ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND
STATE FINANCIAL ASSISTANCE REQUIRED BY THE UNIFORM
GUIDANCE, CHAPTER 10.650, RULES OF THE AUDITOR GENERAL, AND
THE FLORIDA SINGLE AUDIT ACT**

The Board of Directors
H. Lee Moffitt Cancer Center & Research Institute, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of H. Lee Moffitt Cancer Center & Research Institute, Inc. and subsidiaries (the Cancer Center) as of and for the year ended June 30, 2022. We issued our report thereon, dated September 27, 2022, which expressed an unmodified opinion on these consolidated financial statements. Our audit was performed for the purpose of forming an opinion on these consolidated financial statements as a whole.

The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, the *Florida Single Audit Act* (Section 215.97, Florida Statutes) and Chapter 10.650, *Rules of the Auditor General*, and is not a required part of the consolidated financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

Year ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and presentation of the Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) of H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries (the Cancer Center) have been designed to conform to accounting principles generally accepted in the United States and the reporting and compliance requirements of Title 2 U.S. Code of Federal Regulation (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), Section 215.97, *Florida Statutes*, and Chapter 10.650, *Rules of the Auditor General*.

Reporting Entity

Uniform Guidance, Section 215.97, *Florida Statutes*, and Chapter 10.650, *Rules of the Auditor General*, set forth the audit and reporting requirements for federal awards and state financial assistance. The Schedule includes all federal and state awards expended by the Cancer Center.

Basis of Accounting

The Schedule has been prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues when they are earned and expenditures when the related liability is incurred.

NOTE 2 - INDIRECT COST RATE

The Cancer Center did not use the 10 percent de minimis indirect cost rate allowed by the Uniform Guidance.

NOTE 3 - CONTINGENCIES

Grant monies received and disbursed by the Cancer Center are for specific purposes and are subject to audit by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the Cancer Center does not believe that such disallowances, if any, would have a material effect on the financial position of the Cancer Center. As of September 27, 2022, there were no material questioned or disallowed costs as a result of grant audits in process or completed of which management is aware.

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FEDERAL PROGRAMS AND STATE PROJECTS

Year ended June 30, 2022

SECTION I - SUMMARY OF AUDITORS' RESULTS

Financial Statements

Type of auditor's report issued:	Unmodified
Internal control over financial reporting:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	None reported
Noncompliance material to financial statements noted?	No
Noncompliance material to financial statements noted?	No

Federal Awards and State Financial Assistance

Internal control over major programs:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	None reported
Type of auditor's report issued on compliance for major programs and state projects:	
Any audit findings disclosed that are required to be reported related to Federal programs in accordance with 2 CFR 200.516(a) (Uniform Guidance), Section 215.97, Florida Statutes and Chapter 10.650, Rules of the Auditor General?	No

Identification of major federal programs and state projects:

Federal Programs:

<u>AL Number</u>	<u>Name of Federal Program or Cluster</u>
12.420, 47.049, 93.103, 93.113, 93.121, 93.213, 93.279, 93.307, 93.310, 93.353, 93.361, 93.393, 93.394, 93.395, 93.396, 93.397, 93.398, 93.399, 93.837, 93.838, 93.839, 93.847, 93.853, 93.855, 93.859, 93.865, 93.866	Research and Development Cluster

State Projects:

<u>CSFA Number</u>	<u>Name of State Project</u>
64.041	James and Esther King Biomedical Research Program
64.078	Bankhead-Coley Cancer Research Program
64.128	Florida Consortium of National Cancer Center Institute (NCI) Centers Program

H. Lee Moffitt Cancer Center & Research Institute, Inc. and Subsidiaries

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FEDERAL PROGRAMS AND STATE PROJECTS - CONTINUED**

Year ended June 30, 2022

SECTION II - FINANCIAL STATEMENT FINDINGS

No matters reported

SECTION III - FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

No matters reported

SECTION IV - OTHER ISSUES

No management letter is required because there were no findings required to be reported in the management letter.

There are no findings required to be reported in a management letter pursuant to Section 10.654(1), *Rules of the Audit General*.

There were no prior audit findings.
