Independent Auditors' Report

The Board of Trustees
Santa Clara University:

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Santa Clara University (the University), which comprise the consolidated balance sheet as of June 30, 2022, and the related consolidated statement of activities, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated balance sheet of the University as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for one year after the date the consolidated financial statements were issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying Supplementary Schedule of Financial Responsibility Data is presented for purposes of additional analysis as required by the US Department of Education, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Schedule of Financial Responsibility Data is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited the University's 2021 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated October 18, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2022 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(1) Organization and Summary of Significant Accounting Policies

(a) Organization

The President and Board of Trustees of Santa Clara College (dba Santa Clara University) is an independent, coeducational institution of higher learning offering undergraduate and graduate degrees in more than 50 fields of study. Santa Clara University was founded in 1851 by the Society of Jesus on the site of Mission Santa Clara de Asis in Northern California. The Jesuit School of Theology of Santa Clara University and the Bronco Bench Foundation are affiliated entities and their financial information has been consolidated with Santa Clara University (collectively referred to as the University) and all interaffiliate transactions have been eliminated.

The University's primary source of revenue is tuition and fees from undergraduate, graduate, and law programs through the College of Arts & Sciences, Leavey School of Business, and the schools of Engineering, Education and Counseling Psychology, and Law as well as the Jesuit School of Theology. Other sources of revenue include room and board, contributions, grants, return on investments, and other sales and services

(b) Basis of Presentation

The University's consolidated financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The University displays its net assets and activities based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the University and changes therein are classified and reported as net assets without donor restrictions and net assets with donor restrictions. Refer to note 2 for further information regarding net asset classifications.

(c) Cash and Cash Equivalents

Cash and cash equivalents consist primarily of operating cash, money market funds, and treasury instruments with original maturities of three months or less. Assets with characteristics of cash and cash equivalents that are held in endowment funds are reported as investments and not included in cash and cash equivalents within the statement of cash flows.

(d) Contributions

Unconditional promises to give are initially recorded at fair value. In subsequent periods, unconditional promises to give are recorded at the estimated net present value, net of an allowance for uncollectible amounts, and are classified in the appropriate net asset category. The University records contributions of land, buildings, or equipment as revenue without donor restriction unless the donor places restrictions on their use.

(e) Investments

In accordance with U.S. generally accepted accounting principles, the University reports investments at fair value based upon a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

Level 2 – Inputs of other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. This includes quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data.

Level 3 – Inputs are unobservable for the asset or liability. Unobservable inputs reflect the University's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The majority of the University's investments are held through limited partnerships and commingled funds for which fair value is estimated using net asset value (NAV) reported by fund managers as a practical expedient, in accordance with Accounting Standards Update No. 2015-07 (ASU 2015-07), *Fair Value Measurement Disclosures for Investments in Certain Entities that Calculate NAV per Share (or its Equivalent)*. Such assets are not classified in the fair value hierarchy.

(f) Funds Held in Trust by Others

Funds held in trust by others consist of the unexpended proceeds of bonds payable which will be used for construction of certain facilities.

(g) Fair Value of Financial Instruments

The University did not elect fair value accounting for any asset or liability that is not currently required to be measured at fair value.

Fair value of the University's financial instruments is determined using the estimates, methods, and assumptions as set forth below. See note 5 for further information regarding investments and their fair value.

(i) Cash Equivalents, Student and Other Receivables, Accounts Payable, and Accrued Expenses

Fair value approximates book value due to the short maturity of these instruments. A reasonable estimate of the fair value of student loans extended under government loan programs has not been made as the loans can only be assigned to the U.S. government or its designees.

(ii) Contributions Receivable

Contributions receivable are reported based on the discounted value of estimated cash flows. Pledges are discounted at an interest rate that reflects the risks inherent in those cash flows. These inputs to the fair value estimate are considered Level 3 in the fair value hierarchy. Book value approximates fair value.

(iii) Funds Held in Trust by Others

Funds held in trust by others are reported at fair value and are invested in short-term, highly liquid securities considered Level 1 in the fair value hierarchy.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(iv) Leases

The University's lease obligations bear interest at rates which approximate prevailing market rates for instruments with similar characteristics and, accordingly, the carrying value approximates fair value.

(v) Alternative Investments

Alternative investments, such as private equity interests, are recorded based on valuations provided by the general partners or external investment managers. As these generally are investments without a ready market to compare, the inputs into the determination of fair value require significant judgment. Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for these investments existed. Management reviews and evaluates the valuations and has determined that the valuation methods and assumptions result in reasonable estimates of fair value.

(vi) Annuity and Trust Obligations

The carrying amount of annuity and trust obligations approximates fair value as the instruments are recorded at the estimated net present value of future cash flows. The estimated fair value, however, involves unobservable inputs considered to be Level 3 in the fair value hierarchy.

(h) Collections

The University's collections are made up of artifacts of historical significance and art objects that are held for educational, research, and curatorial purposes. The collections, which have been acquired through contributions since the University's inception, are not recognized as assets in the accompanying consolidated balance sheet.

(i) Property, Plant and Equipment

Property, plant and equipment assets are stated at cost at the date of acquisition, or fair value at the date of donation in the case of gifts in kind. Depreciation of property, plant, and equipment assets is computed using the straight-line method over estimated useful lives of 3 to 50 years. Amortization of right of use assets is provided over the estimated useful lives of the assets or over the life of the lease, as applicable, using the straight-line method.

(j) Deposits and Deferred Revenue

Deposits and deferred revenue consist of deposits and tuition and fees collected for not yet completed summer and fall terms and other miscellaneous deferred revenue. Deposits and deferred revenue relating to tuition and fee revenue, less any refunds issued, will be recognized as revenue as services are rendered over the academic terms occurring in the year ending June 30, 2022. Also included in deposits and deferred revenue is \$6,046,000 which relates to a contract agreement. Revenue for this contract will be recognized each year over the life of the contract which expires in June 2030. The University applies the practical expedient in Accounting Standards Codification (ASC) 606-10-50-14 and therefore does not disclose information about performance obligations that have an origination and expected duration within the fiscal year.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(k) Annuity and Trust Obligations

The University has a variety of gift agreements, including charitable gift annuities and charitable remainder trusts, for which the University is the trustee. An estimated liability has been recorded for charitable gift annuities based upon Internal Revenue Service (IRS) actuarial tables. For charitable remainder trusts, the difference between the fair value of trust investments and the estimated University's remainder interests has been recorded as a liability.

(l) Bond Premiums and Issuance Costs

Bond premiums and issuance costs are amortized using a method that approximates the effective interest method over the life of the associated bond issue. Bond premiums are included in bonds and notes payable, and issuance costs are netted against bonds and notes payable in the accompanying consolidated balance sheet.

(m) Revenue Recognition

Student tuition, fees, and room and board are recognized in the period the services are provided. Institutional scholarships awarded to students reduce the amount of revenue recognized. In addition, students who adjust their course load or withdraw completely within the first three weeks of the academic term may receive a full or partial refund in accordance with the University's refund policy. Refunds issued reduce the amount of revenue recognized. Payments for tuition are due approximately three to four weeks prior to the start of the academic term. Contributions, including unconditional promises to give, are recognized in the period received and are reported as increases in the appropriate category of net assets. Conditional contributions are not recorded as revenue until the conditions on which they depend have been substantially met. Return on investments are recorded on the accrual basis of accounting. Other sources of revenue are recognized in the fiscal year in which they are earned.

In response to the COVID-19 pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act on March 27, 2020. The University recognized \$9,203,000 and \$7,515,000 as of June 30, 2022 and 2021, respectively, in contributions revenue as a result of the CARES Act. The portion used to award COVID-19 relief to students is included in operating expenses and the remaining amount was used to offset lost revenues and refunds of housing and dining charges.

(n) Credit Concentration

Financial instruments that potentially subject the University to concentration of credit risk are cash, cash equivalents, investments, and receivables. The University's cash, cash equivalents, and investments are held by recognized financial institutions. The University deposits its cash with several financial institutions and its deposits, at times, exceed insured amounts. The University requires its investment managers to follow the University's investment policy, and the investment managers are subject to periodic review by the University's investment committee. The University's investments are comprised primarily of a diversified portfolio of marketable equity securities, investment-grade debt and alternative assets. The credit risk with respect to student receivables is considered minimal due primarily to the wide dispersion of the receivables. Of the \$77,336,000 of gross contributions receivable at June 30, 2022, \$57,545,000 is due from ten donors.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(o) Operations

Operating activities in the accompanying consolidated statements of activities include all revenues earned without donor restrictions and all expenses incurred by the University except nonoperating contributions, net return on nonoperating long-term investments underlying board designated endowments, (loss) gain on disposal of assets, and certain nonrecurring activities.

(p) Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(q) Prior Year Summarized Comparative Information

The consolidated financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with the University's financial statements for the year ended June 30, 2021, from which the summarized information was derived.

(r) Recent Accounting Pronouncements

In September 2020, the FASB issued ASU No. 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets, which enhances the presentation and disclosure of contributed nonfinancial assets. It requires contributed nonfinancial assets (including fixed assets, use of facilities or utilities, materials and supplies, intangible assets and services) to be presented in a separate line item on the statement of activities. Additionally, the standard required further disaggregation and qualitative information by type in the footnotes. The new standard is effective for the University on July 1, 2021. The University determined this new standard did not have a significant impact to its consolidated financial statements.

(2) Net Assets

Net assets are reported in two categories based on the existence or absence of donor-imposed restrictions, as follows:

- Net assets without donor restrictions represent net assets that are not subject to donor-imposed restrictions and are available for use in general operations or invested in property, plant and equipment. Net assets without donor restrictions may be designated for specific purposes by action of the board.
- Net assets with donor restrictions represent net assets that are subject to the following donor-imposed restrictions:
 - Net assets with donor restrictions for time and purpose represent net assets with donor-imposed restrictions that will be met either by actions of the University or the passage of time. When restrictions expire or assets are expended according to donor restrictions, net assets are

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

reclassified to net assets without restrictions and are reported in the consolidated statement of activities as net assets released from restrictions.

- Net assets with donor-imposed restrictions in perpetuity represent net assets subject to donor-imposed restrictions that are to be permanently maintained by the University. These consist of assets donated with stipulations that they be invested to provide a permanent source of income. It is the policy of the University to maintain the historic dollar value of these gifts in perpetuity. Generally, donors of these assets permit the University to use all or part of the income earned on related investments for general or specific purposes.

Net assets consisted of the following as of June 30, 2022 (in thousands):

	Without donor restrictions	With donor restrictions	Total net assets
Without donor restrictions:			
Operations, scholarship support, other	\$ 163,249	—	163,249
Invested in property, plant, and equipment	602,207	—	602,207
Board-designated quasi-endowments	250,931	—	250,931
With donor restrictions for time and/or purpose:

Net assets consisted of the following as of June 30, 2021 (in thousands):

	<u>Without donor restrictions</u>	<u>With donor restrictions</u>	<u>Total net assets</u>
Without donor restrictions:			
Operations, scholarship support, other	\$ 146,193	—	146,193
Invested in property, plant, and equipment	438,642	—	438,642
Board-designated quasi-endowments	272,078	—	272,078
With donor restrictions for time and/or purpose:			
Donor-restricted quasi-endowment funds and unappropriated endowment earnings	—	910,261	910,261
Capital construction	—	140,553	140,553
Education and other program support	—	7,668	7,668
Financial aid and student loan program	—	4,799	4,799
Pledges	—	70,576	70,576
Annuity and life income funds	—	5,033	5,033
With donor restrictions in perpetuity:			
Financial aid endowments	—	182,574	182,574
Education and other program support endowments	—	113,146	113,146
Academic chair endowments	—	59,583	59,583
Pledges	—	8,532	8,532
Annuity and life income funds	—	9,717	9,717
	<u>\$ 856,913</u>	<u>1,512,442</u>	<u>2,369,355</u>

(3) Contributions Receivable

Contributions receivable consisted of the following as of June 30, 2022 and 2021 (in thousands):

	<u>2022</u>	<u>2021</u>
Unconditional promises to be collected in:		
Less than one year	\$ 19,144	12,602
One to five years	34,492	41,919
More than five years	23,700	26,110
	<u>77,336</u>	<u>80,631</u>
Less allowance for uncollectible contributions	(8,471)	(7,332)
Less discount to present value	(8,843)	(9,157)
Total contributions receivable	<u>\$ 60,022</u>	<u>64,142</u>

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

The discount rate utilized for purposes of calculating the present value of contributions receivable ranges from 2.0% – 4.5% based on the year the unconditional promise to give is received. The discount rate is determined at the time the unconditional promise to give is initially recognized and is not revised subsequently.

(4) Student and Other Receivables

Student and other receivables consisted of the following as of June 30, 2022 and 2021 (in thousands):

	2022	2021
Government grants	\$ 1,289	1,356
Notes, loans, and other receivables	7,455	6,250
Student receivables	2,138	1,680
Accrued interest receivable	12	16
	10,894	9,302
Less allowance for doubtful accounts	(1,088)	(938)
Total student and other receivables	\$ 9,806	8,364

The University makes uncollateralized loans to students based on financial need. Student loans are funded through federal government loan programs or institutional resources.

At June 30, 2022 and 2021, student loans held by the University included in notes, loans, and other receivables above consisted of the following (in thousands):

	2022	2021
Federal government programs	\$ 2,161	2,806
Institutional programs	13	26
	2,174	2,832
Less allowance for doubtful accounts	(3)	(3)
Total student loans	\$ 2,171	2,829

The University participates in the Federal Perkins Loan Program (the Program). The availability of funds for loans under the Program is dependent on reimbursements to the pool from repayments on outstanding loans. Funds advanced by the federal government of \$2,472,000 at June 30, 2022 and \$3,234,000 at June 30, 2021 are ultimately refundable to the government and are classified as liabilities in the consolidated balance sheet. Outstanding loans canceled under the Program result in a reduction of funds available for loan and a decrease in the liability to the government. At June 30, 2022 and 2021, no material amounts were past due under other student loan programs.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

Allowances for doubtful accounts are established based on prior collection experience and current economic factors, which, in management's judgment, could influence the ability of loan recipients to repay the amounts per the loan terms. Institutional loan balances are written off only when they are deemed to be permanently uncollectible. Amounts due under the Program are guaranteed by the government and, therefore, no reserves are placed on past due balances.

(5) Investments

Investments as of June 30, 2022 and 2021 are summarized as follows (in thousands):

	<u>2022</u>	<u>2021</u>
Pooled cash and cash equivalents	\$ 37,769	47,357
Mutual funds	165,325	190,252

Total investments	\$ 1,290,794	296,412	132,825	12,983	1,733,014

The following methods and assumptions were used to estimate the fair value for each class of financial instrument included in the fair value hierarchy:

Pooled cash and cash equivalents – Pooled cash and cash equivalents consist of cash and cash equivalents held in the investment pool for capital contributions, manager related fees and expenses, and funding of new investments. Inflows to cash and cash equivalents include investment activities from partner distributions, manager redemptions, and income received. Cash and cash equivalents are recorded at fair value using quoted market prices and are classified as Level 1.

Mutual Funds – Mutual funds consist of several distinct funds with varying portfolio compositions and objectives. These investments are traded on an active exchange, are priced using unadjusted market quotes for identical assets, and are classified as Level 1.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

Equity holdings – Investments in equity holdings are measured at fair value using quoted market prices. They are classified as Level 1 and are traded in an active market for which closing stock prices are readily available.

Fixed income holdings – Investments in fixed income holdings include corporate bonds, municipal bonds, and U.S. treasury bonds. Fixed income holdings are classified as Level 2 based on multiple sources of information, which may include market data and/or quoted market prices from either markets that are not active or are for similar assets in active markets.

Real estate – Investments in real estate include commercial and residential property holdings. Real estate investments are classified as Level 2 based on multiple sources of information such as appraisals and market comparables.

Net pending trades – Net pending trades consist of a) purchases made before year-end where the University has transferred cash to the fund manager but is not invested in the underlying fund until the next fiscal year, and b) withdrawals or distributions, where the investment has been sold but cash proceeds have not been received by the University at June 30. Net pending trades are recorded at fair value using quoted market prices and are classified as Level 1.

While the University believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

There were no transfers between Level 1 and Level 2 investments, or between Level 2 and Level 3, for the years ended June 30, 2022 and 2021, for assets classified in the fair value hierarchy.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

The following table presents information for applicable investments regarding their funding commitments, redemption, and restrictions as of June 30, 2022 (in thousands):

	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Commingled funds:				
International equity	\$ 121,951	—	weekly, monthly, n/a	6–10 days
Corporate bonds	11,747	—	monthly	6–7 days
U. S. equities	12,836	8,333	annually, see below	60 days
Hedge funds:				
Equity	34,630	—	monthly, quarterly	10–95 days
Distressed debt	19,681	1,300	monthly, annually, n/a	90 days, n/a, see below
Fund of funds	400,925	—	monthly, annually	90–365 days

Venture capital	359,216	81,374	semi-annually, n/a, see below	120 days, n/a
Beneficial interest in funds held by others	<u>9,797</u>	<u>—</u>	see below	see below
	<u>\$ 1,182,308</u>	<u>190,439</u>		

The University holds investments in private equity, real assets, and venture capital in the amounts of \$121,604,000, \$81,263,000, and \$359,216,000, respectively. The majority of these investments do not allow for periodic redemption, but rather distributions are received through the liquidation of the underlying assets. At June 30, 2022, they had estimated termination dates that range from 2022 to 2033. The University holds \$12,836,000 in commingled U.S. equities funds which have a soft lock expiring in 2026. Additionally, within distressed debt hedge funds the University holds \$8,367,000 in closed-end funds with estimated termination date that range from 2022 to 2024. The University also holds beneficial interest in funds that are managed by others. These funds, per donor restriction, are to be held in perpetuity by the third party and can never be redeemed.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

The following schedule summarizes investment returns during 2022 and 2021, presented in “Net return on operating investments” and “Net return on nonoperating long-term investments” in the consolidated statement of activities (in thousands):

	<u>2022</u>	<u>2021</u>
Interest, dividends and other income	\$ 20,801	16,891
Net realized gains	119,765	34,105
Net unrealized (losses) gains	(210,103)	493,601
Direct management fees and other	<u>(8,273)</u>	<u>(7,971)</u>
Net (loss) return on investments	<u>\$ (77,810)</u>	<u>536,626</u>

(6) Endowment

The University’s endowment consists of approximately 980 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the governing board to function as endowments. Net assets associated with endowment funds, including funds designated by the governing board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

(a) Interpretation of Relevant Law

The University’s governing board has interpreted UPMIFA enacted in the State of California as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the University classifies as net assets with donor restrictions (a) the original value of the gifts donated to the permanent endowment, and (b) the original value of subsequent gifts to the permanent endowment. Together, these amounts become the perpetual value of the funds. Net endowment return on investments that have not been appropriated for expenditure are classified as net assets with donor restrictions for time and/or purpose.

In accordance with UPMIFA, the University considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the University and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the University
7. The investment policies of the University

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(b) Return Objectives and Risk Parameters

The University's governing board has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets to create intergenerational equity. Endowment assets include those assets of donor-restricted funds that the University must hold in perpetuity or for a donor-specified period as well as board-designated funds.

(c) Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the University relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current equities, fixed income, and alternative investments. Targeted asset allocation percentages for each of these components are reviewed periodically throughout the year for potential adjustment of asset mix while evaluating the relative risk of each component.

(d) Spending Policy

Endowment spending is determined using a weighted average calculation of two components. The first component is the prior year spending allocated for each endowment increased by an inflationary factor weighted by 40%. The second component is a 12-quarter rolling market value average times an established spending rate of 4.5% weighted by 60%. The combination of these two calculations is the endowment spending allocation.

(e) Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the University to retain as a fund of perpetual duration. For June 30, 2022, deficiencies of this nature totaling \$387,000 among 38 funds, are reported in net assets without donor restrictions. As of June 30, 2021, there were no deficiencies of this nature.

June 30, 2022

(9) Lease Liabilities

The following information applies to lease liabilities as of June 30, 2022:

On July 1, 2020, the date of adoption of ASC 842, the University had two existing leases. In September 2011, the University entered into a non-cancellable lease for a student residential housing facility. Two members of the University's Board of Trustees and their families have material financial interests in the entities that developed and are leasing the facility to the University. The lease term is for 234 months ending February 2031. At the end of the lease term, the University has two successive options to extend the lease for additional eight-year terms. The gross amount of buildings recorded under this finance lease was \$45,553,000, which is the present value of future lease payments, discounted using the implicit rate of 8%. The net amount recorded as right of use assets under this lease at June 30, 2022 was \$20,246,000. The amortization expense for the lease is calculated on a straight-line basis over the useful life of 234 months included within the University's depreciation and amortization expense. This amount was \$2,336,000 for the year ended June 30, 2022.

In November 2014, the University entered into a noncancelable lease for commercial office building, which was remodeled to be used as office and classroom space. Two members of the University's Board of Trustees and their families have material financial interests in the entities that developed and are leasing the facility to the University. The lease term is for 234 months ending April 2034. At the end of the lease term, the University has two successive options to extend the lease for additional ten-year terms. The gross amount of buildings recorded under this finance lease was \$23,800,000, which is the present value of future lease payments, discounted using the implicit rate of 5%. The net amount recorded as right of use under this lease at June 30, 2022 was \$14,567,000. The amortization expense for this lease is calculated on a straight-line basis over the useful life of 234 months and included within the University's depreciation and amortization expense. This amount was \$1,231,000 for the year ended June 30, 2022. Lease costs associated with these two leases was reported in the statement of activities as interest was \$3,003,000 and depreciation and amortization was \$2,983,000.

As a result of the adoption of ASC 842, the University made the new required lease disclosures for periods after the effective date, and carried forward ASC 840 disclosures for comparative periods.

Under ASC 842, the University has elected to not apply the recognition requirements to leases of less than twelve months. These leases are expensed on a straight-line basis and are not included within the University's lease asset or liability.

This standard does not have material impact on the University's results of operations or cash flows. Payments under the University's lease agreements are fixed for terms ranging from ten to twelve years.

SANTA CLARA UNIVERSITY
Notes to Consolidated Financial Statements
June 30, 2022

Maturities of lease liabilities under non-cancellable leases as of June 30, 2022 are as follows (in thousands):

	Finance leases
Year ending June 30:	
2023	\$ 6,061
2024	6,137
2025	6,217
2026	6,298
2027	6,382
Thereafter	34,984
Total undiscounted lease payments	66,079
Less imputed interest	(18,373)
Total lease liabilities	\$ 47,706

For June 30, 2021 under ASC 840, the University's future minimum capital lease payments for the same two leases were as follows (in thousands):

	Capital leases
Year ending June 30:	
2021	\$ 5,986
2022	6,061
2023	6,137
2024	6,216
2025	6,298
Thereafter	41,364
Total minimum lease payments	72,062
Less amount representing interest	(21,376)
Present value of net minimum capital lease payments	\$ 50,686

(10) Availability of Financial Assets for General Expenditures

Resources available to the University to fund general expenditures, such as operating expenses, scheduled principal and interest payments on bonds and leases, and capital construction costs have seasonal variations related to the timing of tuition payments, receipts of gifts and pledge payments, and transfers from the endowment. The University actively monitors liquidity required to meet general expenditures, while also maximizing the investment of funds in excess of daily requirements utilizing a combination of short and long-term operating investment strategies. In addition, management monitors the

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

timing and availability of its financial assets in order to align cash inflows with anticipated outflows. The University's financial assets are included in cash and cash equivalents, contributions receivable, student and other receivables, investments, and funds held in trust by others. At June 30, 2022 and 2021, existing financial assets and liquidity resources available for general expenditures within one year were as follows (in thousands):

	2022	2021
Financial assets:		
Cash and cash equivalents	\$ 61,822	49,315
Student and other receivables	3,439	3,052
Contributions receivable for operations and capital projects	1,105	5,612
Investments – operating	150,187	104,596
Investments – appropriated endowment spending payout	48,000	42,800
Funds held in trust by others	26	26
Total financial assets available within one year	264,579	205,401
Liquidity resources:		
Bank line of credit	60,000	60,000
Total financial assets and liquid resources available within one year	\$ 324,579	265,401

In addition to financial assets and liquid resources available to meet general expenditures over the next year, the University seeks to operate within a balanced budget and anticipates collecting sufficient revenue to cover general expenditures. Refer to the statements of cash flows, which identified the sources and uses of the University's cash generated by operating activities for the year ending June 30, 2022. As noted in note 8, in September 2022, the University lowered the amount available under the bank line of credit from \$60,000,000 to \$40,000,000.

The University also has board-designated endowments of \$251,318,000 as of June 30, 2022. Although the University does not routinely spend from its board-designated endowment funds other than amounts appropriated for general expenditures, amounts from these endowments could be made available if deemed necessary and approved by the University Board of Trustees. However, both the board-designated and donor-restricted endowment funds contain investments that are subject to market fluctuations and have lock-up provisions that reduce the total that could be made available (see note 5 for disclosures pertaining to investments).

(11) Defined Contribution Plan

The University provides retirement benefits for eligible faculty, staff, and administrative employees through Internal Revenue Code (IRC), Section 401(a) and 403(b) plans. During 2022 and 2021, the University contributed approximately \$19,843,000 and \$8,682,000, respectively, to the defined contribution 401(a) retirement plan on behalf of its faculty, staff, and administrative employees. From September 2020 through June 2021, the rate of defined contributions was reduced as part of the University's containment initiatives implemented due to the COVID-19 pandemic. In October 2021, the University increased the

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

employer contribution equal to 15% of benefit-eligible employees' base compensation through October 15, 2022. The contribution rate will change to 10% effective October 16, 2022. The University does not contribute to the 403(b) plan.

(12) Expenses by Natural and Functional Classification

The University's primary program activity is instruction, academic support and research. Facilities operation and maintenance, interest, and depreciation are allocated among functional classifications based on usage of space, square footage, building costs, and debt proceeds usage. Information technology costs are allocated based on software usage and the overall number of employees in the various functional categories. All other costs are charged directly to the appropriate functional category. Research expenses of \$7,943,000 and \$5,276,000 in 2022 and 2021, respectively, are included in instruction, academic support and research. Expenses associated with fundraising activities of the University were \$14,243,000 and \$12,525,000 in 2022 and 2021, respectively, are included in administrative support.

Expenses by natural and functional classification for the year ended June 30, 2022, were as follows (in thousands):

	Program activities				Supporting activities		Total
	Instruction, academic support and research	Public service	Student services	Auxiliaries	Administrative support	Facilities operation and maintenance	
Academic related salaries and wages	\$ 122,034	852	—	—	—	—	122,886
Nonacademic salaries and wages	—	6,701	27,047	2,381	33,083	7,330	76,542

(13) Income Taxes

The University is recognized by the Internal Revenue Service as an organization exempt from income taxes on related income under Section 501(c)(3) of the Internal Revenue Code and is also exempt under California Revenue and Taxation Code Section 23701d. However, the University is subject to income taxes on any net income that is derived from a trade or business, regularly carried on, and not in furtherance of the purpose for which it is granted exemption. The University receives some unrelated business income. Taxes on such income, if any, are not material to the University's consolidated financial statements.

(14) Related-Party Transactions and Amounts Held on Behalf of Others

The Jesuit Community is a separate entity and provides the University with teaching and administrative services. Compensation paid to the Jesuit Community for those services approximated \$2,180,000 and \$2,621,000 in 2022 and 2021, respectively, which is included in academic related salaries and wages and nonacademic salaries and wages in the accompanying consolidated statement of activities.

As of June 30, 2022, and 2021, \$14,830,000 and \$18,050,000, respectively, of gross contributions receivable are due from members of the Board of Trustees.

In fiscal year 2017 the University received a \$100,000,000 conditional pledge from a member of the University's Board of Trustees to support the construction of The Sobrato Campus for Discovery and Innovation. The first payment of \$25,000,000 was received during the year ended June 30, 2017. The second payment of \$25,000,000 was received during the year ended June 30, 2019. The third payment of \$25,000,000 was received during the year ended June 30, 2020. The fourth payment of \$12,500,000 was received during the year ended June 30, 2021. The last installment of \$12,500,000 was received during the year ended June 30, 2022.

SANTA CLARA UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

During 2006, the University entered into an agreement with the Mission Cemetery, owned by the Jesuit Community, to participate in the University's investment activity by transferring cash into the University's endowment investment portfolio. The Mission Cemetery's investment at fair value is reflected in Amounts Held on Behalf of Others in the University's consolidated balance sheet. The fair value of the investment at June 30, 2022 is \$86,864,000. The University also holds \$1,484,000 in Amounts Held on Behalf of Others for the California Province of the Society of Jesus (CPSJ) Insurance Group of which it is a member and whose administrators are employees of the University. The remaining balance of \$326,000 as of June 30, 2022 in Amounts Held on Behalf of Others is held by the University on behalf of various other outside agencies.

As discussed in note 9, two members of the University's Board of Trustees and their families have material financial interests in the entities that developed and are leasing facilities to the University.

(15) Commitments and Contingencies

As of June 30, 2022, the University has contractual obligations of approximately \$14,723,000 for completion of capital projects under construction. These obligations are expected to be payable over the next one and a half years and will be financed with debt proceeds, unexpended funds, and gifts. The University self-insures unemployment benefits. It is management's opinion that the amount provided in accrued expenses to cover expected claims is adequate.

The University is subject to audits for amounts received under federal government student financial aid awards and research grants from the federal government. Management believes such audits will not result in any material liabilities against the University.

The University is a defendant in various legal actions. While the outcome of these actions is not currently determinable, management is of the opinion that any uninsured liability from such actions will not have a material effect on the University's financial position.

(16) Subsequent Events

The University has evaluated subsequent events from the date of the consolidated statement of financial position through October 25, 2022, the date on which the consolidated financial statements were issued. There are no subsequent events that require disclosure.

(17) Financial Responsibility Standards

The University participates in Federal Title IV student financial assistance programs, which require it to meet standards of financial responsibility based on criteria determined by the U.S. Department of Education (ED), as set forth in 34 CFR 668.171. The criteria for private institutions includes the annual calculation by ED of a financial responsibility composite score, as further outlined in 34 CFR 668.172, using audited financial statements submitted through ED's eZ-Audit system. The composite score has been and will continue to be based on three ratios: Primary Reserve, Equity and Net Income.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The President and Board of Trustees
Santa Clara University:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Santa Clara University (the University), which comprise the University's consolidated balance sheet as of June 30, 2022, and the related consolidated statements of activities, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated October 25, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance Required by the Uniform Guidance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

The President and Board of Trustees
Santa Clara University:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Santa Clara University's (the University) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2022. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not

absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the consolidated financial statements of the University as of and for the year ended June 30, 2022, and have issued our report thereon dated October 25, 2022, which contained an unmodified opinion on those consolidated financial statements. Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

SANTA CLARA UNIVERSITY

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2022

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Santa Clara University and affiliate (the University) and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, for *Audits of States, Local Governments, and Nonprofit Organizations*.

(2) Student Financial Assistance Expenditures

Student financial assistance program expenditures include payments to students and each program's administrative allowance and exclude amounts representing cost sharing or matching. Administrative allowances totaling \$66,395 were claimed in the current year.

(3) Federal Student Loan Programs

The University had the following loan balances outstanding as of June 30, 2022. There were no Federal Perkins Loans expended during the year ended June 30, 2022.

Federal Perkins Loan Program	\$	2,610,842
------------------------------	----	-----------

(4) Indirect Cost Rates

The University has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance. Facilities and administrative costs allocated to awards for the year ended June 30, 2022 were based on predetermined fixed rates up to 37% negotiated with the University's cognizant federal agency, the U.S. Department of Health and Human Services and are included as a component of the expenditures in the Schedule.

SANTA CLARA UNIVERSITY
Schedule of Findings and Questioned Costs
Year ended June 30, 2022
